376.671. PROVISIONS WHICH SHALL BE CONTAINED IN ANNUITY CONTRACTS — INAPPLICABILITY DATE. — 1. This section shall not apply to any reinsurance, group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced, or reversionary annuity, nor to any

contract which shall be delivered outside this state through an agent or other representative of the company issuing the contract.

2. In the case of contracts issued on or after the operative date of this section as defined in subsection 11 of this section, no contract of annuity, except as stated in subsection 1 of this section, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the director are at least as favorable to the contractholder, upon cessation of payment of considerations under the contract:

(1) That upon cessation of payment of considerations under a contract, the company will grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in subsections 4, 5, 6, 7, and 9 of this section;

(2) If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the company will pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in subsections 4, 5, 7, and 9 of this section. The company shall reserve the right to defer the payment of such cash surrender benefit for a period of six months after demand therefor with surrender of the contract;

(3) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits;

(4) A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract or any prior withdrawals from or partial surrenders of the contract. Notwithstanding the requirements of this section, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than twenty dollars monthly, the company may at its option terminate such contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

3. The minimum values as specified in subsections 4, 5, 6, 7, and 9 of this section of any paid-up annuity, cash surrender or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(1) With respect to contracts providing for flexible considerations, the minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payment shall be equal to an accumulation up to such time at a rate of interest of three percent per annum of percentages of the net considerations (as hereinafter defined) paid prior to such time, decreased by the sum of:

(a) Any prior withdrawals from or partial surrenders of the contract accumulated at a rate of interest of three percent per annum; and

(b) The amount of any indebtedness to the company on the contract, including interest due and accrued and increased by any existing additional amounts credited by the company to the contract. The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount not less than zero and shall be equal to the corresponding gross considerations credited to the contract during that contract year less an annual contract charge of thirty dollars and less a collection charge of one dollar and twenty-five cents per consideration credited to the contract during that contract year. The percentages of net considerations shall be sixty-five percent of the net consideration for the first contract year and

eighty-seven and one-half percent of the net considerations for the second and later contract years. Notwithstanding the provisions of the preceding sentence, the percentage shall be sixty-five percent of the portion of the total net consideration for any renewal contract year which exceeds by not more than two times the sum of those portions of the net considerations in all prior contract years for which the percentage was sixty-five percent;

(2) With respect to contracts providing for fixed scheduled considerations, minimum nonforfeiture amounts shall be calculated on the assumption that considerations are paid annually in advance and shall be defined as for contracts with flexible considerations which are paid annually with two exceptions:

(a) The portion of the net consideration for the first contract year to be accumulated shall be the sum of sixty-five percent of the net consideration for the first contract year plus twenty-two and one-half percent of the excess of the net consideration for the first contract year over the lesser of the net considerations for the second and third contract years;

(b) The annual contract charge shall be the lesser of thirty dollars or ten percent of the gross annual consideration;

(3) With respect to contracts providing for a single consideration, minimum nonforfeiture amounts shall be defined as for contracts with flexible considerations except that the percentage of net consideration used to determine the minimum nonforfeiture amount shall be equal to ninety percent, and the net consideration shall be the gross consideration less a contract charge of seventy-five dollars;

(4) Notwithstanding any other provision of this subsection, for any contract issued on or after July 1, 2002, and before July 1, 2006, the interest rate at which net considerations, prior withdrawals, and partial surrenders shall be accumulated, for the purpose of determining minimum nonforfeiture amounts, shall be one and one-half percent per annum.

4. Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

5. For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

6. For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the company to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit.

However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

7. For the purpose of determining the benefits calculated under subsections 5 and 6 of this section, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity date, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

8. Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

9. Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

10. For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of subsections 4, 5, 6, 7, and 9 of this section, additional benefits payable in the event of total and permanent disability, as reversionary annuity or deferred reversionary annuity benefits, or as other policy benefits additional to life insurance, endowment and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

11. After September 28, 1979, any company may file with the director a written notice of its election to comply with the provisions of this section after a specified date before September 28, 1981. After the filing of such notice, then upon such specified date, which shall be the operative date of this section for such company, this section shall become operative with respect to annuity contracts thereafter issued by such company. If a company makes no such election, the operative date of this section for such company shall be September 28, 1981.

12. The provisions of this section shall [expire on] **not apply to any new contract entered into after July 1, 2006.**

[142.821. INDIAN RESERVATION EXEMPTION, HOW ADMINISTERED. — The exemption for motor fuel sold within an Indian reservation or Indian country under section 142.815 shall be administered as follows:

- (1) At the discretion of the director the exemption from taxation set forth in this section shall be administered as set out in either paragraph (a) or (b) of this subdivision. In the event a court of competent jurisdiction should strike down, enjoin, or issue any form of temporary restraining order against either paragraph (a) or (b) of this subdivision, then the remaining paragraph shall immediately become effective and shall be administered by the director. The two alternative methods are as follows:

(a) The tribal member shall apply for a refund with respect to the motor fuel purchased in this state for consumption within Indian country in this state as to which the tax imposed by this chapter has previously been paid and no refund previously issued; or

(b) The director shall determine, by the procedure set out herein, the annual probable demand for motor fuel for consumption by tribal members within Indian country for each ultimate vendor location owned and operated by a federally recognized Indian tribe on Indian country. Tribally owned and operated ultimate vendors shall be permitted a monthly allocation equal to one-twelfth the annual probable demand. No motor fuel shall be removed from a terminal or imported into this state tax free for sale at a tribally owned and operated location except pursuant to this section. The director shall issue exemption certificate coupons equal to the probable demand to each federally recognized tribe which owns and operates an ultimate vendor location in Indian country. The tribally owned and operated ultimate vendor shall transmit the coupons to its distributor who shall grant the ultimate vendor a credit in the amount of the tax exemption equal to the amount which would be due pursuant to section 142.803 absent the coupons. The distributor shall transmit said used coupons up its chain of distribution to the supplier charged with precollection of tax in accordance with this chapter who has granted the same tax exemption to the distributor. The supplier shall then claim the coupons as a credit against the tax liability otherwise owing on motor fuel removed from its terminals;

(2) The probable demand used in the method described in paragraph (b) of subdivision (1) of this section shall be determined in the first instance by the director by multiplying the number of members of the tribe which owns and operates an ultimate vendor location in Indian country who live within the service area of that location by the average per capita motor fuel consumption for residents of this state by a ratio whose numerator is the amount of motor fuel consumed in nonhighway uses (not on state maintained highways) and whose denominator is the amount of that motor fuel consumed in this state;

(3) In determining the number of members of the tribe living within the service area, the director may rely upon information including, but not limited to:

- (a) Verified information voluntarily submitted by the affected tribe;
- (b) Data derived from the most recent U.S. decennial census; and
- (c) Data derived from the U.S. Bureau of Indian Affairs;

(4) The service area of a tribally owned and operated ultimate vendor location shall be presumed to be a radius around the location with a diameter of:

- (a) Ten miles in counties whose population exceeds three hundred fifty thousand; and
- (b) Twenty-five miles in counties whose population does not exceed three hundred fifty thousand. An affected tribe may rebut this presumption by competent evidence in a proceeding to adjust the probable demand determination pursuant to subdivision (7) of this subsection;

(5) In determining the per capita consumption of motor fuel and the ratio of nonhighway use of fuel to that consumed the director may rely upon information including, but not limited to:

(a) Filings with the director regarding total fuels removed from terminals versus the amount used upon highways in this state;

- (b) Fuel consumption reports issued by the Federal Highway Administration; and
- (c) Energy consumption reports issued by the U.S. Energy Information Service;

(6) The director may adjust his determination of probable demand periodically at his discretion, but not less often than upon receipt of a new federal decennial census;

(7) Should any affected federally recognized Indian tribe wish to contest the director's determination of probable demand, it may do so before the administrative hearing commission. At such hearing the tribe shall have the right to submit witnesses and evidence and shall have the burden of proof by a preponderance of the evidence to establish error in the director's determination and by establishing the tribe's own calculation. At the conclusion of such hearing, the administrative law judge shall prepare findings of fact, conclusions of law and an order which shall be subject to any and all rights of appeal enjoyed by the director or any other taxpayers. In

such a hearing the affected tribe may introduce testimony under oath or other competent evidence to establish:

(a) The number of its tribal members living within the service area of a tribally owned and operated ultimate vendor location;

(b) The actual radius of the service area of the location, if different from those distances presumed in subdivision (4) of this section;

(c) Per capita motor fuel consumption of tribal members living within the service area if different from that calculated by the director in accordance with subdivision (5) of this section; or

(d) The ratio of nonhighway to highway use fuels within the service area if different from that calculated by the director under subdivision (5) of this section;

(8) Should the director determine that an affected tribe or its suppliers have been violating or evading its determination of probable demand hereunder or securing or selling untaxed motor fuel to consumers other than members of the affected tribe, the director may, after notice and hearing, cancel the tax exemption coupons granted to the tribe and prohibit removal of tax-free motor fuel from a terminal or import into this state for delivery to the tribally owned and operated ultimate vendor locations. Upon such action, the tribal members must use the method provided in subdivision (1) of this section to obtain refunds, no further coupons shall be provided to the affected tribe, and the suppliers shall not be permitted to claim a credit upon receipt of the coupons.]

[152.032. GRADE CROSSING FUND ESTABLISHED, HOW FUNDED, HOW SPENT. — 1. Fifty percent of all taxes collected by the director of revenue under the provisions of this chapter shall be deposited in the state treasury to the credit of a fund to be known as the "Grade Crossing Fund", which is hereby created and established for the purpose of providing revenues to protect the public against hazards existing at the crossings of public roads, streets, and highways with railroad tracks. Whenever the motor carrier and railroad safety division of the department of economic development, pursuant to section 389.640, RSMo, orders the installation, construction or reconstruction of automatic signals or other safety devices or other safety improvements at crossings at grade of railroads and public roads, highways or streets, the cost thereof, which the division apportions against the state, county, municipality or other public authority in interest, shall be paid out of the grade crossing fund; provided, however, that when any part of such cost can be paid from funds available under any federal or federal aid highway act such part shall not be paid from the grade crossing fund; and provided, further, that no more than ninety percent of the cost of protecting any grade crossing shall be paid out of the grade crossing fund. The motor carrier and railroad safety division of the department of economic development shall, in cooperation with other governmental agencies of the state, determine if any such cost can be paid from funds available under any federal or federal aid highway act. An order of the motor carrier and railroad safety division of the department of economic development for the payment of any such cost from the grade crossing fund shall be authority for the state treasurer to pay out of that fund to the person, firm, or corporation entitled thereto under the division's order the amount so determined to be paid from said fund. However, such payments annually shall not exceed in any one county an amount equal to the distribution as set forth in section 152.050, unless the motor carrier and railroad safety division of the department of economic development makes a specific finding of facts and conclusions of law that a situation highly dangerous to the public does exist.

2. The unexpended balance in the grade crossing fund at the end of each fiscal year shall not revert to the general revenue fund as provided in section 33.080, RSMo, but shall accumulate from year to year.]

5. Any school district requesting an exemption or revision under subsection 4 of this section must notify the certified staff of the district in writing of the district's intent. Prior to granting an exemption or revision, the state board shall consider comments from certified staff of the district. The state board decision shall be final.

In any year in which a penalty is paid, the district shall pay the penalty specified in this subsection in addition to the amount required under this section for the current school year.

7. Any additional transfers from the teachers' or incidental fund to the capital projects fund beyond the transfers authorized by state law and state board policy in effect on January 1, 1996, shall be considered expenditures from the teachers' or incidental fund for the purpose of determining compliance with the provisions of subsections 1, 2 and 3 of this section.

8. The provisions of this section shall not apply to any district wherein the local effort is greater than its weighted average daily attendance multiplied by the state adequacy target multiplied by the dollar value modifier under section 163.031, RSMo.

9. The provisions of subsections 1 to 8 of this section shall not apply to any district that has unrestricted fund balances in the combined incidental and teacher funds on June thirtieth of the preceding year which are equal to or less than seventeen percent of the combined expenditure for the preceding year from these funds in any year in which state funds distributed pursuant to subsections 1 and 2 of section 163.031, RSMo, are no more than ninety-six percent of such state funds distributed in fiscal year 2002.

[173.715. REGIONAL EDUCATION COMPACT.] — The following compact, as amended, is approved and this state is declared to be a party thereto; and agreements, covenants and obligations therein are binding upon the state of Missouri.

THE REGIONAL COMPACT

1. Whereas, the said states desire to enter into a compact with each other providing for the planning and establishment of regional educational facilities;

2. Now, therefore, in consideration of the mutual agreements, covenants and obligations assumed by the respective states who are parties hereto (hereinafter referred as "states"), the said several states do hereby form a geographical district or region consisting of the areas lying within the boundaries of the contracting states which, for the purpose of this compact, shall constitute an area for regional education supported by public funds derived from taxation by the constituent states and derived from other sources for the establishment, acquisition, operation and maintenance of regional educational schools and institutions for the benefit of citizens of the respective states residing within the region so established as may be determined from time to time in accordance with the terms and provisions of this compact.

(1) The states do further hereby establish and create a joint agency which shall be known as the board of control for southern regional education (hereinafter referred to as the "board"), the members of which board shall consist of the governor of each state, ex officio, and four additional citizens of each state to be appointed by the governor thereof, at least one of whom shall be selected from the field of education, and at least one of whom shall be a member of the legislature of that state. The governor shall continue as a member of the board during his tenure of office as governor of the state, but the members of the board appointed by the governor shall hold office for a period of four years except that in the original appointments, one board member so appointed by the governor shall be designated at the time of his appointment to serve an initial term of one year; one board member to serve an initial term of two years; one board member to serve an initial term of three years; and the remaining board member to serve the full term of four years; but thereafter the successor of each appointed board member shall serve the full term of four years. Vacancies on the board caused by death, resignation, refusal or inability to serve, shall be filled by appointment by the governor for the unexpired portion of the term. The officers of the board shall be a chairman, a vice chairman, a secretary, a treasurer, and such additional officers as may be created by the board from time to time. The board shall meet annually and officers shall be elected to hold office until the next annual meeting. The board shall have the right to formulate and establish bylaws not inconsistent with the provisions of this compact to govern its own actions in the performance of the duties delegated to it including the right to create and appoint an executive committee and a finance committee with such powers and authority as the board may delegate to them from time to time. The board may, within its discretion, elect as its chairman a person who is not a member of the board, provided such person resides within a signatory state, and upon such election such person shall become a member of the board with all the rights and privileges of such membership.

(2) It shall be the duty of the board to submit plans and recommendations to the states from time to time for their approval and adoption by appropriate legislative action for the development, establishment, acquisition, operation and maintenance of educational schools and institutions within the geographical limits of the regional area of the states, of such character and type and for such educational purposes, professional, technological, scientific, literary, or otherwise, as they may deem and determine to be proper, necessary or advisable. Title to all such educational institutions when so established by appropriate legislative actions of the states and to all properties and facilities used in connection therewith shall be vested in said board as the agency of and for the use and benefit of the said states and the citizens thereof, and all such educational institutions shall be operated, maintained and financed in the manner herein set out, subject to any provisions or limitations which may be contained in the legislative acts of the states authorizing the creation, establishment and operation of such educational institutions.

(3) In addition to the power and authority heretofore granted, the board shall have the power to enter into such agreements or arrangements with any of the states and with educational institutions or agencies, as may be required in the judgment of the board, to provide adequate services and facilities for graduate, professional and technical education for the benefit of the citizens of the respective states residing within the region, and such additional and general power and authority as may be vested in the board from time to time by legislative enactment of the said states.

(4) Any two or more states who are parties of this compact shall have the right to enter into supplemental agreements providing for the establishment, financing and operation of regional educational institutions for the benefit of citizens residing within an area which constitutes a portion of the general region herein created, such institutions to be financed exclusively by such states and to be controlled exclusively by the members of the board representing such states provided such agreement is submitted to and approved by the board prior to the establishment of such institutions.

(5) Each state agrees that, when authorized by the legislature, it will from time to time make available and pay over to said board such funds as may be required for the establishment, acquisition, operation and maintenance of such regional educational institutions as may be authorized by the states under the terms of this compact, the contribution of each state at all times to be in the proportion that its population bears to the total combined population of the states who are parties hereto as shown from time to time by the most recent official published report of the Bureau of Census of the United States of America; or upon such other basis as may be agreed upon.

(6) This compact shall not take effect or be binding upon any state unless and until it shall be approved by proper legislative action of as many as six or more of the states whose governors have subscribed hereto within a period of eighteen months from the date hereof. When and if six or more states shall have given legislative approval to this compact within said eighteen months' period, it shall be and become binding upon such six or more states sixty days after the date of legislative approval by the sixth state and the governors of such six or more states shall forthwith name the members of the board from their states as hereinabove set out, and the board shall then meet on call of the governor of any state approving this compact, at which time the board shall elect officers, adopt bylaws, appoint committees and otherwise fully organize. Other states whose names are subscribed hereto shall thereafter become parties hereto upon approval of this compact by legislative action within two years from the date hereof, upon such conditions as may be agreed upon at the time. Provided, however, that with respect to any state whose constitution may require amendment in order to permit legislative approval of the compact, such state or states shall become parties hereto upon approval of this compact by legislative action within seven years from the date hereof, upon such conditions as may be agreed upon at the time.

(7) After becoming effective this compact shall thereafter continue without limitation of time provided, however, that it may be terminated at any time by unanimous action of the states and provided further that any state may withdraw from this compact if such withdrawal is approved by its legislature, such withdrawal to become effective two years after written notice thereof to the board accompanied by a certified copy of the requisite legislative action, but such withdrawal shall not relieve the withdrawing state from its obligations hereunder accruing up to the effective date of such withdrawal. Any state so withdrawing shall ipso facto cease to have any claim to or ownership of any of the property held or vested in the board or to any of the funds of the board held under the terms of this compact.

(8) If any state shall at any time become in default in the performance of any of its obligations assumed herein or with respect to any obligation imposed upon said state as authorized by and in compliance with the terms and provisions of this compact, all rights, privileges and benefits of such defaulting state, its members on the board and its citizens shall ipso facto be and become suspended from and after the date of such default. Unless such default

shall be remedied and made good within a period of one year immediately following the date of such default this compact may be terminated with respect to such defaulting state by an affirmative vote of three-fourths of the members of the board (exclusive of the members representing the state in default), from and after which time such state shall cease to be a party to this compact and shall have no further claim to or ownership of any of the property held by or vested in the board or to any of the funds of the board held under the terms of this compact, but such termination shall in no manner release such defaulting state from any accrued obligation or otherwise affect this compact or the rights, duties, privileges or obligations of the remaining states thereunder.

3. In witness whereof this compact has been approved and signed by governors of the several states, subject, to the approval of their respective legislatures in the manner hereinabove set out, as of the eighth day of February, 1948.]

10. The department of health and senior services shall issue service licenses for a period of no more than five years for each service meeting the established rules.

11. Application for a stretcher van license shall be made upon such forms as prescribed by the department in rules adopted pursuant to sections 190.525 to 190.537. The application form shall contain such information as the department deems necessary to make a determination as to whether the stretcher van agency meets all the requirements of sections 190.525 to 190.537 and rules promulgated pursuant to sections 190.525 to 190.537. The department shall conduct an inspection of the stretcher van service to verify compliance with the licensure standards of sections 190.525 to 190.537.

12. Upon the sale or transfer of any stretcher van service ownership, the owner of the stretcher van service shall notify the department of the change in ownership within thirty days prior to the sale or transfer. The department shall conduct an inspection of the stretcher van service to verify compliance with the licensure standards of sections 190.525 to 190.537.

13. Ambulance services licensed pursuant to this chapter or any rules promulgated by the department of health and senior services pursuant to this chapter may provide stretcher van and wheelchair transportation services pursuant to sections 190.525 to 190.537.

14. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the

grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

Establishes procedures for asserting a mechanic's lien against certain residential real property

AN ACT to amend chapter 429, RSMo, by adding thereto one new section relating to mechanic's liens, with penalty provisions.

SECTION

- A. Enacting clause.
- 429.016. Residential real property — recording required, procedure — failure to record, effect of — -form of notice — separate notice required, when — release of lien, procedure — waiver, when.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Chapter 429, RSMo, is amended by adding thereto one new section, to be known as section 429.016, to read as follows:

429.016. RESIDENTIAL REAL PROPERTY — RECORDING REQUIRED, PROCEDURE — FAILURE TO RECORD, EFFECT OF — -FORM OF NOTICE — SEPARATE NOTICE REQUIRED, WHEN — RELEASE OF LIEN, PROCEDURE — WAIVER, WHEN. — 1. The provisions of this section shall only apply to mechanic's liens asserted against residential real property, other than mechanic's liens for the repair, remodeling, or addition to owner-occupied residential property of four units or less which are governed by section 429.013 and other applicable sections of this chapter.

2. As used in this section, the term "residential real property" means any parcel of real estate, improved or unimproved, that is intended to be used or is used for the construction of residential structures and related improvements which support the residential use of the land where such residential structures are intended, upon completion, either to be occupied or sold by the current owner. Such residential

structures shall include any residential dwelling of four units or less, whether or not a unit is occupied by an owner and shall also include any structures consisting solely of residential condominiums, townhouses or cooperatives regardless of the number of units. The definition of "residential real estate" shall exclude any mixed use or planned unit developments except to the extent that any residential uses of such developments are, or will be, located on separate, identifiable parcels from the non-residential uses and then only as to those residential uses. Residential real property shall also include any streets, sidewalks, utility services, improved common areas, or other facilities which are constructed within the defined residential use structures or located on or within the separate and identifiable parcels identified as for residential use.

3. Any person or entity, hereinafter referred to as claimant, who seeks to retain the right to assert a mechanic's lien against residential real property, hereinafter referred to as property, shall record a notice of rights in the office of the recorder of deeds for the county in which the property is located, not less than five calendar days prior to the intended date of closing stated in a notice of intended sale as contemplated in this section.

4. Notwithstanding subsection 3 of this section, a claimant that is accurately identified in any previously recorded notice of rights recorded as to the property is relieved of its duty to record a notice of rights.

5. If the last day to record the notice of rights falls on a Saturday, Sunday, or legal holiday recognized by the state of Missouri, the notice of rights shall be recorded not later than the next day that the office of the recorder of deeds is open for business.

6. Any claimant that fails to record such notice of rights shall be deemed to waive and forfeit any right to assert a mechanic's lien against such property. Despite any such waiver and forfeiture of mechanic's lien rights, the claimant shall retain all other rights and remedies allowed by law to collect payment for its work, labor, and materials.

7. Notwithstanding any other provision of this section, a notice of rights recorded after the owner's conveyance of the property to a bona fide purchaser for value shall not be effective to preserve the claimant's mechanic's lien rights to the property.

8. The notice of rights shall comply with section 59.310 and be on a form substantially as follows:

NOTICE OF RIGHTS

Date: The date of the document.

Owner: Identify Property owner, as "Grantor" by correct name.

Claimant: Identify Claimant, as "Grantee" by correct name, current address, contact persons, and current telephone number.

Property: The legal description of the property.

Person Contracting with Claimant for Work: Identify person or entity contracting with Claimant by correct name, current address, and current telephone number.

Persons performing work for or supplying materials to Claimant: Claimant may, but is not obligated to, identify any persons or entities which have or will be performing work or supplying materials on behalf of Claimant for the Property. Said persons or entities must be identified by correct legal name, address, and current telephone number.

A recorded notice correctly identifies a person or entity so long as the identifying information in the notice is neither deceptively similar to another person or entity reasonably likely to provide labor, materials, supplies, or equipment for the improvement of property nor so deficient in information as to make it unreasonably difficult to identify such person or entity. The form shall be signed by a person authorized to execute the form on behalf of the claimant, and such signature shall be notarized. The name of the person signing the form shall be printed legibly or typed immediately below the signature.

9. The notice of rights shall be recorded by the claimant in the office of the recorder of deeds of the county in which the property is located.

10. The recorder of deeds shall record such notice of rights in the land records and index notice of rights such that owners shall be deemed grantors and claimants shall be deemed grantees, and the grantor's signature shall not be required for recording.

11. (1) If the record title owner of residential real property, hereinafter the owner, has contracted with a claimant for the performance or provision of work, labor, or materials for the improvement of such property in order to facilitate the owner's sale of such property to a bona fide purchaser for value as contemplated in this section, then the owner or such owner's designated agent, shall record a notice of intended sale in the office of the recorder of deeds for the county in which the property is located. The notice of intended sale shall be recorded not less than forty-five calendar days prior to the earliest calendar date the owner intends to close on the sale of such property to such purchaser. The notice of intended sale shall state the calendar date on which the owner intends to close on the sale of such property to such purchaser. Only one notice of intended sale shall be recorded, even if the intended date of closing stated therein is postponed to a date later than that stated in the notice of intended sale. The owner's, or its designated agent's, recording of a notice of intended sale as to the subject property, as contemplated herein, is a condition precedent to a claimant's obligation to record a notice of rights as to the subject property in order to retain a claimant's mechanics lien rights as to such property.

(2) The owner, or its designated agent, shall post on the subject property, or at an entrance to the subject property, or at any jobsite office located at or near the subject property, a copy of the owner's notice of intended sale.

(3) The owner, or its designated agent, shall provide any claimant with a copy of the notice of intended sale and a copy of a legal description of the subject property, within five calendar days after the date the owner, or its designated agent, receives a written request for the same from any such claimant. The information contemplated herein shall be transmitted by U.S. mail addressed to the claimant's registered agent or principal place of business or transmitted by other commercially reasonable means. A claimant shall, in turn, provide any person or entity with which it has contracted to perform or provide work, labor, or materials for the improvement of the subject property, with written notice in the same form and manner, and containing the same information, as the written notice issued by the owner, all within ten calendar days after the date the claimant receives a written request for the same from any such person or entity.

(4) If any owner, or its designated agent, fails to comply with the requirements of this section, a claimant shall be entitled to receive, as its sole and exclusive remedy for such failure to comply with the section, the claimant's actual and reasonable costs, excluding attorney fees, to obtain a legal description of the subject property necessary for the claimant to record its notice of rights. The costs described in this section shall be lienable expenses. The owner's, or its designated agent's failure to post or mail or transmit the information contemplated in this section, shall not relieve, and is not a condition precedent to, a claimant's obligation to record its notice of right in order to retain claimant's mechanic lien rights as to such property.

(5) The owner, or its designated agent, shall not be liable to any claimant, or other person, for any error, omission, or inaccuracy in the content of the information provided and disclosed by the owner, or its designated agent, except as otherwise expressly provided in this section. If a claimant receives a copy of the notice of intended sale and a legal description of the subject property from the owner, or its designated agent as contemplated in this section and the claimant relies in good faith upon the legal description and includes such legal description in a notice of rights as required in this section, and the claimant's notice of rights otherwise complies with the requirements of this section, then any such claimant's notice of rights shall be deemed to comply with the

requirements of this section, and such claimant's right to assert a mechanic's lien as to the subject residential real property shall be retained even if subsequently it is determined that such legal description is in error or inaccurate as to the subject residential real property.

12. The recording of a notice of rights shall not extend the time for filing a mechanic's lien as provided under section 429.080.

13. A separate notice of rights shall be recorded for each lot or parcel of residential real property upon which the claimant performs its work. Nothing herein shall be construed to prohibit the claimant from providing a notice of rights covering multiple lots in the same subdivision if common ownership of lots exists. If the claimant commences its work prior to the platting or subdivision of a tract of land comprising residential real property, the claimant is only required to record one notice of rights provided that the entire tract of land upon which any such lien is to be asserted is described in such notice of rights.

14. The claimant shall not be required to provide the notice required under section 429.100, but compliance with the requirements of this section shall not relieve the claimant of its duty to comply with all other applicable sections of this chapter, except as specifically modified herein, in order to preserve, assert, and enforce its mechanic's lien rights.

15. For purposes of any mechanic's liens against residential real property only, a claimant satisfies the just and true account requirement contained in section 429.080 by providing the following information and documentation as part of its mechanic's lien claim filed with the clerk of the circuit court:

(1) A photocopy of the file-stamped notice of rights and any renewals of notice of rights recorded by or identifying claimant;

(2) The name and address of the person or entity which claimant contracted with to perform work on the property;

(3) A copy of any contract or contracts, purchase order or orders, or proposal or proposals, hereinafter collectively referred to as agreements, and any agreed change orders or modifications to such agreement or agreements under which claimant performed its work on the property;

(4) In the absence of any written agreement or agreements, a general description of the scope of work agreed to be performed by claimant on the property and the basis for payment for such work as agreed to by claimant and the contracting party;

(5) All invoices submitted by claimant for its work on the property;

(6) An accurate statement of account which shows all payments or credits against amounts otherwise due to claimant for the work performed on the property and the calculation or basis for the amount claimed by claimant in its mechanic's lien statement; and

(7) The last date that claimant performed any work or labor upon, or provided any materials or equipment to, the property;

(8) The claimant shall attach a file-stamped copy of his or her notice of rights to claimant's mechanic's lien statement if and when filed with the circuit clerk under section 429.080.

16. To the extent that any error in the information contained in the claimant's notice of rights prejudices the owner, any lender, disbursing company, title insurance company, or subsequent purchaser of the property, the claimant's rights to assert a mechanic's lien shall be forfeited to the extent of the prejudice caused by such error.

17. A person having an interest in any residential real property against which a mechanic's lien has been filed may release such residential real property from any such mechanic's lien by:

(1) Depositing in the office of the circuit clerk a sum of money, in cash or certified check, an irrevocable letter of credit, which may be secured, issued by a federally or state chartered bank, savings and loan association or savings bank, referred to hereafter as a

bank, authorized to and doing business in the state of Missouri, or a surety bond issued by a surety company authorized to do surety business in the state of Missouri and having a certificate of authority to do business with the United States government in accordance with 31 CFR Section 223.1, in an amount not less than one hundred fifty percent of the amount of the mechanic's lien being released; and

(2) Recording with the recorder of deeds and filing with the circuit clerk a certificate of deposit signed by the circuit clerk which provides the following information:

(a) Amount of money deposited, amount of the letter of credit deposited, or penal sum of the bond deposited, along with the name and address of the bank issuing the letter of credit or surety company issuing the bond, as well as a service address for the bank or surety company;

(b) Name of claimant, number assigned to the mechanic's lien being released, and the amount of the mechanic's lien being released;

(c) Legal description of the property against which the mechanic's lien was filed;

(d) Name, address, and property interest of the person making the deposit of money, providing the letter of credit or providing the surety bond; and

(e) A certification by the person making the deposit of money, providing the letter of credit, or providing the surety bond that they have mailed a copy of the certificate of deposit to the claimant at the address listed on the mechanic's lien being released, along with a copy of any letter of credit or bond deposited by said person.

18. Any surety bond deposited as substitute collateral shall obligate the surety company, to the extent of the penal sum of the bond, to pay any judgment entered under section 429.210.

19. Any letter of credit deposited as substitute collateral shall obligate the issuing bank, to the extent of the amount of the letter of credit, to pay any judgment entered under section 429.210.

20. Upon release of the residential real property from a mechanic's lien by the deposit of substitute collateral, the claimant's rights are transferred from the residential real property to the substitute collateral.

21. Upon determination of the amount of claimant's claim, if any, against the substitute collateral, the court shall either:

(1) Order the circuit clerk to pay the claimant any sums awarded out of the deposited funds and release any remainder to the person or entity who made the cash deposit;

(2) Order the bank to issue payment under the letter of credit for the awarded amount but not exceeding the amount of the letter of credit;

(3) Render judgment against the surety company on the bond for the amount awarded up to but not exceeding the penal sum of the bond; or

(4) Release the substitute collateral

all as deemed appropriate by the court.

22. The deposit of substitute collateral and release of claimant's mechanic's lien shall not modify any aspect of the priority of claimant's interest, claimant's burden of proving compliance with the mechanic's lien statutes, or claimant's obligations with respect to enforcement of its mechanic's lien claim, including, but not limited to, time for filing suit to enforce and necessary parties to the suit to enforce. It is the intent only that the deposited substitute collateral shall be the ultimate source of any potential recovery by claimant instead of the funds generated by foreclosure of the residential real property.

23. A release of a mechanic's lien under the deposit of substitute collateral shall not relieve any claimant of potential liability for slander of title or otherwise due to the filing of claimant's mechanic's lien.

24. The surety company for any bond or the bank which issued the letter of credit deposited under this section shall be made a party to any mechanic's lien enforcement

action with respect to any mechanic's lien released by the deposit of said bond or letter of credit.

25. Any claimant may waive its right to assert a mechanic's lien against residential real property by executing a partial or full waiver of mechanic's lien rights, whether conditioned upon receipt of payment or unconditional, provided that a waiver of mechanic's lien rights shall not be deemed or interpreted to waive or release mechanic's lien rights in exchange for a payment of less than the amount claimed due at that time unless such mechanic's lien waiver is an unconditional, final mechanic's lien waiver in compliance with this section.

26. An unconditional, final lien waiver is a complete and absolute waiver of any mechanic's lien rights against the residential real property described in the mechanic's lien waiver, including any rights which might otherwise arise from remedial or additional labor, services, or materials provided to the residential real property, or which might benefit the residential real property, under either an initial agreement or a supplemental agreement entered into by the same parties prior to the execution of the unconditional, final mechanic's lien waiver.

27. An unconditional, final mechanic's lien waiver shall only be valid if it is on a form that is substantially as follows:

UNCONDITIONAL FINAL LIEN WAIVER FOR RESIDENTIAL REAL PROPERTY

Claimant (provide legal name and address of Claimant) hereby fully, finally, and unconditionally waives and releases any right to assert or enforce a mechanic's lien claim against the residential real property identified below for all work performed by Claimant prior to the date set forth below and for any work hereafter performed by or on behalf of Claimant under any agreements executed by Claimant prior to said date set forth below:

(Provide legal description of the Property)

Claimant's legal name and the name, title or position, address, and telephone number of the person executing the unconditional final lien waiver on behalf of claimant shall be typed or legibly printed immediately above or below the signature, and the date that the document was signed shall be typed or legibly printed immediately adjacent to the signature.

28. A claimant executing an unconditional, final mechanic's lien waiver for less than full consideration shall be bound by such mechanic's lien waiver as it relates to any rights to assert a mechanic's lien against the property, but such mechanic's lien waiver shall not constitute a waiver or release of any other claim, remedy, or cause of action.

29. An unconditional, final mechanic's lien waiver meeting the requirements of this section is valid and enforceable as to claimant's mechanic's lien rights as to the property identified on the unconditional, final mechanic's lien waiver notwithstanding claimant's failure to receive any promised payment or other consideration.

30. Any claimant who has recorded a notice of rights and who has been paid in full for the work performed on the property shall timely execute an unconditional, final mechanic's lien waiver, shall not unreasonably withhold such a waiver when circumstances require prompt execution, and in no event shall fail to provide a waiver any later than five calendar days after claimant's receipt of a written request to do so by any person or entity. A claimant who fails or refuses timely to execute an unconditional, final lien waiver when such claimant has been paid in full for any labor, materials, services, or equipment supplied or used in the improvement to the property shall be presumed liable

for slander of title and for any damages sustained as a result thereof, together with a statutory penalty of five hundred dollars.

31. The provisions of this section shall apply to any residential real property conveyance closing on or after November 1, 2010.

Changes the laws regarding joint central fire and emergency dispatching services taxes

AN ACT to repeal sections 321.243 and 650.399, RSMo, and to enact in lieu thereof two new sections relating to taxes for joint central fire and emergency dispatching services.

SECTION

- A. Enacting clause.
- 321.243. Tax authorized for dispatching center and equipment and services in a certain county — requirements — funds, payment from — board of directors, members, qualifications — St. Charles County, special board, powers — Jefferson County, tax authorized.
- 650.399. Tax levied, vote required, ballot language — effective date — fund created, use of moneys.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Sections 321.243 and 650.399, RSMo, are repealed and two new sections enacted in lieu thereof, to be known as sections 321.243 and 650.399, to read as follows:

321.243. TAX AUTHORIZED FOR DISPATCHING CENTER AND EQUIPMENT AND SERVICES IN A CERTAIN COUNTY — REQUIREMENTS — FUNDS, PAYMENT FROM — BOARD OF DIRECTORS, MEMBERS, QUALIFICATIONS — ST. CHARLES COUNTY, SPECIAL BOARD, POWERS — JEFFERSON COUNTY, TAX AUTHORIZED. — 1. Notwithstanding any other provision of law to the contrary, an additional tax of not to exceed three cents per one hundred dollars of assessed valuation may be levied and collected by any city, town, village, county, or fire protection district, or a central fire and emergency services board established in subsection 4 of this section. All the funds derived from such tax, **including any existing surplus funds**, shall be used [solely] for the purpose of establishing and providing a joint central fire and emergency dispatching service[, and, in any county with a charter form of government and with more than one million inhabitants,] **and** for expenditures for equipment and services, except for salaries, wages, and benefits, by cities, towns, villages, counties, or fire protection districts which contract with such joint central fire and emergency dispatching service.

2. The additional tax prescribed by this section shall be levied only when the governing body of the city, town, village, county, fire protection district, or central fire and emergency services board determines that a central fire and emergency dispatching center will meet the minimum requirements set by section 321.245, and, except where a central fire and emergency services board is established in accordance with subsection 4 of this section, when the governing body has entered into a contract with the center for fire and emergency dispatching services. The funds from the tax shall be kept separate and apart from all other funds of the city, town, village, county, fire protection district, or central fire and emergency services board and shall be paid out only on order of the governing body. Except as provided in subsection 4 of this section, all funds

received by such center, and all operations of such center shall be governed and controlled by a board of directors consisting of one member from each such agency using the joint central fire and emergency dispatching service. Except as otherwise provided in subsection 4 of this section, in any county, city, town, or village, where a tax-supported fire protection district is provided emergency dispatching services by any form of joint communication organization or emergency dispatching center, receiving directly or indirectly any funds so levied and collected as provided in this section including any funds or tariffs paid by telephone subscribers for 911 emergency service, such joint communication organization, however organized, shall be governed by a board of directors, and the board of directors shall consist in part of one member appointed by each county, city, town, village or tax-supported fire protection district, so served. The members shall be an elected official of a fire protection district, ambulance district or city council appointed by each such agency to serve for a one-year term or until a successor is duly appointed.

3. In addition to the tax prescribed by subsections 1 and 2 of this section, an additional tax of not to exceed two cents per one hundred dollars of assessed valuation which has been approved by the voters may be levied and collected by any city, town, village, county, or fire protection district, or a central fire and emergency services board established in subsection 4 of this section of a county of the first classification with a charter form of government which has a population between two hundred thousand and five hundred thousand inhabitants, but all of the funds derived from such tax shall be used solely for the purpose of establishing and providing a joint central fire and emergency dispatching service.

4. A central fire and emergency services board shall be established in any county of the first classification with a charter form of government which has a population between two hundred thousand and five hundred thousand inhabitants in the manner prescribed in this subsection. The board shall have all powers and duties prescribed in this section and section 321.245 to establish and provide a joint central fire and emergency dispatching service. The initial board shall be established at the April, 1996, election. The election authority shall be ordered to conduct such election, which shall be conducted as a nonpartisan election. The board shall consist of one member elected from each county council district. All board members shall serve for four-year terms, except that of the initial members elected, the members elected from odd-numbered county council districts shall serve for terms of two years and the members elected from even-numbered county council districts shall serve for terms of four years. Each member shall be a resident of the county council district from which the member is elected. No person who is a paid employee of any fire protection district, ambulance district, joint central fire and emergency dispatch board, or a paid employee of a fire or ambulance department of a municipality shall be elected to the joint central fire and emergency dispatch board. At such election, the election authority of the county shall submit to the qualified voters of the county a proposal for the board to levy and collect the taxes prescribed in this section, and such tax shall be conditioned on the replacement of the tax levied in such county by the county under this section with the new tax levied by the board. A portion of the funds derived from the tax levied pursuant to this subsection shall be used to reimburse the county for the cost of the election held in April, 1996, and any subsequent elections that are necessary for the operation of the board and the board's duties. In addition, if such a tax is approved, any funds remaining in the separate fund kept by the county, as required by subsection 2 of this section, and any property and equipment purchased with moneys in such separate fund held by the county shall be transferred to the fund maintained by the board for the same purpose. The board shall abide by section 50.660, RSMo, in the letting of contracts. The board shall be audited by the state auditor pursuant to section 29.230, RSMo. Except as otherwise provided in this subsection, the board shall meet as established in the bylaws. Any other meeting may be called by four of the seven members voting in favor of having an additional meeting.

5. Any fire protection district in any county with a charter form of government and with more than one hundred ninety-eight thousand but fewer than one hundred ninety-nine thousand two hundred inhabitants that has levied any tax under this section and has

levied and imposed any communications tax for central fire and emergency dispatching services may submit a proposal to the voters of the fire protection district to use the revenue derived from the tax imposed under this section for general revenue purposes. No revenues derived from any such tax imposed under this section shall be used for any purpose other than the stated purpose unless and until such proposal to use the revenue for general revenue purposes has been submitted to and approved by the voters of the fire protection district in the same manner as other proposals are submitted to and approved by the voters of the fire protection district.

650.399. TAX LEVIED, VOTE REQUIRED, BALLOT LANGUAGE — EFFECTIVE DATE — FUND CREATED, USE OF MONEYS. — 1. The board of commissioners may, by a majority vote of its members, request that the governing body of the county submit to the qualified voters of such county at a general, primary or special election either of the questions contained in subsection 2 of this section. The governing body may approve or deny such request. The governing body may also vote to submit such question without a request of the board of commissioners. The county election official shall give legal notice of the election pursuant to chapter 115, RSMo.

2. The questions shall be put in substantially the following form:

(1) "Shall (name of county) establish an emergency communications system fund to establish (and/or) maintain an emergency communications system, and for which the county shall levy a tax of (insert exact amount, not to exceed six cents) per each one hundred dollars assessed valuation therefor, to be paid into the fund for that purpose?"

☐ YES

☐ NO; or

(2) "Shall (name of county) establish an emergency communications system fund to establish (and/or) maintain an emergency communications system, and for which the county shall levy a sales tax of (insert exact amount, not to exceed one-tenth of one percent), to be paid into the fund for that purpose?"

☐ YES

☐ NO

3. The election shall be conducted and vote canvassed in the same manner as other county elections. If the majority of the qualified voters voting thereon vote in favor of such tax, then the county shall levy such tax in the specified amount, beginning in the tax year immediately following its approval. The tax so levied shall be collected along with other county taxes in the manner provided by law. If the majority of the qualified voters voting thereon vote against such tax, then such tax shall not be imposed unless such tax is resubmitted to the voters and a majority of the qualified voters voting thereon approve such tax.

4. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question authorizing a sales tax, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. Any sales tax levied under this section shall apply to all retail sales made within the county which are subject to sales tax under chapter 144, except sales of food as defined in section 144.014. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question authorizing the sales tax, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question, but no question shall be resubmitted under this section sooner than twelve months from the date of the last question submitted to and opposed by the voters under this section.

5. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

6. All revenue collected under this section by the director of the department of revenue on behalf of any county, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust

fund, which is hereby created and shall be known as the "County Emergency Communications Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such county. Any funds in the special fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the fund during the preceding month by distributing the sum due the county as certified by the director of revenue to the county treasurer, or such other officer as may be designated by the county ordinance or order, of each county imposing the tax authorized by this section.

7. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director shall remit the balance in the account to the county and close the account of that county. The director shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

Exempts certain students who are dependents of recently retired military personnel from the three-year attendance at a state school requirement for eligibility for a grant under the A+ Schools Program

AN ACT to repeal section 160.545, RSMo, and to enact in lieu thereof one new section relating to the A+ schools program.

SECTION

A. Enacting clause.

160.545. A+ school program established — purpose — rules — variable fund match requirement — waiver of rules and regulations, requirement — reimbursement for higher education costs for students — evaluation — reimbursement for two-year schools.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 160.545, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 160.545, to read as follows:

160.545. A+ SCHOOL PROGRAM ESTABLISHED — PURPOSE — RULES — VARIABLE FUND MATCH REQUIREMENT — WAIVER OF RULES AND REGULATIONS, REQUIREMENT — REIMBURSEMENT FOR HIGHER EDUCATION COSTS FOR STUDENTS — EVALUATION — REIMBURSEMENT FOR TWO-YEAR SCHOOLS. — 1. There is hereby established within the department of elementary and secondary education the "A+ Schools Program" to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

- (1) All students be graduated from school;
- (2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and
- (3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

- (1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and

- (2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

- (3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and

- (4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

- (5) Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

4. By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

5. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present

a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092, RSMo, and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

6. For any school year, grants authorized by subsections 1 to 3 of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection 7 of this section.

7. The commissioner of education shall, by rule and regulation of the state board of education and with the advice of the coordinating board for higher education, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection 9 of this section for any two-year private vocational or technical school for any student:

(1) Who has attended a public high school in the state for at least three years immediately prior to graduation that meets the requirements of subsection 2 of this section, except that students who are active duty military dependents, **and students who are dependants of retired military who relocate to Missouri within one year of the date of the parents retirement from active duty**, who, in the school year immediately preceding graduation, meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the three-year attendance requirement of this subdivision; and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school as determined by rule of the state board of education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of said board.

8. The commissioner of education shall develop a procedure for evaluating the effectiveness of the program described in this section. Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

9. For a two-year private vocational or technical school to obtain reimbursements under subsection 7 of this section, the following requirements shall be satisfied:

(1) Such two-year private vocational or technical school shall be a member of the North Central Association and be accredited by the Higher Learning Commission as of July 1, 2008, and maintain such accreditation;

(2) Such two-year private vocational or technical school shall be designated as a 501(c)(3) nonprofit organization under the Internal Revenue Code of 1986, as amended;

(3) No two-year private vocational or technical school shall receive tuition reimbursements in excess of the tuition rate charged by a public community college for course work offered by the private vocational or technical school within the service area of such college; and

(4) The reimbursements provided to any two-year private vocational or technical school shall not violate the provisions of article IX, section 8, or article I, section 7, of the Missouri Constitution or the first amendment of the United States Constitution.

(1) For a proposed new motor vehicle dealer or a new motor vehicle dealer who plans to **locate or** relocate his or her place of business in a county having a population which is greater than one hundred thousand, the area within a radius of [six] **eight** miles of the intended site of the proposed or relocated dealer. The [six-mile] **eight-mile** distance shall be determined by measuring the distance between the nearest surveyed boundary of the existing new motor vehicle dealer's principal place of business and the nearest surveyed boundary line of the proposed or relocated new motor vehicle dealer's principal place of business; or

(2) For a proposed new motor vehicle dealer or a new motor vehicle dealer who plans to **locate or** relocate his or her place of business in a county having a population which is not greater than one hundred thousand, the area within a radius of [ten] **fifteen** miles of the intended site of the proposed or relocated dealer[, or the county line, whichever is closer to the intended site]. The [ten-mile] **fifteen-mile** distance shall be determined by measuring the distance between the nearest surveyed boundary line of the existing new motor vehicle dealer's principal place of business and the nearest surveyed boundary line of the proposed or relocated new motor vehicle dealer's principal place of business.

2. As used in this section, "relocate" and "relocation" shall not include the relocation of a new motor vehicle dealer within two miles of its established place of business.

3. Before a franchisor enters into a franchise establishing **an additional franchise, reopening a previously existing franchise**, or relocating [a new motor vehicle dealer] **an existing franchise** within a relevant market area where the same line-make is represented, the franchisor shall give written notice to each [new motor vehicle dealer] **franchisee** of the same line-make in the relevant market area of its intention to establish an additional [dealer] **franchise, reopen a previously existing franchise**, or [to] relocate an existing [dealer] **franchise** within that relevant market area. **Such notice shall state:**

(1) **The specific location at which the additional, reopened, or relocated franchise will be established; and**

(2) **The date on or after which the franchisor intends to be engaged in business with the additional, reopened, or relocated franchise at the proposed location.**

4. Within thirty days after receiving the notice provided for in subsection 3 of this section, or within thirty days after the end of any appeal procedure provided by the franchisor, a [new motor vehicle dealer] **franchisee to whom notice was required in subsection 3 of this section** may bring an action pursuant to section 407.822 to determine whether good cause exists for [the] establishing **an additional franchise, reopening a previously existing franchise**, or relocating [of a proposed new motor vehicle dealer] **an existing franchise**.

5. This section shall not apply to the reopening or replacement in a relevant market area of a closed [dealership] **franchise** that has been closed within the preceding year, if the established place of business of the reopened or replacement [dealer] **franchise** is within two miles of the established place of business of the closed [dealership] **franchise** **and only if the reopened or replaced franchise is offered to the franchisee who had previously operated the closed franchise within the preceding year if that franchise had not been terminated under the provisions of the MVFP act or had not voluntarily closed the franchise.**

6. In determining whether good cause exists for establishing **an additional franchise, reopening a previously existing franchise,** or relocating [an additional new motor vehicle dealer] **a franchise** for the same line-make, the [court] **administrative hearing commission** shall take into consideration [the existing] **all relevant** circumstances, including, but not limited to, the following:

(1) **The size and permanency of the investment and obligations incurred by the existing franchisees of the same line-make in the relevant market area; and any damage that such existing franchisees may suffer from the establishment, reopening, or relocation of a franchise into the relevant market area;**

(2) **The effect on the retail motor vehicle business and the consuming public in the relevant market area;**

(3) Whether it is injurious or beneficial to the public welfare;

(4) Whether the [new motor vehicle dealers] **existing franchisees** of the same line-make in that relevant market area are providing adequate competition and convenient consumer care for the motor vehicles of that line-make in the **relevant** market area, including the adequacy of motor vehicle sales and qualified service personnel;

(5) Whether the establishment, **reopening,** or relocation of [the new motor vehicle dealer] **a franchise** would promote competition; **and whether the benefits to the public and the franchisor from any such increased competition outweigh the harm to the existing franchisees in the relevant market area;**

(6) Growth or decline of the population and the number of new motor vehicle registrations in the relevant market area; and

(7) **The effect on the reopening or relocating [dealer] franchisee of a denial of its relocation into the relevant market area.**

7. The remedies and relief available pursuant to **this** section [407.835 shall apply to this section] **are not exclusive and are in addition to those provided in section 407.835 or otherwise permitted by law or equity.**

407.818. LICENSE REQUIRED. — No franchisor shall engage in business in this state without a license therefor as provided in sections 301.550 to 301.573. No motor vehicle, foreign or domestic, may be sold, leased, or offered for sale or lease in this state unless the franchisor, which issues a franchise to a franchisee in this state, is licensed under sections 301.550 to 301.573. No franchisor shall modify the area of responsibility to avoid the requirements of section 407.817 or 407.833, or any other section of the MVFP act. facility in that relevant market area without first offering the franchise to the former franchisee at no cost, unless:

(1) Within sixty days of the former franchisee's cancellation, termination, noncontinuance, or nonrenewal, the predecessor manufacturer had consolidated the line-make with another of its line-makes for which the predecessor manufacturer had a franchisee with a then-existing franchise facility in that relevant market area;

(2) The successor manufacturer has paid the former franchisee the fair market value of the former franchisee's motor vehicle dealership in accordance with this section;

(3) The predecessor manufacturer successfully terminated the former franchisee under subdivision (5) of section 407.825.

2. For purposes of this section, the fair market value of a former franchisee's motor vehicle dealership shall be calculated as of the date of the following that yields the highest fair market value: the date the predecessor manufacturer announced the action that resulted in the cancellation, termination, noncontinuance, or nonrenewal; the date the action that resulted in cancellation, termination, noncontinuance, or nonrenewal became final; or the date twelve months prior to the date that the predecessor manufacturer announced the action that resulted in the cancellation, termination, noncontinuance, or nonrenewal.

COMPLAINT WITH ADMINISTRATIVE HEARING COMMISSION, FILING, WHEN — TIME AND PLACE OF HEARING — NOTICE TO PARTIES — FINAL ORDER, WHEN — PETITION FOR REVIEW OF FINAL ORDER — FRANCHISEE'S RIGHT TO FILE COMPLAINT, WHEN — NOTICE TO FRANCHISEE, WHEN, EXCEPTIONS — STATEMENT REQUIRED IN FRANCHISOR'S NOTICE — CONSOLIDATION OF APPLICATIONS — BURDEN OF PROOF — MEDIATION, WHEN. — 1. Any party seeking relief pursuant to the provisions of sections 407.810 to 407.835 may file [an application for a hearing] **a complaint** with the administrative hearing commission within the time periods specified in this section. The [application for a hearing] **complaint** shall comply with the requirements for a request for agency action set forth in chapter 536, RSMo. Simultaneously, with the filing of the [application for a hearing] **complaint** with the administrative hearing commission, the [applicant] **petitioner** shall send by certified mail, return receipt requested, a copy of the [application] **complaint** to the party or parties against whom relief is sought. Upon receiving a timely [application for a hearing] **complaint**, the administrative hearing commission shall enter an order fixing a date, time and place for a hearing on the record. The administrative hearing commission shall send by certified mail, return receipt requested, a copy of the order to the party seeking relief and **a copy of the order and complaint** to the party or parties against whom relief is sought. The order shall also state that the party against whom relief is sought shall not proceed with the initiation of its activity or activities until the administrative hearing commission issues its final decision or order, and the party against whom relief is sought shall, within thirty days of such order, file an answer or other responsive pleading directed to each claim for relief set forth in the [application for hearing] **complaint**. Failure to answer or otherwise respond within such time frame may be deemed by the administrative hearing commission as an admission of the grounds for relief set forth in the [application for hearing] **complaint**.

2. Unless otherwise expressly provided in sections 407.810 to 407.835, the provisions of chapter 536, RSMo, shall govern hearings and prehearing procedures conducted pursuant to the authority of this section. Any party may obtain discovery in the same manner, and under the same conditions and requirements, as is or may hereafter be provided for with respect to discovery in civil actions by rule of the supreme court of Missouri for use in the circuit courts, and the administrative hearing commission may enforce discovery by the same methods as provided by supreme court rule for use in civil cases. The administrative hearing commission shall issue a final decision or order, in proceedings arising pursuant to the provisions of sections 407.810 to 407.835, within ninety days from the conclusion of the hearing. In any proceeding

initiated pursuant to sections 407.810 to 407.835 involving a matter requiring a franchisor to show good cause for any intended action being protested by a franchisee, the franchisor shall refrain from taking the protested action if, after a hearing on the matter before the administrative hearing commission, the administrative hearing commission determines that good cause does not exist for the franchisor to take such action. The franchisee may, if necessary, seek enforcement of the decision of the administrative hearing commission pursuant to the provisions of section 407.835. Venue for such proceedings shall be in the circuit court of Cole County, Missouri, or in the circuit court of the county in which the franchisee resides or operates the franchise business. In determining any relief necessary for enforcement of the decision of the administrative hearing commission, the court shall defer to the commission's factual findings, and review shall be limited to a determination of whether the commission's decision was authorized by law and whether the commission abused its discretion. Any final decisions of the administrative hearing commission shall be subject to review pursuant to a petition for review to be filed in the court of appeals in the district in which the hearing, or any part of the hearing, is held and by delivery of copies of the petition to each party of record, within thirty days after the mailing or delivery of the final decision and notice of the final decision in such a case. Appeal of the administrative hearing commission's decision pursuant to this section shall not preclude any action authorized by section 407.835, brought in a court of competent jurisdiction, requesting an award of legal or equitable relief, provided that if such an action is brought solely for the purpose of enforcing a decision of the administrative hearing commission which is on appeal pursuant to this subsection, the court in which such action is pending may hold in abeyance its judgment pending issuance of a decision by the court of appeals. Review pursuant to this section shall be exclusive and decisions of the administrative hearing commission reviewable pursuant to this section shall not be reviewable in any other proceeding, and no other official or court shall have power to review any such decision by an action in the nature of mandamus or otherwise, except pursuant to the provisions of this section. The party seeking review shall be responsible for the filing of the transcript and record of all proceedings before the administrative hearing commission with the appropriate court of appeals.

3. Any franchisee receiving a notice from a franchisor pursuant to the provisions of sections 407.810 to 407.835, or any franchisee adversely affected by a franchisor's acts or proposed acts described in the provisions of sections 407.810 to 407.835, shall be entitled to file [an application for a hearing] **a complaint** before the administrative hearing commission for a determination as to whether the franchisor has good cause for its acts or proposed acts.

4. Not less than sixty days before the effective date of the initiation of any enumerated act pursuant to subdivisions (5), (6), (7) and (14) of [subsection 1 of] section 407.825, a franchisor shall give written notice to the affected franchisee or franchisees, by certified mail, return receipt requested, except as follows:

(1) Upon the initiation of an act pursuant to subdivision (5) of [subsection 1 of] section 407.825, such notice shall be given not less than fifteen days before the effective date of such act only if the grounds for the notice include the following:

(b) Material misrepresentation by the motor vehicle franchisee in applying for the franchise **that substantially and adversely affects the franchisor**;

(c) Insolvency of the motor vehicle franchisee or the filing of any petition by or against the motor vehicle franchisee under any bankruptcy or receivership law **that is not vacated within twenty days from the institution thereof**;

(d) Any unfair business practice by the motor vehicle franchisee after the motor vehicle franchisor has issued a written **thirty-day** warning to the motor vehicle franchisee to desist from such practice **and the franchisee has failed to desist from the practice after having received the written thirty-day warning**;

(e) Conviction of the motor vehicle franchisee of a crime which is a felony;

(f) Failure of the motor vehicle franchisee to conduct customary sales and service operations during customary business hours for at least seven consecutive business days unless such closing is due to an act of God, strike or labor difficulty or other cause over which the motor vehicle franchisee has no control; or

(g) Revocation of the motor vehicle franchisee's license;

(2) Upon initiation of an act pursuant to subdivision (7) of [subsection 1 of] section 407.825, such notice shall be given within sixty days of the franchisor's receipt of a written proposal to consummate such sale or transfer and the receipt of all necessary information and documents generally used by the franchisor to conduct its review. The franchisor shall acknowledge in writing to the applicant the receipt of the information and documents and if the franchisor requires additional information or documents to complete its review, the franchisor shall notify the applicant within fifteen days of the receipt of the information and documents. If the franchisor fails to request additional information and documents from the applicant within fifteen days after receipt of the initial forms, the sixty-day time period for approval shall be deemed to run from the initial receipt date. Otherwise, the sixty-day time period for approval shall run from receipt of the supplemental requested information. In no event shall the total time period for approval exceed [seventy-five] **ninety** days from the date of the receipt of [all necessary information and documents generally used by the franchisor to conduct its review] **the written proposal**. The franchisor's notice of disapproval shall also specify the reasonable standard which the franchisor contends is not satisfied and the reason the franchisor contends such standard is not satisfied. Failure on the part of the franchisor to provide such notice shall be conclusively deemed an approval by the franchisor of the proposed sale or transfer to the proposed transferee. A franchisee's application for a hearing shall be filed with the administrative hearing commission within twenty days from receipt of such franchisor's notice;

(3) Pursuant to paragraphs (a) and (b) of subdivision (14) of [subsection 1 of] section 407.825, such notice shall be given within sixty days of the franchisor's receipt of a deceased or incapacitated franchisee's designated family member's intention to succeed to the franchise or franchises or of the franchisor's receipt of the personal and financial data of the designated family member, whichever is later.

5. A franchisor's notice to a franchisee or franchisees pursuant to subdivisions (5), (6), (7) and (14) of [subsection 1 of] section 407.825 shall contain a statement of the particular grounds supporting the intended action or activity which shall include any reasonable standards which were not satisfied. The notice [shall also contain at a minimum] **is not effective unless it also contains**, on the first page thereof, a conspicuous statement which reads as follows: "NOTICE TO FRANCHISEE: YOU MAY BE ENTITLED TO FILE A PROTEST WITH THE MISSOURI ADMINISTRATIVE HEARING COMMISSION IN JEFFERSON CITY, MISSOURI, AND HAVE A HEARING IN WHICH YOU MAY PROTEST THE CONTENTS OF THIS NOTICE. ANY ACTION MUST BE FILED WITHIN [TWENTY] **THIRTY** DAYS FROM RECEIPT OF THIS NOTICE. **YOU ALSO HAVE THE RIGHT TO DEMAND NONBINDING MEDIATION. YOUR DEMAND FOR MEDIATION MAY BE MAILED TO THE ADDRESS SHOWN ON THIS NOTICE. FOR FURTHER INFORMATION, CONTACT YOUR ATTORNEY AND REFER TO SECTIONS 407.810 TO 407.835, RSMO.**"

6. When more than one [application for a hearing] **complaint** is filed with the administrative hearing commission, the administrative hearing commission may consolidate the applications into one proceeding to expedite the disposition of all relevant issues.

7. **Unless otherwise specifically required by another provision of the MVFP act**, in all proceedings [before the administrative hearing commission] pursuant to [this section, section 407.825 and section 621.053, RSMo, where the franchisor is required to give notice pursuant to subsection 4 of this section] **sections 407.810 to 407.835**, the franchisor shall have the burden of proving by a preponderance of the evidence that **it has acted in good faith, that all required**

notices were given, and that good cause exists for its actions. [In all other actions, the franchisee shall have the burden of proof.]

8. If a franchisee prevails in an action against a franchisor under any provision of sections 407.810 to 407.835, then the franchisee shall also have a cause of action against the franchisor for damages and reasonable expenses of litigation, including, but not limited to, depositions, transcripts, expert witnesses, and attorney fees.

9. A franchisee may mail a demand for mediation to its franchisor at any time after it receives any notice from a franchisor as required by any provision of the MVFP act. In addition, prior to, contemporaneous with, or after the filing of a complaint with the administrative hearing commission, a franchisee may mail a demand for mediation to its franchisor for any violation by the franchisor of any provision of the MVFP act. The mailing of the demand for mediation is effective when mailed to the address shown on the notice from the franchisor, the address shown on the franchise agreement, the address of the franchisor shown on its license with the department of revenue, the address of the franchisor's registered agent in this state, or the address of its attorney in a proceeding pending at the administrative hearing commission concerning the subject of the demand for mediation. The demand for mediation shall contain a short statement of the dispute and the relief sought by the franchisee; however, the contents of the demand are not jurisdictional.

10. The mailing of a demand for mediation stays any time period for the franchisee to initiate any action under the MVFP act that is the subject of the dispute described in the demand for mediation. If the parties fail to resolve the matter in dispute after meeting with the mediator, then the time period for filing any action with the administrative hearing commission shall start on the first business day after the date of the last date of any meeting with the mediator.

11. If a proceeding is pending before the administrative hearing commission concerning the subject of the demand for mediation, the franchisee shall also file a copy of the demand for mediation with the administrative hearing commission. The filing of a copy of the demand for mediation with the administrative hearing commission shall stay any further action by the administrative hearing commission, other than the issuance of the order required of the administrative hearing commission under subsection 1 of this section informing the franchisor that it shall not proceed with the initiation of its activity or activities until the administrative hearing commission issues its final decision or order. If the matter is not resolved after the meeting with the mediator, then either party may inform the administrative hearing commission that the matter is not resolved and the administrative hearing commission shall issue its order terminating the stay of its proceeding.

12. Within five business days after the date of receipt of the demand for mediation, the franchisor shall contact the franchisee or its legal representative reflected in the demand for mediation to exchange suggested lists of mediators. The parties shall mutually accept a mediator within two business days after the date of exchanging suggested lists of mediators. If the parties cannot agree on a mediator, then the presiding judge in Cole County or in the circuit court for the county in which the franchisee does business shall appoint the mediator. Within twenty days after the receipt of the demand for mediation, the parties shall meet with the mediator for the purpose of attempting to resolve the dispute. The meeting shall take place in this state at a location designated by the mediator. The mediator may extend the date of the meeting upon the agreement of the parties or upon good cause shown by either party.

13. The director of revenue shall require each franchisor to establish and maintain a panel of mediators who may serve as mediators for disputes that may arise in this state with its franchisees.

407.825. UNLAWFUL PRACTICES. — Notwithstanding the terms of any franchise agreement **to the contrary**, the performance, whether by act or omission, by a motor vehicle franchisor, **whether directly or indirectly through an agent, employee, affiliate, common entity, or representative, or through an entity controlled by a franchisor**, of any or all of the following acts enumerated in this section are hereby defined as unlawful practices, the remedies for which are set forth in section 407.835:

(11) To prohibit directly or indirectly the right of free association among motor vehicle franchisees for any lawful purpose;

(12) To provide any term or condition in any lease or other agreement ancillary or collateral to a franchise, **including, but not limited to, any agreement with a common entity or any person required by the franchisor or controlled by or affiliated with the franchisor,** which term or condition directly or indirectly violates the provisions of sections 407.810 to 407.835;

(13) Upon any termination, cancellation [or] , refusal to continue, **or refusal to renew** any franchise or any discontinuation of any line-make or parts or products related to such line-make [by a franchisor, fail] , **failing** to pay reasonable compensation to a franchisee as follows:

(a) **The franchisee's net acquisition cost** for any new, undamaged and unsold vehicle in the franchisee's inventory of either the current model year or **one year-prior model year** purchased from the franchisor [within one hundred twenty days] **or another franchisee of the same line-make in the ordinary course of business** prior to receipt of a notice of termination or nonrenewal, provided the vehicle has less than [five hundred] **seven hundred fifty** miles registered on the odometer, including mileage incurred in delivery from the franchisor or in transporting the vehicle between dealers for sale[, at the dealer's net acquisition cost, plus any cost to the dealer for returning the vehicle inventory to the franchisor];

(b) The franchisee's cost of each new, unused, undamaged and unsold part or accessory if the part or accessory is in the current parts catalog, less applicable allowances[, plus five percent of the catalog price of the part for the cost of packing and returning the part to the franchisor]. In the case of sheet metal, a comparable substitute for the original package may be used. Reconditioned or core parts shall be valued at their core value, the price listed in the current parts catalog or the amount paid for expedited return of core parts, whichever is higher. If the part or accessory was purchased by the franchisee from an outgoing authorized franchisee, the franchisor shall purchase the part **or accessory** for [either] the price in the current parts catalog [or the franchisee's actual purchase price of the part, whichever is less]. In the case of parts **or accessories** which no longer appear in the current parts catalog, the franchisor [may] **shall** purchase the [part] **parts or accessories** for [either] the price in the last version of the parts catalog in which the part **or accessory** appeared [or the franchisee's actual purchase price of the part, whichever is less]. The franchisee shall maintain accurate records regarding the actual purchase price of parts bought from an outgoing authorized franchisee. In the absence of such records, the franchisor is not required to purchase parts which are not in the current parts catalog];

(c) The [depreciated] **fair market** value [determined pursuant to generally accepted accounting principles] of each undamaged sign owned by the franchisee which bears a trademark or trade name used or claimed by the franchisor if the sign was purchased from, or purchased at the request of, the franchisor. **During the first seven years after its purchase, the fair market value of each sign shall be the franchisee's costs of purchasing the sign, less depreciation, using straight-line depreciation and a seven-year life of the asset;**

(d) The fair market value of all [special] **equipment, tools, data processing programs and** equipment and automotive service equipment owned by the franchisee which were recommended in writing and designated as [special] **equipment, tools, data processing programs and** equipment, **and automotive service equipment** and purchased from, or

purchased at the request of, the franchisor [within three years of the termination of the franchise], if the **equipment, tools, programs and equipment** are in usable and good condition, except for reasonable wear and tear. **During the first seven years after their purchase, the fair market value of each item of equipment, tools, and automotive service equipment shall be the franchisee's costs of purchasing the item, less depreciation, using straight-line depreciation and a seven-year life of the asset. During the first three years after its purchase, the fair market value of each item of required data processing programs and equipment shall be the franchisee's cost of purchasing the item, less depreciation, using straight-line depreciation and a three-year life of the asset;**

(e) [Except as provided in paragraph (a) of this subdivision, the cost of transporting,] **In addition to the costs referenced in paragraphs (a) to (d) of this subdivision, the franchisor shall pay the franchisee an additional five percent for handling, packing, storing and loading of any property subject to repurchase pursuant to this section [shall not exceed reasonable and customary charges; and] , and the franchisor shall pay the shipper for shipping the property subject to repurchase from the location of the franchisee to the location directed by the franchisor;**

(f) [The franchisor shall pay the franchisee the amounts specified in this subdivision within ninety days after the tender of the property subject to the franchisee providing evidence of good and clear title upon return of the property to the franchisor. The franchisor shall remove the property within one hundred eighty days after the tender of the property from the franchisee's property. Unless previous arrangements have been made and agreed upon, the franchisee is under no obligation to provide insurance for the property left after one hundred eighty days] **The amount remaining to be paid on any equipment or service contracts required by or leased from the franchisor or a subsidiary or company affiliated with or controlled or recommended by the franchisor. However, if the franchise agreement is voluntarily terminated by the franchisee, without coercion by the franchisor, then:**

a. **If the amount remaining to be paid on any equipment or service contract is owed to the franchisor, the franchisor shall cancel the obligation rather than paying the amount to the franchisee; and**

b. **If the amount remaining to be paid on any equipment or service contract is owed to a subsidiary or a company affiliated with or controlled or recommended by the franchisor, the franchisor may pay such amount to the subsidiary or the company affiliated with or controlled by the franchisor, but if the franchisor does not pay such amount to the subsidiary or the company affiliated with or controlled by the franchisor, such amount may be paid to the franchisee by the subsidiary or company affiliated with or controlled by the franchisor;**

(g) **If the dealer leases the dealership facilities, then the franchisor shall be liable for twelve months' payment of the gross rent or the remainder of the term of the lease, whichever is less. If the dealership facilities are not leased, then the franchisor shall be liable for the equivalent of twelve months' payment of gross rent. This paragraph shall not apply when the termination, cancellation, or nonrenewed line was under good cause related to a conviction and imprisonment for a felony involving moral turpitude that is substantially related to the qualifications, function, or duties of a franchisee as well as fraud and voluntary terminations of a franchise. Gross rent is the monthly rent plus the monthly cost of insurance and taxes. Such reasonable rent shall be paid only to the extent that the dealership premises are recognized in the franchise and only if they are used solely for performance in accordance with the franchise and not substantially in excess of those facilities recommended by the manufacturer or distributor. If the facility is used for the operations of more than one franchise, the gross rent compensation shall be adjusted based on the planning volume and facility requirements of the manufacturers, distributors, or branch or division thereof;**

(h) The franchisor shall pay to the franchisee the amount remaining to be paid on any leases of computer hardware or software that is used to manage and report data to the manufacturer or distributor for financial reporting requirements and the amount remaining to be paid on any manufacturer or distributor required equipment leases, service contracts, and sign leases. The franchisor's obligation shall not exceed one year on any such lease. However, if the franchise agreement is voluntarily terminated by the franchisee, without coercion by the franchisor, then:

a. If the amount remaining to be paid is owed to the franchisor, the franchisor shall cancel the obligation rather than paying the amount to the franchisee; and

b. If the amount remaining to be paid is owed to a subsidiary or a company affiliated with or controlled or recommended by the franchisor, the franchisor may pay such amount to the subsidiary or the company affiliated with or controlled by the franchisor, subject to the limit of the franchisor's one year obligation, but if the franchisor does not pay such amount to the subsidiary or the company affiliated with or controlled by the franchisor, such amount may be paid to the franchisee by the subsidiary or company affiliated with or controlled by the franchisor, subject to the limit of the franchisor's one year obligation;

(i) In addition to the other payments set forth in this section, if a termination, cancellation, or nonrenewal is premised upon the franchisor discontinuing the sale in this state of a line-make that was the subject of the franchise, then the franchisor shall also be liable to the franchisee for an amount at least equivalent to the fair market value of the franchisee's goodwill for the discontinued line-makes of the motor vehicle franchise on the date immediately preceding the date the franchisor announces the action which results in termination, cancellation, or nonrenewal, whichever amount is higher. At the franchisee's option, the franchisor may avoid paying fair market value of the motor vehicle franchise to the franchisee under this paragraph if the franchisor, or another motor vehicle franchisor under an agreement with the franchisor, offers the franchisee a replacement motor vehicle franchise with terms substantially similar to that offered to other same line-make dealers;

(j) The franchisor shall pay the franchisee all amounts incurred by the franchisee to upgrade its facilities that were required by the franchisor within twelve months prior to receipt of a notice of termination or nonrenewal; however, a franchisee shall not receive any benefits under this subdivision if it was terminated for the grounds set forth in subdivision (1) of subsection 4 of section 407.822. However, if the franchise agreement is voluntarily terminated by the franchisee, without coercion by the franchisor, and for a reason other than the death or incapacitation of the dealer principal, then the franchisor shall have no obligation under this paragraph; and

(k) The franchisor shall pay the franchisee the amounts specified in this subdivision along with any other amounts that may be due to the franchisee under the franchise agreement within sixty days after the tender of the property subject to the franchisee providing evidence of good and clear title upon return of the property to the franchisor. The franchisor shall remove the property within sixty days after the tender of the property from the franchisee's property. Unless previous arrangements have been made and agreed upon, the franchisee is under no obligation to provide insurance for the property left after sixty days;

(l) This subdivision shall not apply to a termination, cancellation or nonrenewal due to a sale of the assets or stock of the motor vehicle dealership;

(14) To prevent or refuse to honor the succession to a franchise or franchises by any legal heir or devisee under the will of a franchisee, under any written instrument filed with the franchisor designating any person as the person's successor franchisee, or pursuant to the laws of descent and distribution of this state; provided:

(a) Any designated family member of a deceased or incapacitated franchisee shall become the succeeding franchisee of such deceased or incapacitated franchisee if such designated family member gives the franchisor written notice of such family member's intention to succeed to the franchise or franchises within one hundred twenty days after the death or incapacity of the franchisee, and agrees to be bound by all of the **lawful** terms and conditions of the current franchise agreement, and the designated family member meets the current **lawful and** reasonable criteria generally applied by the franchisor in qualifying franchisees. **In order for the franchisor to claim that any such reasonable criteria are generally applied by the franchisor in qualifying franchisees, it shall have previously provided a copy to the proposed successor franchisee within ten days after receiving the proposed successor franchisee's notice.** A franchisee may request, at any time, that the franchisor provide a copy of such criteria generally applied by the franchisor in qualifying franchisees;

(b) The franchisor may request from a designated family member such personal and financial data as is reasonably necessary to determine whether the existing franchise agreement should be honored. The designated family member shall supply the personal and financial data promptly upon the request;

(c) If the designated family member does not meet the reasonable **and lawful** criteria generally applied by the franchisor in qualifying franchisees, the discontinuance of the current franchise agreement shall take effect not less than ninety days after the date the franchisor serves the required notice on the designated family member pursuant to subsection 4 of section 407.822;

(d) The provisions of this subdivision shall not preclude a franchisee from designating any person as the person's successor by written instrument filed with the franchisor, and if such an instrument is filed, it alone shall determine the succession rights to the management and operation of the franchise; and

(e) For determining whether good cause exists, the administrative hearing commission shall take into consideration [the existing] **all** circumstances, including, but not limited to, the following factors:

a. Whether the franchise agreement specifically permits the franchisor to approve or disapprove any successor;

b. Whether the proposed successor **substantially** fails to satisfy [any] **the material** standards of the franchisor which are in fact normally relied upon by the franchisor prior to the successor entering into a franchise, and which relate to the proposed management or ownership of the franchise operation or to the qualification, capitalization, integrity or character of the proposed successor and which are **lawful and** reasonable;

c. [Injury to the public welfare] **The amount of the business transacted by the franchisee;**

d. The [harm to the franchisor] **investments in and the obligations incurred by the franchisee, including but not limited to goodwill in the performance of its duties under the franchise agreement, together with the duration and permanency of such investments and obligations;**

e. **The investments and obligations that the proposed successor franchisee is prepared to make in the business;**

f. **The potential for harm and inconvenience to consumers as a result of the franchisor's decision;**

g. **The franchisor's failure to honor its requirements under the franchise;**

h. **The potential harm and injury to the public welfare in the area that the franchisee serves;**

i. **The ability or willingness of the franchisee to continue in the business if the proposed transfer is not permitted;**

j. **The demographic and geographic characteristics of the area the franchisee serves;**
and

k. The harm to the franchisor;

(15) To coerce, [threaten, intimidate or] **attempt to coerce, require, or attempt to** require a franchisee under any condition affecting or related to a franchise agreement, [or] to waive, limit or disclaim a right that the franchisee may have pursuant to the provisions of sections 407.810 to 407.835. Any contracts or agreements which contain such provisions shall be deemed against the public policy of the state of Missouri and are void and unenforceable. Nothing in this section shall prohibit voluntary settlement agreements **that specifically identifies the provisions of sections 407.810 to 407.835 that the franchisee is waiving, limiting, or disclaiming;**

(16) To initiate any act enumerated in this [subsection] **section** on grounds that it has advised a franchisee of its intention to discontinue representation at the time of a franchisee change or require any franchisee to enter into a site control agreement as a condition to initiating any act enumerated in this [subsection] **section**. Such condition shall not be construed to nullify an existing site control agreement for a franchisee's property;

(17) To require, **attempt to require**, coerce, or attempt to coerce any franchisee in this state to refrain from, or to terminate, cancel, or refuse to continue any franchise based upon participation by the franchisee in the management of, investment in or the acquisition of a franchise for the sale of any other line of new vehicle or related products in the same or separate facilities as those of the franchisor. This subdivision does not apply unless the franchisee maintains a reasonable line of credit for each make or line of new vehicle, the franchisee remains in compliance with the franchise and any reasonable facilities requirements of the franchisor, and no change is made in the principal management of the franchisee. The reasonable facilities requirement shall not include any requirement that a franchisee establish or maintain exclusive facilities, personnel, or display space, when such requirements [or any of them] would not otherwise be justified by reasonable business considerations. Before the addition of a line-make to the dealership facilities the franchisee [must] **shall** first request consent of the franchisor, if required by the franchise agreement. Any decision of the franchisor with regard to dualing of two or more franchises shall be granted or denied within sixty days of a written request from the [new vehicle dealer] **franchisee**. The [franchisor's] **franchisor's** failure to respond timely to a dualing request shall be deemed to be approval of the franchisee's request;

(18) To fail or refuse to offer to sell to all franchisees for a line-make **reasonable quantities** of every motor vehicle sold or offered for sale to any franchisee of that line-make[.] ; however, the failure to deliver any such motor vehicle shall not be considered a violation of this section if the failure [is not arbitrary, or] is due to a [lack of manufacturing capacity or to a strike or labor difficulty, a shortage of materials, a freight embargo or other] cause over which the franchisor has no control. A franchisor may impose reasonable requirements on the franchisee including, but not limited to, the purchase of reasonable quantities of advertising materials, the purchase of special tools required to properly service a motor vehicle, the undertaking of sales person or service person training related to the motor vehicle, the meeting of reasonable display and facility requirements as a condition of receiving a motor vehicle, or other reasonable requirements; provided, that if a franchisor requires a franchisee to purchase essential service tools with a purchase price in the aggregate of more than seventy-five hundred dollars in order to receive a particular model of new motor vehicle, the franchisor shall upon written request provide such franchisee with a good faith estimate in writing of the number of vehicles of that particular model that the franchisee will be allocated during that model year in which the tools are required to be purchased;

(19) **To directly or indirectly condition the awarding of a franchise to a prospective franchisee, the addition of a line-make or franchise to an existing franchisee, the renewal of a franchise of an existing franchisee, the approval of the relocation of an existing franchisee's facility, or the approval of the sale or transfer of the ownership of a franchise on the willingness of a franchisee, proposed franchisee, or owner of an interest in the dealership facility to enter into a site control agreement or exclusive use agreement. For purposes of this subdivision, the terms "site control agreement" and "exclusive use**

agreement" include any agreement that has the effect of either requiring that the franchisee establish or maintain exclusive dealership facilities or restricting the ability of the franchisee, or the ability of the franchisee's lessor in the event the dealership facility is being leased, to transfer, sell, lease, or change the use of the dealership premises, whether by sublease, lease, collateral pledge of lease, right of first refusal to purchase or lease, option to purchase, option to lease, or other similar agreement, regardless of the parties to such agreement. Any provision contained in any agreement entered into on or after August 28, 2010, that is inconsistent with the provisions of this subdivision shall be voidable at the election of the affected franchisee, prospective franchisee, or owner of an interest in the dealership facility, provided this subdivision shall not apply to a voluntary agreement where separate, adequate, and reasonable consideration have been offered and accepted;

(20) Except for the grounds listed in subdivision (1) of subsection 4 of section 407.822, prior to the issuance of any notice of intent to terminate a franchise agreement under the MVFP act for unsatisfactory sales or service performance, the franchisor shall provide the franchisee with no less than one hundred twenty days written notice of the specific asserted grounds for termination. Thereafter, the franchisee shall have one hundred twenty days to cure the asserted grounds for termination, provided the grounds are both reasonable and of material significance to the franchise relationship. If the franchisee fails to cure the asserted grounds for termination by the end of the cure period, then the franchisor may give the sixty day notice required by subsection 4 of section 407.822 if it intends to terminate the franchise;

(21) To require, attempt to require, coerce, or attempt to coerce a franchisee, by franchise agreement or otherwise, or as a condition to the renewal or continuation of a franchise agreement, to:

(a) Exclude from the use of the franchisee's facilities a line-make for which the franchisee has a franchise agreement to utilize the facilities; or

(b) Materially change the franchisee's facilities or method of conducting business if the change would impose substantial or unreasonable financial hardship on the business of the franchisee;

(22) To fail to perform or cause to be performed any written warranties made with respect to any motor vehicle or parts thereof;

(23) To withhold, reduce, or delay unreasonably or without just cause services contracted for by franchisees;

(24) To coerce, attempt to coerce, require, or attempt to require any franchisee to provide installment financing with a specified financial institution;

(25) To require, attempt to require, coerce, or attempt to coerce any franchisee to close or change the location of the franchisee, or to make any substantial alterations to the franchise premises or facilities when doing so would be unreasonable under the current market and economic conditions. Prior to suggesting the need for any such action, the franchisor shall provide the franchisee with a written good faith estimate of the minimum number of the models of new motor vehicles that the franchisor will supply to the franchisee during a reasonable time period, not less than three years, so the franchisee may determine if it is a sufficient supply of motor vehicles so as to justify such changes, in light of the current market and reasonably foreseeable projected and economic conditions. A franchisor or its common entity or an entity controlled by or affiliated with the franchisor may not take or threaten to take any action that is unfair or adverse to a franchisee who does not enter into an agreement with the franchisor under this subdivision. This subdivision does not affect any contract between a franchisor and any of its franchisees regarding relocation, expansion, improvement, remodeling, renovation, or alteration which exists on August 28, 2010;

(26) To authorize or permit a person to perform warranty service repairs on motor vehicles unless the person is a franchisee with whom the manufacturer has entered into a franchise agreement for the sale and service of the manufacturer's motor vehicles unless for emergency repairs when a franchisee is not available or repairs pursuant to a fleet contract as long as all parts and labor to perform the repairs are less than one thousand five hundred dollars at retail per repaired vehicle;

(27) To discriminate between or refuse to offer to its same line-make franchisees all models manufactured for that line-make based upon unreasonable sales and service standards;

(28) To fail to make practically available any incentive, rebate, bonus, or other similar benefit to a franchisee that is offered to another franchisee of the same line-make within this state;

(29) To condition a franchise agreement on improvements to a facility unless reasonably required by the technology of a motor vehicle being sold at the facility;

(30) To condition the sale, transfer, relocation, or renewal of a franchise agreement, or to condition sales, services, parts, or finance incentives, upon site control or an agreement to renovate or make improvements to a facility; except that voluntary acceptance of such conditions by the franchisee shall not constitute a violation;

(31) Failing to offer to all of its franchisees of the same line-make any consumer rebates, dealer incentives, price or interest rate reduction, or finance terms that the franchisor offers or advertises, or allows its franchisees of the same line-make to offer or advertise;

(32) Offering rebates, cash incentives, or other promotional items for the sale of a vehicle by its franchisees unless: the same rebate, cash incentive, or promotion is offered to all of its franchisees of the same line-make; and any rebate, cash incentive, or promotion that is based on the sale of an individual vehicle is not increased for meeting a performance standard;

(33) Unreasonably discriminating among its franchisees in any program that provides assistance to its franchisees, including internet listings, sales leads, warranty policy adjustments, marketing programs, and dealer recognition programs;

(34) To fail to include in any franchise with a franchisee the following language: "If any provision herein contravenes the laws or regulations of any state or other jurisdiction wherein this agreement is to be performed, or denies access to the procedures, forums, or remedies provided for by such laws or regulations, such provision shall be deemed to be modified to conform to such laws or regulations, and all other terms and provisions shall remain in full force," or words to that effect;

(35) To withhold, reduce, or delay unreasonably or without just cause delivery of motor vehicle parts and accessories, commodities, or moneys due franchisees;

(36) To use or consider the performance of a franchisee relating to the sale of the franchisor's vehicles or the franchisee's ability to satisfy any minimum sales or market share quota or responsibility relating to the sale of the new vehicles in determining:

(a) The franchisee's eligibility to purchase program, certified, or other used motor vehicles from the franchisor;

(b) The volume, type, or model of program, certified, or other used motor vehicles that a franchisee is eligible to purchase from the franchisor;

(c) The price of any program, certified, or other used motor vehicle that the franchisee purchased from the franchisor; or

(d) The availability or amount of any discount, credit, rebate, or sales incentive that the franchisee is eligible to receive from the franchisor, for the purpose of any program, certified, or other used motor vehicle offered for sale by the franchisor;

(37) To refuse to allocate, sell, or deliver motor vehicles; to charge back or withhold payments or other things of value for which the franchisee is otherwise eligible under a

sales promotion, program, or contest; to prevent a franchisee from participating in any promotion, program, or contest; or to take or threaten to take any adverse action against a franchisee, including charge-backs, reducing vehicle allocations, or terminating or threatening to terminate a franchise because the franchisee sold or leased a motor vehicle to a customer who exported the vehicle to a foreign country or who resold the vehicle, unless the franchisor proves that the franchisee knew or reasonably should have known that the customer intended to export or resell the motor vehicle. There is a rebuttable presumption that the franchisee neither knew nor reasonably should have known of its customer's intent to export or resell the vehicle if the vehicle is titled or registered in any state in this country. A franchisor may not take any action against a franchisee, including reducing its allocations or supply of motor vehicles to the franchisee, or charging back a franchisee for an incentive payment previously paid, unless the franchisor first meets in person, by telephone, or video conference with an officer or other designated employee of the franchisee. At such meeting, the franchisor shall provide a detailed explanation, with supporting documentation, as to the basis for its claim that the franchisee knew or reasonably should have known of the customer's intent to export or resell the motor vehicle. Thereafter, the franchisee shall have a reasonable period, commensurate with the number of motor vehicles at issue, but not less than fifteen days, to respond to the franchisor's claims. If, following the franchisee's response and completion of all internal dispute resolution processes provided through the franchisor, the dispute remains unresolved, the franchisee may file a complaint with the administrative hearing commission within thirty days after receipt of a written notice from the franchisor that it still intends to take adverse action against the franchisee with respect to the motor vehicles still at issue. If a complaint is timely filed, the administrative hearing commission shall notify the franchisor of the filing of the complaint, and the franchisor shall not take any action adverse to the franchisee until the administrative hearing commission renders a final determination, which is not subject to further appeal, that the franchisor's proposed action is in compliance with the provisions of this subdivision. In any hearing under this subdivision, the franchisor has the burden of proof on all issues raised by this subdivision;

(38) To require a franchisee to provide its customer lists or service files to the franchisor, unless necessary for the sale and delivery of a new motor vehicle to a consumer, to validate and pay consumer or dealer incentives, for reasonable marketing purposes or for the submission to the franchisor for any services supplied by the franchisee for any claim for warranty parts or repairs. Nothing in this section shall limit the franchisor's ability to require or use customer information to satisfy any safety or recall notice obligation;

(39) To mandate the use by the franchisee, or condition access to any services offered by the franchisor on the franchisee's use, or condition the acceptance of an order of any product or service offered by the franchisor on the franchisee's use, or condition the acceptance of any claim for payment from the franchisee on the franchisee's use, or condition the franchisee's participation in any program offered by the franchisor, a common entity or an entity controlled by the franchisor on the franchisee's use of any form, equipment, part, tool, furniture, fixture, data processing program or equipment, automotive service equipment, or sign from the franchisor, a vendor recommended by the franchisor, a common entity or an entity controlled by the franchisor if the franchisee is able to obtain the identical or reasonably equivalent product from another vendor;

(40) Establishing any performance standard or program for measuring franchisee performance that may have a material impact on a franchisee that is not fair, reasonable, and equitable, or applying any such standard or program to a franchisee in a manner that is not fair, reasonable, and equitable. Within ten days of a request of a franchisee, a franchisor shall disclose in writing to the franchisee a description of how a performance standard or program is designed and all relevant information used in the application of

the performance standard or program to that franchisee unless the information is available to the franchisee on the franchisor's website;

(41) Establishing or implementing a plan or system for the allocation, scheduling, or delivery of new motor vehicles, parts, or accessories to its franchisees that is not fair, reasonable, and equitable or modifying an existing plan or system so as to cause the plan or system to be unreasonable, unfair, or inequitable. Within ten days of any request of a franchisee, the franchisor shall disclose in writing to the franchisee the method and mode of distribution of that line-make among the franchisor's franchisees of the same line-make within the same metro area for franchisees located in a metropolitan area and within the county and contiguous counties of any franchisee not located in a metropolitan area; and

(42) To violate any other provision of the MVFP act that adversely impacts a franchisee.

407.828. FRANCHISOR'S DUTIES TO FRANCHISEE — SCHEDULE OF COMPENSATION —

CLAIMS PAYMENT — RETAIL RATE CALCULATION — AUDIT AUTHORITY. — 1. Notwithstanding any provision in a franchise to the contrary, each franchisor shall specify in writing to each of its franchisees in this state the franchisee's obligations for preparation, delivery, and warranty service on its products. The franchisor shall **fairly and reasonably** compensate the franchisee for **preparation, delivery, and** warranty service required of the franchisee by the franchisor. The franchisor shall provide the franchisee with the schedule of compensation to be paid to the franchisee for parts, [work] **labor**, and service, and the time allowance for the performance of the [work] **labor** and service **for the franchisee's obligations for preparation, delivery, and warranty service.**

2. The schedule of compensation shall include reasonable compensation for diagnostic work, as well as repair service and labor **for the franchisee to meet its obligations for preparation, delivery, and warranty service.** The schedule shall also include **reasonable and adequate** time allowances for the diagnosis and performance of **preparation, delivery, and** warranty [work and] service [shall be reasonable and adequate for the work] to be performed **in a careful and professional manner.** In the determination of what constitutes reasonable compensation **for labor and service** pursuant to this section, the principal factor to be given consideration shall be the prevailing wage rates being [paid] **charged for similar labor and service** by franchisees in the [community] **market** in which the franchisee is doing business, and in no event shall the compensation of a franchisee for [warranty] **labor and service** be less than the rates charged by the franchisee for [like] **similar labor and** service to retail customers for nonwarranty **labor and** service [and repairs], provided that such rates are reasonable. **The primary factor in determining a fair and reasonable compensation for parts under this section shall be the prevailing amount charged for similar parts by other same line-make franchisees in the market in which the franchisee is doing business and the fair and reasonable compensation for parts shall not be less than the amount charged by the franchisee for similar parts to retail customers for nonwarranty parts, provided that such rates are reasonable. If another same line-make franchisee is not available within the market, then the prevailing amount charged for similar parts by other franchisees in the market shall be used as the primary factor.**

3. A franchisor shall [not:

(1) Fail to] perform [any] **all** warranty [obligation];

(2) Fail to] **obligations, including recall notices;** include in written notices of franchisor recalls to new motor vehicle owners and franchisees the expected date by which necessary parts and equipment will be available to franchisees for the correction of the defects; [or

(3) Fail to] **and reasonably** compensate any of the franchisees in this state for repairs [effected] **required** by the recall. **Reasonable compensation for parts, labor, and service shall be determined under subsection 2 of this section.**

4. [All claims made by a franchisee pursuant to this section for labor and parts shall be paid within thirty days after their approval. All claims shall be either approved or disapproved by the franchisor within thirty days after their receipt on a proper form generally used by the franchisor and containing the usually required information therein. Any claims not specifically disapproved in writing within thirty days after the receipt of the form shall be considered to be approved and payment shall be made within thirty days. A claim which has been approved and paid may not be charged back to the franchisee unless the franchisor can show that the claim was fraudulent, false, or unsubstantiated, except that a charge back for false or fraudulent claims shall not be made more than two years after payment, and a charge back for unsubstantiated claims shall not be made more than fifteen months after payment. A franchise shall maintain all records of warranty repairs, including the related time records of its employees, for at least two years following payment of any warranty claim.] **No franchisor shall require a franchisee to submit a claim authorized under this section sooner than thirty days after the franchisee completes the preparation, delivery, or warranty service authorizing the claim for preparation, delivery, or warranty service. All claims made by a franchisee under this section shall be paid within thirty days after their approval. All claims shall be either approved or disapproved by the franchisor within thirty days after their receipt on a proper form generally used by the franchisor and containing the usually required information therein. Any claims not specifically disapproved in writing within thirty days after the receipt of the form shall be considered to be approved and payment shall be made within fifteen days thereafter. A franchisee shall not be required to maintain defective parts for more than thirty days after submission of a claim.**

5. A franchisor shall compensate the franchisee for franchisor-sponsored sales or service promotion events, **including but not limited to, rebates, programs, or activities in accordance with established written guidelines for such events, programs, or activities, which guidelines shall be provided to each franchisee.**

6. **No franchisor shall require a franchisee to submit a claim authorized under subsection 5 of this section sooner than thirty days after the franchisee becomes eligible to submit the claim.** All claims made by a franchisee pursuant to subsection 5 of this section for promotion events, **including but not limited to rebates, programs, or activities** shall be paid within ten days after their approval. All claims shall be either approved or disapproved by the franchisor within thirty days after their receipt on a proper form generally used by the franchisor and containing the usually required information therein. Any claim not specifically disapproved in writing within thirty days after the receipt of this form shall be considered to be approved and payment shall be made within [thirty] **ten** days. [The franchisor has the right to charge back any claim for twelve months after the later of either the close of the promotion event, program, or activity, or the date of the payment.]

7. **In calculating the retail rate customarily charged by the franchisee for parts, service, and labor, the following work shall not be included in the calculation:**

- (1) **Repairs for franchisor, manufacturer, or distributor special events, specials, or promotional discounts for retail customer repairs;**
- (2) **Parts sold at wholesale;**
- (3) **Engine assemblies and transmission assemblies;**
- (4) **Routine maintenance not covered under any retail customer warranty, such as fluids, filters, and belts not provided in the course of repairs;**
- (5) **Nuts, bolts, fasteners, and similar items that do not have an individual part number;**
- (6) **Tires; and**
- (7) **Vehicle reconditioning.**

8. **If a franchisor, manufacturer, importer, or distributor furnishes a part or component to a franchisee, at no cost, to use in performing repairs under a recall, campaign service action, or warranty repair, the franchisor shall compensate the**

franchisee for the part or component in the same manner as warranty parts compensation under this section by compensating the franchisee at the average markup on the cost for the part or component as listed in the price schedule of the franchisor, manufacturer, importer, or distributor, less the cost for the part or component.

9. A franchisor shall not require a franchisee to establish the retail rate customarily charged by the franchisee for parts, service, or labor by an unduly burdensome or time consuming method or by requiring information that is unduly burdensome or time consuming to provide, including, but not limited to, part-by-part or transaction-by-transaction calculations. A franchisee shall not request a franchisor to approve a different labor rate or parts rate more than twice in one calendar year.

10. If a franchisee submits any claim under this section to a franchisor that is incomplete, inaccurate, or lacking any information usually required by the franchisor, then the franchisor shall promptly notify the franchisee, and the time limit to submit the claim shall be extended for a reasonable length of time, not less than five business days following notice by the franchisor to the franchisee, for the franchisee to provide the complete, accurate, or lacking information to the franchisor.

11. (1) A franchisor may only audit warranty, sales, or incentive claims and charge-back to the franchisee unsubstantiated claims for a period of twelve months following payment, subject to all of the provisions of this section. Furthermore, if the franchisor has good cause to believe that a franchisee has submitted fraudulent claims, then the franchisor may only audit suspected fraudulent warranty, sales, or incentive claims and charge-back to the franchisee fraudulent claims for a period of two years following payment, subject to all provisions of this section.

(2) A franchisor shall not require documentation for warranty, sales, or incentive claims more than twelve months after the claim was paid.

(3) Prior to requiring any charge-back, reimbursement, or credit against a future transaction arising out of an audit, the franchisor shall submit written notice to the franchisee along with a copy of its audit and the detailed reason for each intended charge-back, reimbursement, or credit. A franchisee may file a complaint with the administrative hearing commission within thirty days after receipt of any such written notice challenging such action. If a complaint is filed within the thirty days, then the charge-back, reimbursement, or credit shall be stayed pending a hearing and determination of the matter under section 408.822. If the administrative hearing commission determines that any portion of the charge-back, reimbursement, or credit is improper, then that portion of the charge-back, reimbursement, or credit shall be void and not allowed.

407.831. INDEMNIFICATION AND HOLD HARMLESS REQUIREMENTS. — 1. Notwithstanding the terms of any franchise agreement to the contrary, each franchisor, including any successor manufacturer of that franchisor, shall indemnify and hold harmless each franchisee obtaining a new motor vehicle from the franchisor from and against any liability, including reasonable attorney's fees, expert witness fees, court costs, and other expenses incurred in the litigation, so long as such fees and costs are reasonable, that the franchisee may be subjected to by the purchaser of the vehicle because of damage to the motor vehicle that occurred before delivery of the vehicle to the franchisee and that was not disclosed in writing to the franchisee prior to delivery of the vehicle. This indemnity obligation of the franchisor applies regardless of whether the damage falls below the six percent threshold under subsection 2 of this section. The failure of the franchisor to indemnify and hold harmless the franchisee is a violation of this section.

2. If the cost of repairing damage to a new motor vehicle that occurs before delivery to the franchisee's location exceeds six percent of the manufacturer's suggested retail price, as measured by retail repair costs, the franchisee may reject or, if title has passed to the franchisee, require the franchisor who delivered the vehicle to repurchase the vehicle

within ten business days after delivery, unless the damage occurred during shipment and the method of transportation, carrier, or transporter of the motor vehicle was designated by the franchisee. Upon repurchase, the franchisor shall be subrogated to all of the franchisee's rights against the carrier or transporter of the motor vehicle regarding damage. The cost of repairing glass, tires, bumpers, moldings, and audio equipment with identical manufacturer's original equipment shall not be included in determining the cost of repairing damage under this subsection.

407.833. MODIFICATION OF FRANCHISE PROHIBITED, WHEN — COMPLAINT PROCEDURE WITH ADMINISTRATIVE HEARING COMMISSION, WRITTEN DECISION REQUIRED.

— 1. Notwithstanding the term of any franchise to the contrary, a franchisor shall not modify a franchise during the term of the franchise or upon its renewal if the modification substantially and adversely affects the franchisee's rights, obligations, investment, or return on investment without giving ninety days written notice of the proposed modification to the franchisee unless the modification is required by law or court order. Within the ninety-day notice period the franchisee may file with the administrative hearing commission and serve upon the franchisor a complaint for a determination of whether there is good cause for permitting the proposed modification and whether the proposed modification violates any provision of the MVFP act. The administrative hearing commission shall promptly schedule a hearing and decide the matter. Multiple complaints pertaining to the same proposed franchise modification shall be consolidated for hearing. The proposed franchise modification shall not take effect pending the determination of the matter.

2. The burden of proof shall be on the franchisor, except that the burden of proof with regard to the factor set forth in subdivision (3) of this subsection shall be on the franchisee, and the administrative hearing commission may consider any relevant factor including:

- (1) The reasons for the proposed modification;
- (2) Whether the proposed modification is applied to or affects all franchisees in a nondiscriminating manner;
- (3) The degree to which the proposed modification will have a substantial and adverse effect upon the franchisee's rights, investment, or return on investment;
- (4) Whether the proposed modification is in the public interest;
- (5) The degree to which the proposed modification is necessary to the orderly and profitable distribution of products by the franchisor;
- (6) Whether the proposed modification is offset by other modifications beneficial to the franchisee;
- (7) Whether the proposed modification violates any provision of the MVFP act.

3. The decision of the administrative hearing commission shall be in writing and shall contain findings of fact and a determination of whether there is good cause for permitting the proposed modification and whether the proposed modification violates any provision of the MVFP act. The administrative hearing commission shall deliver copies of the decision to the parties personally or by registered mail. If the administrative hearing commission determines that there is not good cause for permitting the proposed modification or that the proposed modification violates any provision of the MVFP act, then the franchisor shall not proceed with the proposed modification.

4. For purposes of this section, the term "modification" includes, but is not limited to, any change, amendment, supplement, deletion, addition, or replacement of any provision of the franchise.

407.835. FRANCHISEE'S RIGHT TO ACTION FOR DAMAGES, INJUNCTION, WHEN — RECOVERY OF DAMAGES — DISPUTE RESTRICTIONS. — 1. Notwithstanding any provision

of the franchise to the contrary, in addition to the administrative relief provided in sections 407.810 to 407.835, any [motor vehicle] franchisee may bring an action in any court of competent jurisdiction against a [motor vehicle] franchisor with whom the franchisee has a franchise, **manufacturer, distributor, or importer** for an act or omission which constitutes [an unlawful practice as defined in section 407.825] **a violation of a franchise or the MVFP act** to recover **actual** damages sustained by reason thereof, **plus actual and reasonable expenses of litigation, including, but not limited to, depositions, transcripts, expert witnesses, and attorney fees**, and, where appropriate, such [motor vehicle] franchisee shall be entitled to injunctive relief, but the remedies set forth in this section shall not be deemed exclusive and shall be in addition to any other remedies permitted by law **or equity**.

2. In any action wherein a franchisor, manufacturer, distributor, or importer has been found liable in damages to any franchisee for a willful violation of a franchise or the MVFP act, then any franchisee so damaged shall be entitled to recover actual damages sustained thereby, plus actual and reasonable expenses of litigation, including, but not limited to, depositions, transcripts, expert witnesses, and attorney fees, and, where appropriate, such motor vehicle franchisee shall be entitled to injunctive relief, but the remedies set forth in this section shall not be deemed exclusive and shall be in addition to any other remedies permitted by law or equity. In addition, a court or jury may award a franchisee punitive damages in such amount as it deems appropriate.

3. In the event of a dispute between a franchisee and a franchisor:

(1) At the option of the franchisee, venue of any civil action, other than a proceeding before the administrative hearing commission, shall be proper in the circuit court of Cole County or the circuit court in the judicial circuit where the franchisee resides or has its principal place of business;

(2) Missouri law shall govern the franchise and the dispute, both substantively and procedurally;

(3) No mandatory arbitration provision in any franchise shall be valid;

(4) No waiver of jury trial in any franchise shall be valid;

(5) No provision in any franchise providing for a franchisee to pay a franchisor's attorney fees, mediation costs, arbitration costs, or litigation costs shall be valid;

(6) No provision in any franchise providing for mediation, arbitration, or litigation to occur outside this state shall be valid; and

(7) Unless otherwise provided in the MVFP act, the franchisor shall have the burden of proving by a preponderance of the evidence that it has acted in good faith, that all required notices were given, that good cause exists for its actions, and that its actions were fair and reasonable giving due regard to the equities of the affected parties, except for the franchisee's damages and expenses of litigation.

2. The department of social services, MO HealthNet division, or its contractor may maintain an appropriate action to recover funds paid by the department of social services or MO HealthNet division or its contractor that are due under this section in the name of the state of Missouri against the person, corporation, institution, public agency, or private agency liable to the participant, minor or estate.

3. 6. Every participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death, or his attorney or legal representative shall promptly notify the MO HealthNet division of any recovery from a third party and shall immediately reimburse the department of social services, MO HealthNet division, or its contractor from the proceeds of any settlement, judgment, or other recovery in any action or claim initiated against any such third party. A judgment, award, or settlement in an action by a [recipient] **participant** to recover damages for injuries or other third-party benefits in which the division has an interest may not be satisfied without first giving the division notice and a reasonable opportunity to file and satisfy the claim or proceed with any action as otherwise permitted by law.

7. The department of social services, MO HealthNet division or its contractor shall have a right to recover the amount of payments made to a provider under this chapter because of an injury, disease, or disability, or benefits arising from a health insurance plan to which the participant may be entitled for which a third party is or may be liable in contract, tort or otherwise under law or equity. Upon request by the MO HealthNet division, all third-party payers shall provide the MO HealthNet division with information contained in a 270/271 Health Care Eligibility Benefits Inquiry and Response standard transaction mandated under the federal Health Insurance Portability and Accountability Act, except that third-party payers shall not include accident-only, specified disease, disability income, hospital indemnity, or other fixed indemnity insurance policies.

8. The department of social services or MO HealthNet division shall have a lien upon any moneys to be paid by any insurance company or similar business enterprise, person, corporation, institution, public agency or private agency in settlement or satisfaction of a judgment on any claim for injuries or disability or disease benefits arising from a health insurance program to which the participant may be entitled which resulted in medical expenses for which the department or MO HealthNet division made payment. This lien shall also be applicable to any moneys which may come into the possession of any attorney who is handling the claim for injuries, or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled which resulted in payments made by the department or MO HealthNet division. In each case, a lien notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or participant has a claim, demand or cause of action. The lien shall claim the charge and describe the interest the department or MO HealthNet division has in the claim, demand or cause of action. The lien shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

9. On petition filed by the department, or by the participant, or by the defendant, the court, on written notice of all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the department has charge. The court may determine what portion of the recovery shall be paid to the department against the recovery. In making this determination the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) The amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the participant incident to the recovery; and whether the department should, as a matter of fairness and equity, bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) The amount, if any, of the attorney's fees and other costs incurred by the participant incident to the recovery and paid by the participant up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) The total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the participant, by insurance provided by the participant, and by the department, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) Whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the participant;

(5) The age of the participant and of persons dependent for support upon the participant, the nature and permanency of the participant's injuries as they affect not only the future employability and education of the participant but also the reasonably necessary and foreseeable future material, maintenance, medical rehabilitative and training needs of the participant, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) The realistic ability of the participant to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

10. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction. **The computerized records of the MO HealthNet division, certified by the director or his designee, shall be prima facie evidence of proof of moneys expended and the amount of the debt due the state.**

11. The court may reduce and apportion the department's or MO HealthNet division's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The department or MO HealthNet division shall pay its pro rata share of the attorney's fees based on the department's or MO HealthNet division's lien as it compares to the total settlement agreed upon. This section shall not affect the priority of an attorney's lien under section 484.140, RSMo. 12. Whenever the department of social services or MO HealthNet division has a statutory charge under this section against a recovery for damages incurred by a participant because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, [irrespective] **regardless** of whether [or not] an action based on participant's claim has been filed in court. Nothing herein shall prohibit the director from entering into a compromise agreement with any participant, after consideration of the factors in subsections 9 to 13 of this section.

13. This section shall be inapplicable to any claim, demand or cause of action arising under the workers' compensation act, chapter 287, RSMo. From funds recovered pursuant to this section the federal government shall be paid a portion thereof equal to the proportionate part originally provided by the federal government to pay for MO HealthNet benefits to the participant or minor involved. (2) The MO HealthNet division shall file for record, with the recorder of deeds of the county in which any real property of the participant is situated, a written notice of the lien. The notice of lien shall contain the name of the participant and a description of the real estate. The recorder shall note the time of receiving such notice, and shall record and index the notice of lien in the same manner as deeds of real estate are required to be recorded and indexed. The director or the director's designee may release or discharge all or part of the lien and notice of the release shall also be filed with the recorder. The department of social services, MO HealthNet division, shall provide payment to the recorder of deeds the fees set for similar filings in connection with the filing of a lien and any other necessary documents;

(5) Any lien imposed with respect to an individual pursuant to subparagraph b of paragraph (a) of subdivision (3) of this subsection shall dissolve upon that individual's discharge from the medical institution and return home.

14. The debt due the state provided by this section is subordinate to the lien provided by section 484.130, RSMo, or section 484.140, RSMo, relating to an attorney's lien and to the participant's expenses of the claim against the third party.

Where a duty of support exists and no judicial or administrative decree or temporary order for support has been entered, the person owing the duty of support shall be liable to the state for the entire cost of the medical care provided on behalf of the dependent child or spouse to whom the duty of support is owed.

18. The department director or the director's designee may compromise, settle or waive any such claim in whole or in part in the interest of the MO HealthNet program. Notwithstanding any provision in this section to the contrary, the department of social services, MO HealthNet division is not required to seek reimbursement from a liable third party on claims for which the amount it reasonably expects to recover will be less than the cost of recovery or for which recovery efforts will not be cost-effective. The principal of such funds shall be kept intact and appropriately invested by the trustee, or the independent investment advisor. An endowed care trust agreement may provide that when the principal in an endowed care trust exceeds two hundred fifty thousand dollars, investment decisions regarding the principal and undistributed income may be made by a federally registered or Missouri-registered independent qualified investment advisor designated by the cemetery owner, relieving the trustee of all liability regarding investment decisions made by such qualified investment advisor. It shall be the duty of the trustee, or the investment advisor, in the investment of such funds to exercise the diligence and care men of ordinary prudence, intelligence and discretion would employ, but with a view to permanency of investment considering probable safety of capital investment, income produced and appreciation of capital

investment. The trustee's duties shall be the maintenance of records and the accounting for and investment of moneys deposited by the operator to the endowed care fund. For the purposes of sections 214.270 to 214.410, the trustee or investment advisor shall not be deemed to be responsible for the care, the maintenance, or the operation of the cemetery, or for any other matter relating to the cemetery, including, but not limited to, compliance with environmental laws and regulations. No funds shall be expended without the signature of either the administrator of the office of endowed care cemeteries, or a licensed practicing attorney with escrow powers in this state. The account shall be insured by the Federal Deposit Insurance Corporation or comparable deposit insurance and held in the state- or federally chartered financial institution authorized to do business in Missouri and located in this state. The income from the endowed care fund shall be distributed to the cemetery operator at least in annual or semiannual installments. The cemetery operator shall have the duty and responsibility to apply the income to provide care and maintenance only for that part of the cemetery in which burial space shall have been sold and with respect to which sales the endowed care fund shall have been established and not for any other purpose. The principal of such funds shall be kept intact and appropriately invested by the cemetery operator with written approval of either the administrator of the office of endowed care cemeteries or a licensed practicing attorney with escrow powers in this state. It shall be the duty of the cemetery owner in the investment of such funds to exercise the diligence and care a person of reasonable prudence, intelligence and discretion would employ, but with a view to permanency of investment considering probable safety of capital investment, income produced and appreciation of capital investment. The cemetery owner's duties shall be the maintenance of records and the accounting for an investment of moneys deposited by the operator to the endowed care fund. The endowed care fund agreement shall be subject to review and approval by the office of endowed care cemeteries or by a licensed practicing attorney with escrow powers in this state. The endowed care cemetery shall be notified in writing by the office of endowed care cemeteries or by a licensed practicing attorney with escrow powers in this state regarding the approval or disapproval of the endowed care fund agreement and regarding any changes required to be made for compliance with this chapter and the rules and regulations promulgated thereunder. A copy of the proposed endowed care fund agreement shall be submitted to the office of endowed care cemeteries. The office of endowed care cemeteries or a licensed practicing attorney with escrow powers in this state shall notify the endowed care cemetery in writing of approval and of any required change. Any amendment or change to the endowed care

fund agreement shall be submitted to the office of endowed care cemeteries or to a licensed practicing attorney with escrow powers in this state for review and approval. (8) The income from the endowed care fund may be distributed to the cemetery operator at least annually on a date designated by the cemetery operator, but no later than sixty days following the end of the trust fund year. Any income not distributed within sixty

days following the end of the trust's fiscal year shall be added to and held as part of the principal of the trust fund.

3. The cemetery operator shall have the duty and responsibility to apply the income distributed to provide care and maintenance only for that part of the cemetery designated as an endowed care section and not for any other purpose.

4. In addition to any other duty, obligation, or requirement imposed by sections 214.270 to 214.410 or the endowed care trust agreement, the trustee's duties shall be the maintenance of records related to the trust and the accounting for and investment of moneys deposited by the operator to the endowed care trust fund.

(2) With respect to cemetery property maintained by endowed care funds, the cemetery operator shall be responsible for the performance of the care and maintenance of the cemetery property.

8. All endowed care cemeteries shall be under a continuing duty to file with the office of endowed care cemeteries and to submit for prior approval any and all changes, amendments, or revisions of the endowed care trust fund agreement, at least thirty days before the effective date of such change, amendment, or revision.

9. If the endowed care trust fund agreement, or any changes, amendments, or revisions filed with the office, are not disapproved by the office within thirty days after submission by the cemetery operator, the endowed care trust fund agreement, or the related change, amendment, or revision, shall be deemed approved and may be used by the cemetery operator and the trustee. Notwithstanding any other provision of this section, the office may review and disapprove an endowed care trust fund agreement, or any submitted change, amendment, or revision, after the thirty days provided herein or at any other time if the agreement is not in compliance with sections 214.270 to 214.410 or the rules promulgated thereunder. Notice of disapproval by the office shall be in writing and delivered to the cemetery operator and the trustee within ten days of disapproval.

214.389. SUSPENSION OF DISTRIBUTION, WHEN, PROCEDURE. — 1. The division may direct a trustee, financial institution, or escrow agent to suspend distribution from an endowed care trust fund or escrow account if the cemetery operator does not have a current and active cemetery operator license, has failed to file an annual report, or if, after an audit or examination, the division determines there is a deficiency in an endowed care trust fund or escrow account maintained under section 214.330 and the cemetery operator has failed to file a corrective action plan detailing how the deficiency shall be remedied. For purposes of this section, a deficiency shall only be deemed to exist if, after an audit or examination, the division determines a cemetery operator has failed to deposit the total aggregate of funds required to be deposited in trust or an escrow account pursuant to section 214.320 or subsection 1 of section 214.335, or has received disbursements from the trust or escrow account in excess of what is permitted under section 214.330. No deficiency shall be deemed to be created by fluctuations in the value of investments held in trust or escrow.

2. The division shall provide written notification to the cemetery operator and the trustee, financial institution, or escrow agent within fourteen days of discovering a potential violation as described in this section. Upon receipt of written notification from the division, the cemetery operator shall have sixty days to cure any alleged violations or deficiencies cited in the notification without a suspension of distribution. If, after the sixty-day time period, the division feels the cemetery has not cured the alleged violations or deficiencies cited in the notification, the division may send a notice of suspension to the cemetery operator that the division is ordering a suspension of distribution as described in this section. In the event of a suspension of distribution, the amount of any distribution suspended shall become principal, with credit against the deficiency, unless the cemetery operator files an appeal with a court of competent jurisdiction or with the administrative hearing commission, as provided herein. In the event of an appeal, a cemetery operator

may request the court or administrative hearing commission stay the suspension of distribution after a showing of necessity and good cause or authorize payment from the endowed care trust fund or escrow account for necessary expenses from any amount subject to distribution.

3. Upon receipt of an order from the division suspending distribution pursuant to this section, a trustee, financial institution, or escrow agent shall immediately suspend distribution as required by the order. A trustee, financial institution, or escrow agent shall be exempt from liability for failure to distribute funds as ordered by the division.

4. A cemetery operator may appeal an order suspending distribution pursuant to this section to the administrative hearing commission. The administrative hearing commission shall receive notice of such appeal within thirty days from the date the notice of suspension was mailed by certified mail. Failure of a person whose license was suspended to notify the administrative hearing commission of his or her intent to appeal waives all rights to appeal the suspension. Upon notice of such person's intent to appeal, a hearing shall be held before the administrative hearing commission pursuant to chapter 621.

5. A cemetery operator may apply for reinstatement of distributions upon demonstration that the deficiencies or other problems have been cured or that the operator has otherwise come into compliance.

6. The division may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

7. In any investigation, hearing or other proceeding to determine a licensee's or applicant's fitness to practice, any record relating to any patient of the licensee or applicant shall be discoverable by the board and admissible into evidence, regardless of any statutory or common law privilege which such licensee, applicant, record custodian or patient might otherwise invoke. All stay orders shall toll this time period.

5. Before restoring to good standing a license issued under this chapter which has been in a revoked, suspended, or inactive state for any cause for more than two years, the board may

require the applicant to attend such continuing medical education courses and pass such examinations as the board may direct.

For the purposes of this section, the percentage of time a physician assistant provides patient care with the supervising physician on-site shall be measured each calendar quarter. The supervising physician must be readily available in person or via telecommunication during the time the physician assistant is providing patient care. The board shall promulgate rules pursuant to chapter 536, RSMo, for documentation of joint review of the physician assistant activity by the supervising physician and the physician assistant. The physician assistant shall be limited to practice at locations where the supervising physician is no further than thirty miles by road using the most direct route available, or in any other fashion so distanced as to create an impediment to effective intervention and supervision of patient care or adequate review of services. Any other provisions of this chapter notwithstanding, for up to ninety days following the effective date

of rules promulgated by the board to establish the waiver process under subsection 2 of this section, any physician assistant practicing in a health professional shortage area as of April 1, 2007, shall be allowed to practice under the on-site requirements stipulated by the supervising physician on the supervising physician form that was in effect on April 1, 2007.

2. The board shall promulgate rules under chapter 536, RSMo, to direct the advisory commission on physician assistants to establish a formal waiver mechanism by which an individual physician-physician assistant team may apply for alternate minimum amounts of on-site supervision and maximum distance from the supervising physician. After review of an application for a waiver, the advisory commission on physician assistants shall present its recommendation to the board for its advice and consent on the approval or denial of the application. The rule shall establish a process by which the public is invited to comment on the application for a waiver, and shall specify that a waiver may only be granted if a supervising physician and physician assistant demonstrate to the board's satisfaction in accordance with its uniformly applied criteria that:

(1) Adequate supervision will be provided by the physician for the physician assistant, given the physician assistant's training and experience and the acuity of patient conditions normally treated in the clinical setting;

(2) The physician assistant shall be limited to practice at locations where the supervising physician is no further than fifty miles by road using the most direct route available, or in any other fashion so distanced as to create an impediment to effective intervention and supervision of patient care or adequate review of services;

(3) The community or communities served by the supervising physician and physician assistant would experience reduced access to health care services in the absence of a waiver;

(4) The applicant will practice in an area designated at the time of application as a health professional shortage area;

(5) Nothing in this section shall be construed to require a physician-physician assistant team to increase their on-site requirement allowed in their initial waiver in order to qualify for renewal of such waiver;

(6) If a waiver has been granted by the board of healing arts **on or after August 28, 2009**, to a **physician-physician assistant team** working in a rural health clinic under the federal Rural Health Clinic Services Act, P.L. 95-210, as amended, no additional waiver shall be required **for the physician-physician assistant team**, so long as the rural health clinic maintains its status as a rural health clinic under such federal act, and such [physician assistant and supervising physician] **physician-physician assistant team** comply with federal supervision requirements. **No supervision requirements in addition to the minimum federal law shall be required for the physician-physician assistant team in a rural health clinic if a waiver has been granted by the board. However, the board shall be able to void a current waiver after conducting a hearing and upon a finding of fact that the physician-physician assistant team has failed to comply with such federal act or either member of the team has violated a provision of this chapter;**

(7) A physician assistant shall only be required to seek a renewal of a waiver every five years or when his or her supervising physician is a different physician than the physician shown on the waiver application or they move their primary practice location more than ten miles from the location shown on the waiver application.

3. The scope of practice of a physician assistant shall consist only of the following services and procedures:

Prescribing and dispensing of drugs, medications, devices or therapies by a physician assistant shall be pursuant to a physician assistant supervision agreement which is specific to the clinical conditions treated by the supervising physician and the physician assistant shall be subject to the following:

(1) A physician assistant shall only prescribe controlled substances in accordance with section 334.747;

(2) The types of drugs, medications, devices or therapies prescribed or dispensed by a physician assistant shall be consistent with the scopes of practice of the physician assistant and the supervising physician;

(6) A physician assistant may only dispense starter doses of medication to cover a period of time for seventy-two hours or less.

5. A physician assistant shall clearly identify himself or herself as a physician assistant and shall not use or permit to be used in the physician assistant's behalf the terms "doctor", "Dr." or "doc" nor hold himself or herself out in any way to be a physician or surgeon. No physician assistant shall practice or attempt to practice without physician supervision or in any location where the supervising physician is not immediately available for consultation, assistance and intervention, except as otherwise provided in this section, and in an emergency situation, nor shall any physician assistant bill a patient independently or directly for any services or procedure by the physician assistant.

6. For purposes of this section, the licensing of physician assistants shall take place within processes established by the state board of registration for the healing arts through rule and regulation. The board of healing arts is authorized to establish rules pursuant to chapter 536, RSMo, establishing licensing and renewal procedures, supervision, supervision agreements, fees, and addressing such other matters as are necessary to protect the public and discipline the profession. An application for licensing may be denied or the license of a physician assistant may be suspended or revoked by the board in the same manner and for violation of the standards as set forth by section 334.100, or such other standards of conduct set by the board by rule or regulation. Persons licensed pursuant to the provisions of chapter 335, RSMo, shall not

be required to be licensed as physician assistants. All applicants for physician assistant licensure who complete a physician assistant training program after January 1, 2008, shall have a master's degree from a physician assistant program.

7. "Physician assistant supervision agreement" means a written agreement, jointly agreed-upon protocols or standing order between a supervising physician and a physician assistant, which provides for the delegation of health care services from a supervising physician to a physician assistant and the review of such services.

9. At all times the physician is responsible for the oversight of the activities of, and accepts responsibility for, health care services rendered by the physician assistant.

10. It is the responsibility of the supervising physician to determine and document the completion of at least a one-month period of time during which the licensed physician assistant shall practice with a supervising physician continuously present before practicing in a setting where a supervising physician is not continuously present.

11. No contract or other agreement shall require a physician to act as a supervising physician for a physician assistant against the physician's will. A physician shall have the right to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the supervising physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician for more than three full-time equivalent licensed physician assistants. This limitation shall not apply to physician assistant agreements of hospital employees providing inpatient care service in hospitals as defined in chapter 197, RSMo.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 208.010, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 208.010 and 208.046, to read as follows:

208.010. ELIGIBILITY FOR PUBLIC ASSISTANCE, HOW DETERMINED — MEANS TEST — CERTAIN MEDICAL ASSISTANCE BENEFITS TO INCLUDE PAYMENT OF DEDUCTIBLE AND COINSURANCE — PREVENTION OF SPOUSAL IMPOVERISHMENTS, DIVISION OF ASSETS, COMMUNITY SPOUSE DEFINED — BURIAL LOTS DEFINED — DIVERSION OF INSTITUTIONALIZED SPOUSE'S INCOME. — 1. In determining the eligibility of a claimant for public assistance pursuant to this law, it shall be the duty of the division of family services to consider and take into account all facts and circumstances surrounding the claimant, including his or her living conditions, earning capacity, income and resources, from whatever source received, and if from all the facts and circumstances the claimant is not found to be in need, assistance shall be denied. In determining the need of a claimant, the costs of providing medical treatment which may be furnished pursuant to sections 208.151 to 208.158 and 208.162 shall be disregarded. The amount of benefits, when added to all other income, resources, support, and maintenance shall provide such persons with reasonable subsistence compatible with decency and health in accordance with the standards developed by the division of family services; provided, when a husband and wife are living together, the combined income and resources of both shall be considered in determining the eligibility of either or both. In determining the need of a claimant in federally aided programs there shall be disregarded such amounts per month of earned income in making such determination as shall be required for federal participation by the provisions of the federal Social Security Act (42 U.S.C.A. 301 et seq.), or any amendments thereto. When federal law or regulations require the exemption of other income or resources, the division of family services may provide by rule or regulation the amount of income or resources to be disregarded.

2. Benefits shall not be payable to any claimant who:

(1) Has or whose spouse with whom he or she is living has, prior to July 1, 1989, given away or sold a resource within the time and in the manner specified in this subdivision. subsection, and subsection 5 of this section) any resource or interest therein owned by such individual or spouse within the twenty-four months preceding the initial investigation, or at any time during which benefits are being drawn, if such individual or spouse gave away or sold such resource or interest within such period of time at less than fair market value of such resource or interest for the purpose of establishing eligibility for benefits, including but not limited to benefits based on December, 1973, eligibility requirements, as follows:

(a) Any transaction described in this subdivision shall be presumed to have been for the purpose of establishing eligibility for benefits or assistance pursuant to this chapter unless such individual furnishes convincing evidence to establish that the transaction was exclusively for some other purpose;

(b) The resource shall be considered in determining eligibility from the date of the transfer for the number of months the uncompensated value of the disposed of resource is divisible by the average monthly grant paid or average Medicaid payment in the state at the time of the investigation to an individual or on his or her behalf under the program for which benefits are claimed, provided that:

a. When the uncompensated value is twelve thousand dollars or less, the resource shall not be used in determining eligibility for more than twenty-four months; or

b. When the uncompensated value exceeds twelve thousand dollars, the resource shall not be used in determining eligibility for more than sixty months;

(2) The provisions of subdivision (1) of this subsection shall not apply to a transfer, other than a transfer to claimant's spouse, made prior to March 26, 1981, when the claimant furnishes convincing evidence that the uncompensated value of the disposed of resource or any part thereof is no longer possessed or owned by the person to whom the resource was transferred;

(3) Has received, or whose spouse with whom he or she is living has received, benefits to which he or she was not entitled through misrepresentation or nondisclosure of material facts or failure to report any change in status or correct information with respect to property or income as required by section 208.210. A claimant ineligible pursuant to this subsection shall be ineligible for such period of time from the date of discovery as the division of family services may deem proper; or in the case of overpayment of benefits, future benefits may be decreased, suspended or entirely withdrawn for such period of time as the division may deem proper;

208.046. CHILD CARE ASSISTANCE, INCOME ELIGIBILITY CRITERIA, VOUCHERS OR DIRECT REIMBURSEMENT, WHEN. — 1. The children's division shall promulgate rules to become effective no later than July 1, 2011, to modify the income eligibility criteria for any person receiving state-funded child care assistance under this chapter, either through vouchers or direct reimbursement to child care providers, as follows:

(1) Child care recipients eligible under this chapter and the criteria set forth in 13 CSR 35-32.010, may pay a fee based on adjusted gross income and family size unit based on a child care sliding fee scale established by the children's division, which shall be subject to appropriations. However, a person receiving state-funded child care assistance under this chapter and whose income surpasses the annual appropriation level may continue to receive reduced subsidy benefits on a scale established by the children's division, at which time such person will have assumed the full cost of the maximum base child care subsidy rate established by the children's division and shall be no longer eligible for child care subsidy benefits;

(2) The sliding scale fee may be waived for children with special needs as established by the division; and

(3) The maximum payment by the division shall be the applicable rate minus the applicable fee.

2. For purposes of this section, "annual appropriation level" shall mean the maximum income level to be eligible for a full child care benefit as determined through the annual appropriations process.

3. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

184.503. CREATION OF DISTRICT AND SALES TAX AUTHORIZED — BALLOT LANGUAGE — SALES TAX REVENUE, USE OF — WITHDRAWAL FROM DISTRICT, PROCEDURE. — 1. The governing body of any eligible county may, by resolution, authorize the creation of or participation in a district, and may impose a sales tax on all retail sales made within the eligible county which are subject to sales tax under chapter 144. The tax authorized in this section shall not exceed one-fourth of one percent, and shall be imposed solely for the purpose of funding the support of zoological activities within the district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. Such creation of or participation in such district and the levy of the sales tax may be accomplished individually or on a cooperative basis with another eligible county or other eligible counties for financial support of the district. A petition requesting such creation of or participation in such district and the levy of the sales tax for the purpose of funding the support of zoological activities within the district may also be filed with the governing body, and shall be signed by not less than the number of qualified electors of an eligible county equal to five percent of the number of ballots cast and counted at the last preceding gubernatorial election held in such county. No such resolution adopted or petition presented under this section shall become effective unless the governing body of the eligible county submits to the voters residing within the eligible county at a state general, primary, or special election a proposal to authorize the governing body of the eligible county to create or participate in a district and to impose a tax under this section. The county election official shall give legal notice at least sixty days prior to such general or primary election or special election in at least two newspapers that such proposition or propositions shall be submitted at the next general or primary election or special election held for submission of this proposition. The resolution or proposition shall be printed on the ballot and in the notice of election. Provisions of this section to the contrary notwithstanding, no tax authorized under the provisions of this section shall be effective in any eligible noncharter county unless the tax authorized under the provisions of this section is also collected by an eligible charter county.

2. The ballot for the proposition in any county shall be in substantially the following form:

"Shall a retail sales tax of (insert amount, not to exceed one-quarter of one percent) be levied and collected for the benefit of the Kansas City Zoological District, which shall be created and consist of the county(s) of (insert name of counties), for the support of zoological activities with the district?

☐ YES

☐ NO"

The governing body of the county may place additional language on the ballot to describe the use or allocation of the funds.

3. In the event that a majority of the voters voting on such proposition in such county at said election cast votes for the proposition, then the district shall be deemed established and the tax rate for such subdistrict shall be deemed in full force and effect as of the first day of the year following the year of said election and the governing body of such county may proceed with the performance of all things necessary and incidental to participation in the district. The results of the aforesaid election shall be certified by the election officials of such county to the governing body of such county not less than thirty days after the day of election. In the event the proposition shall fail to receive a majority of the votes "FOR", then such proposition shall not be resubmitted at any election held within one year of the date of the election the proposition was rejected. Any such resubmissions of such proposition shall substantially comply with the provisions of sections 184.500 to 184.515.

4. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

5. All sales taxes collected by the director of revenue from the tax authorized by this section on behalf of the district, less one percent for cost of collection, which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds, as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "Kansas City Zoological District Sales Tax Trust Fund". The moneys in the Kansas City Zoological District Sales Tax Trust Fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money collected and deposited in the trust fund and the records shall be open to the inspection of officers of the district, the counties composing the district, and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the Kansas City Zoological District Sales Tax Trust Fund during the preceding month to the district.

6. The director of revenue may make refunds from the amounts in the Kansas City Zoological District Sales Tax Trust Fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of the district. If the district abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the Kansas City Zoological District Sales Tax Trust Fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such account. After one year has elapsed after the effective date of abolition of the tax in the district, the director of revenue shall remit the balance in the account to the district and close the account of the district. The director of revenue shall notify the district of each instance of any amount refunded or any check redeemed from receipts due the district.

7. Any of the eligible counties composing the Kansas City Zoological District may withdraw from the district by adoption of a resolution and approval of the resolution by a majority of the qualified electors of the county, in the same manner provided in this

section for creating or becoming a part of the district. The governing body of a withdrawing county shall provide for the sending of formal written notice of withdrawal from the district to the governing body of the other county or each of the other counties comprising the district. Actual withdrawal shall not take effect until ninety days after notice has been sent. A withdrawing county shall not be relieved from any obligation that such county may have assumed or incurred by reason of being a part of the district, including, but not limited to, the retirement of any outstanding bonded indebtedness of the district.

(2) One member of the Kansas City, Missouri Board of Parks and Recreation, who shall be appointed by a majority vote of such board;

(3) One member shall be the executive director of the Kansas City Zoo;

(4) One member shall be appointed by the governing body of each eligible county which establishes the district under section 184.503 in the following manner:

(a) The Friends of the Zoo, Inc., shall provide the names of three individuals to the governing body of each eligible county. Each individual named shall be at least twenty-one years of age, a resident of such eligible county, and a registered voter of such eligible county;

(b) Within sixty days of receiving the three names provided under paragraph (a) of this subdivision, the governing body of each eligible charter county shall select by a majority vote one individual from the three names provided under paragraph (a) of this subdivision who shall then serve as a member of the district's commission for a term described under subsection 2 of this section. Within sixty days of receiving the three names provided under paragraph (a) of this subdivision, the governing body of each eligible noncharter county shall select by unanimous vote one individual from the three names provided under paragraph (a) of this subdivision who shall then serve as a member of the district's commission for a term described under subsection 2 of this section.

2. The term of each commissioner, initially appointed by a county governing body, shall expire concurrently with such commissioner's tenure as a county officer or three years after the date of appointment as a commissioner, whichever occurs first. The term of each succeeding commissioner shall expire concurrently with such successor commissioner's tenure as a county officer or four years after the date of appointment as a commissioner, whichever occurs first. The term of the commissioner initially appointed by the Kansas City, Missouri Board of Parks and Recreation shall expire concurrently with such commissioner's tenure as a member of the Kansas City, Missouri Board of Parks and Recreation, or one year after the date of appointment as a commissioner, whichever occurs first. The term of each commissioner succeeding a commissioner appointed by the Kansas City, Missouri Board of Parks and Recreation shall expire concurrently with such successor commissioner's tenure as a member of the Kansas City, Missouri Board of Parks and Recreation or four years after the date of appointment as a commissioner, whichever occurs first. The term of each commissioner initially appointed by the governing body of an eligible county shall expire four years after the date of appointment as a commissioner. The term of each commissioner succeeding a commissioner appointed by the governing body of an eligible county shall expire four years after the date of appointment as commissioner. If an eligible county withdraws under subsection 7 of section 184.503, then the position of commissioner appointed by such

eligible county ends on the date on which the withdrawal becomes effective. The term of the executive director of the Kansas City Zoo shall not expire but shall transfer automatically to the current executive director of the Kansas City Zoo or any interim director. Any vacancy occurring in a commissioner position for reasons other than expiration of terms of office shall be filled for the unexpired term by appointment in the same manner that the original appointment was made. Any commissioner may be removed for cause by the appointing authority of the commissioner.

3. The commission shall select annually, from its membership, a chairperson, a vice chairperson, and a treasurer. The treasurer shall be bonded in such amounts as the commission may require.

4. The commission may appoint such officers, agents, and employees as it may require for the performance of its duties, and shall determine the qualifications and duties and fix the compensation of such officers, agents, and employees.

6. A majority of the commissioners shall constitute, in the aggregate, a quorum for the transaction of business. No action of the commission shall be binding unless taken at a meeting at which at least a quorum is present, and unless a majority of the commissioners present at such meeting, shall vote in favor thereof. In the event a quorum is present and there is a tie vote on a pending motion, the executive director of the Kansas City Zoo shall have the power to break the tie by exercising an additional vote. No action of the commission taken at a meeting thereof shall be binding unless the subject of such action is included in a written agenda for such meeting, the agenda and notice of meeting having been mailed to each commissioner by postage-paid first class mail at least fourteen calendar days prior to the meeting.

7. The commissioners shall be subject to the provisions of the laws of this state, which relate to conflicts of interest, in any zoological activity supported by the district or commission or in any other business transaction of the district or commission. A commissioner shall disclose any conflict of interest in writing to the other commissioners and shall abstain from voting on any matter relating to such facility, organization, or activity or such business transaction, except that the executive director of Kansas City Zoo shall not be required to abstain from voting on matters relating to the Kansas City Zoo.

8. Commissioners shall enjoy official immunity under the common law for any action at law or equity, or other legal proceeding against any commissioner relating to any act or omission of the commissioner arising out of his or her performance of duties as a commissioner. If any action at law or equity, or other legal proceeding, shall be brought against any commissioner for any act or omission arising out of the performance of duties as a commissioner, the commissioner shall be indemnified in whole and held harmless by the commission for any judgment or decree entered against the commissioner and, further, shall be defended at the cost of expense of the commission in any such proceeding.

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

Upon the expiration of any sales and use tax adopted pursuant to this section, all funds remaining in the special trust fund shall continue to be used solely for the specific purpose designated in the ballot adopted by the qualified voters. Any funds in such special trust fund which are not needed for current expenditures may be invested by the port authority pursuant to applicable laws relating to the investment of other port authority funds and the port authority may use such funds for other approved port improvement projects.

8. A port authority may repeal by resolution any sales and use tax imposed pursuant to this section before the expiration date of such sales and use tax unless the repeal of such sales and use tax will impair the port authority's ability to repay, or unless the sales and use tax in any way secure any outstanding obligations the port authority has incurred to pay any part of the qualified project costs of any approved port improvement project.

208.215. PAYER OF LAST RESORT — LIABILITY FOR DEBT DUE THE STATE, CEILING — RIGHTS OF DEPARTMENT, WHEN, PROCEDURE, EXCEPTION — REPORT OF INJURIES REQUIRED, FORM, RECOVERY OF FUNDS — RECOVERY OF MEDICAL ASSISTANCE PAID, WHEN — COURT MAY ADJUDICATE RIGHTS OF PARTIES, WHEN. — 1. MO HealthNet is payer of last resort unless otherwise specified by law. When any person, corporation, institution, public agency or private agency is liable, either pursuant to contract or otherwise, to a participant receiving public assistance on account of personal injury to or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled, payments made by the department of social services or MO HealthNet division shall be a debt due the state and recoverable from the liable party or participant for all payments made [in] on behalf of the participant and the debt due the state shall not exceed the payments made from MO HealthNet benefits provided under sections 208.151 to 208.158 and section 208.162 and section 208.204 on behalf of the participant, minor or estate for payments on account of the injury, disease, or

disability or benefits arising from a health insurance program to which the participant may be entitled. **Any health benefit plan as defined in section 376.1350, third party administrator, administrative service organization, and pharmacy benefits manager, shall process and pay all properly submitted medical assistance subrogation claims or MO HealthNet subrogation claims using standard electronic transactions or paper claim forms:**

(1) For a period of three years from the date services were provided or rendered; however, an entity:

(a) Shall not be required to reimburse for items or services which are not covered under MO HealthNet;

(b) Shall not deny a claim submitted by the state solely on the basis of the date of submission of the claim, the type or format of the claim form, failure to present proper documentation of coverage at the point of sale, or failure to provide prior authorization;

(c) Shall not be required to reimburse for items or services for which a claim was previously submitted to the health benefit plan, third party administrator, administrative service organization, or pharmacy benefits manager by the health care provider or the participant and the claim was properly denied by the health benefit plan, third party administrator, administrative service organization, or pharmacy benefits manager for procedural reasons, except for timely filing, type or format of the claim form, failure to present proper documentation of coverage at the point of sale, or failure to obtain prior authorization;

(d) Shall not be required to reimburse for items or services which are not covered under or were not covered under the plan offered by the entity against which a claim for subrogation has been filed; and

(e) Shall reimburse for items or services to the same extent that the entity would have been liable as if it had been properly billed at the point of sale, and the amount due is limited to what the entity would have paid as if it had been properly billed at the point of sale; and

(2) If any action by the state to enforce its rights with respect to such claim is commenced within six years of the state's submission of such claim.

2. The department of social services, MO HealthNet division, or its contractor may maintain an appropriate action to recover funds paid by the department of social services or MO HealthNet division or its contractor that are due under this section in the name of the state of Missouri against the person, corporation, institution, public agency, or private agency liable to the participant, minor or estate.

3. Any participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death who pursues legal rights against a person, corporation, institution, public agency, or private agency liable to that participant or minor for injuries, disease or disability or benefits arising from a health insurance plan to which the participant may be entitled as outlined in subsection 1 of this section shall upon actual knowledge that the department of social services or MO HealthNet division has paid MO HealthNet benefits as defined by this chapter promptly notify the MO HealthNet division as to the pursuit of such legal rights.

4. Every applicant or participant by application assigns his right to the department of social services or MO HealthNet division of any funds recovered or expected to be recovered to the extent provided for in this section. All applicants and participants, including a person authorized by the probate code, shall cooperate with the department of social services, MO HealthNet division in identifying and providing information to assist the state in pursuing any third party who may be liable to pay for care and services available under the state's plan for MO HealthNet benefits as provided in sections 208.151 to 208.159 and sections 208.162 and 208.204. All applicants and participants shall cooperate with the agency in obtaining third-party resources due to the applicant, participant, or child for whom assistance is claimed. Failure to cooperate without good cause as determined by the department of social services, MO HealthNet division

in accordance with federally prescribed standards shall render the applicant or participant ineligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204. A [recipient] **participant** who has notice or who has actual knowledge of the department's rights to third-party benefits who receives any third-party benefit or proceeds for a covered illness or injury is either required to pay the division within sixty days after receipt of settlement proceeds the full amount of the third-party benefits up to the total MO HealthNet benefits provided or to place the full amount of the third-party benefits in a trust account for the benefit of the division pending judicial or administrative determination of the division's right to third-party benefits.

5. Every person, corporation or partnership who acts for or on behalf of a person who is or was eligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204 for purposes of pursuing the applicant's or participant's claim which accrued as a result of a nonoccupational or nonwork-related incident or occurrence resulting in the payment of MO HealthNet benefits shall notify the MO HealthNet division upon agreeing to assist such person and further shall notify the MO HealthNet division of any institution of a proceeding, settlement or the results of the pursuit of the claim and give thirty days' notice before any judgment, award, or settlement may be satisfied in any action or any claim by the applicant or participant to recover damages for such injuries, disease, or disability, or benefits arising from a health insurance program to which the participant may be entitled.

6. Every participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death, or his attorney or legal representative shall promptly notify the MO HealthNet division of any recovery from a third party and shall immediately reimburse the department of social services, MO HealthNet division, or its contractor from the proceeds of any settlement, judgment, or other recovery in any action or claim initiated against any such third party. A judgment, award, or settlement in an action by a [recipient] **participant** to recover damages for injuries or other third-party benefits in which the division has an interest may not be satisfied without first giving the division notice and a reasonable opportunity to file and satisfy the claim or proceed with any action as otherwise permitted by law.

7. The department of social services, MO HealthNet division or its contractor shall have a right to recover the amount of payments made to a provider under this chapter because of an injury, disease, or disability, or benefits arising from a health insurance plan to which the participant may be entitled for which a third party is or may be liable in contract, tort or otherwise under law or equity. Upon request by the MO HealthNet division, all third-party payers shall provide the MO HealthNet division with information contained in a 270/271 Health Care Eligibility Benefits Inquiry and Response standard transaction mandated under the federal Health Insurance Portability and Accountability Act, except that third-party payers shall not include accident-only, specified disease, disability income, hospital indemnity, or other fixed indemnity insurance policies.

8. The department of social services or MO HealthNet division shall have a lien upon any moneys to be paid by any insurance company or similar business enterprise, person, corporation, institution, public agency or private agency in settlement or satisfaction of a judgment on any claim for injuries or disability or disease benefits arising from a health insurance program to which the participant may be entitled which resulted in medical expenses for which the department or MO HealthNet division made payment. This lien shall also be applicable to any moneys which may come into the possession of any attorney who is handling the claim for injuries, or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled which resulted in payments made by the department or MO HealthNet division. In each case, a lien notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or participant has a claim, demand or cause of action. The lien shall claim the charge and describe the interest the department or MO HealthNet division has in the claim, demand or cause of action. The lien shall attach to any

verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

9. On petition filed by the department, or by the participant, or by the defendant, the court, on written notice of all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the department has charge. The court may determine what portion of the recovery shall be paid to the department against the recovery. In making this determination the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) The amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the participant incident to the recovery; and whether the department should, as a matter of fairness and equity, bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) The amount, if any, of the attorney's fees and other costs incurred by the participant incident to the recovery and paid by the participant up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) The total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the participant, by insurance provided by the participant, and by the department, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) Whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the participant;

(5) The age of the participant and of persons dependent for support upon the participant, the nature and permanency of the participant's injuries as they affect not only the future employability and education of the participant but also the reasonably necessary and foreseeable future material, maintenance, medical rehabilitative and training needs of the participant, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) The realistic ability of the participant to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

10. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction. **The computerized records of the MO HealthNet division, certified by the director or his designee, shall be prima facie evidence of proof of moneys expended and the amount of the debt due the state.**

11. The court may reduce and apportion the department's or MO HealthNet division's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The department or MO HealthNet division shall pay its pro rata share of the attorney's fees based on the department's or MO HealthNet division's lien as it compares to the total settlement agreed upon. This section shall not affect the priority of an attorney's lien under section 484.140, RSMo. The charges of the department or MO HealthNet division or contractor described in this section, however, shall take priority over all other liens and charges existing under the laws of the state of Missouri with the exception of the attorney's lien under such statute.

12. Whenever the department of social services or MO HealthNet division has a statutory charge under this section against a recovery for damages incurred by a participant because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, [irrespective] **regardless** of whether [or not] an action based on participant's claim has been filed in court. Nothing herein shall prohibit the director from entering into a compromise agreement with any participant, after consideration of the factors in subsections 9 to 13 of this section.

13. This section shall be inapplicable to any claim, demand or cause of action arising under the workers' compensation act, chapter 287, RSMo. From funds recovered pursuant to this section the federal government shall be paid a portion thereof equal to the proportionate part originally provided by the federal government to pay for MO HealthNet benefits to the participant or minor involved. The department or MO HealthNet division shall enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on permanently institutionalized individuals. The department or MO HealthNet division shall have the right to enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on all other institutionalized individuals. For the purposes of this subsection, "permanently institutionalized individuals" includes those people who the department or MO HealthNet division determines cannot reasonably be expected to be discharged and return home, and "property" includes the homestead and all other personal and real property in which the participant has sole legal interest or a legal interest based upon co-ownership of the property which is the result of a transfer of property for less than the fair market value within thirty months prior to the participant's entering the nursing facility. The following provisions shall apply to such liens:

(1) The lien shall be for the debt due the state for MO HealthNet benefits paid or to be paid on behalf of a participant. The amount of the lien shall be for the full amount due the state at the time the lien is enforced;

(2) The MO HealthNet division shall file for record, with the recorder of deeds of the county in which any real property of the participant is situated, a written notice of the lien. The notice of lien shall contain the name of the participant and a description of the real estate. The recorder shall note the time of receiving such notice, and shall record and index the notice of lien in the same manner as deeds of real estate are required to be recorded and indexed. The director or the director's designee may release or discharge all or part of the lien and notice of the release shall also be filed with the recorder. The department of social services, MO HealthNet division, shall provide payment to the recorder of deeds the fees set for similar filings in connection with the filing of a lien and any other necessary documents;

(3) No such lien may be imposed against the property of any individual prior to the individual's death on account of MO HealthNet benefits paid except:

(a) In the case of the real property of an individual:

a. Who is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution, to spend for costs of medical care all but a minimal amount of his or her income required for personal needs; and

b. With respect to whom the director of the MO HealthNet division or the director's designee determines, after notice and opportunity for hearing, that he cannot reasonably be expected to be discharged from the medical institution and to return home. The hearing, if requested, shall proceed under the provisions of chapter 536, RSMo, before a hearing officer designated by the director of the MO HealthNet division; or

(b) Pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual;

(4) No lien may be imposed under paragraph (b) of subdivision (3) of this subsection on such individual's home if one or more of the following persons is lawfully residing in such home:

(a) The spouse of such individual;

(b) Such individual's child who is under twenty-one years of age, or is blind or permanently and totally disabled; or

(c) A sibling of such individual who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution;

(5) Any lien imposed with respect to an individual pursuant to subparagraph b of paragraph (a) of subdivision (3) of this subsection shall dissolve upon that individual's discharge from the medical institution and return home.

14. The debt due the state provided by this section is subordinate to the lien provided by section 484.130, RSMo, or section 484.140, RSMo, relating to an attorney's lien and to the participant's expenses of the claim against the third party.

15. Application for and acceptance of MO HealthNet benefits under this chapter shall constitute an assignment to the department of social services or MO HealthNet division of any rights to support for the purpose of medical care as determined by a court or administrative order and of any other rights to payment for medical care.

16. All participants receiving benefits as defined in this chapter shall cooperate with the state by reporting to the family support division or the MO HealthNet division, within thirty days, any occurrences where an injury to their persons or to a member of a household who receives MO HealthNet benefits is sustained, on such form or forms as provided by the family support division or MO HealthNet division.

17. If a person fails to comply with the provision of any judicial or administrative decree or temporary order requiring that person to maintain medical insurance on or be responsible for medical expenses for a dependent child, spouse, or ex-spouse, in addition to other remedies available, that person shall be liable to the state for the entire cost of the medical care provided pursuant to eligibility under any public assistance program on behalf of that dependent child, spouse, or ex-spouse during the period for which the required medical care was provided. Where a duty of support exists and no judicial or administrative decree or temporary order for support has been entered, the person owing the duty of support shall be liable to the state for the entire cost of the medical care provided on behalf of the dependent child or spouse to whom the duty of support is owed.

18. The department director or the director's designee may compromise, settle or waive any such claim in whole or in part in the interest of the MO HealthNet program. Notwithstanding any provision in this section to the contrary, the department of social services, MO HealthNet division is not required to seek reimbursement from a liable third party on claims for which the amount it reasonably expects to recover will be less than the cost of recovery or for which recovery efforts will not be cost-effective. Cost-effectiveness is determined based on the following:

(1) Actual and legal issues of liability as may exist between the [recipient] **participant** and the liable party;

(2) Total funds available for settlement; and

(3) An estimate of the cost to the division of pursuing its claim.

Dealers who sell only emergency vehicles as defined in section 301.550 are exempt from maintaining a bona fide place of business, including the related law enforcement certification requirements, and from meeting the minimum yearly sales;

(2) The initial application for licensure shall include a photograph, not to exceed eight inches by ten inches but no less than five inches by seven inches, showing the business building, lot, and sign. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party. Additionally, every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, [trailer dealer,] or boat dealer shall furnish with the application a copy of a current dealer garage policy bearing the policy number and name of the insurer and the insured;

All fees payable pursuant to the provisions of sections 301.550 to 301.573, other than those fees collected for the issuance of dealer plates or certificates of number collected pursuant to subsection 6 of this section, shall be collected by the department for deposit in the state treasury to the credit of the "Motor Vehicle Commission Fund", which is hereby created. 375.539. HAZARDOUS OPERATION, DISCONTINUATION DETERMINATION, STANDARDS FOR — ISSUANCE OF ORDER BY DIRECTOR, HEARING PROCEDURE. — 1. The director of the department of insurance, financial institutions and professional registration may deem an insurance company to be in such financial condition that its further transaction of business would be hazardous to policyholders, creditors, and the public, if such company is a property or casualty insurer, or both a property and casualty insurer, which has in force any policy with any single net retained risk larger than ten percent of that company's capital and surplus as of the December thirty-first next preceding.

2. The following standards, either singly or a combination of two or more, may be considered by the director to determine whether the continued operation of any insurer transacting an insurance business in this state might be deemed to be hazardous to its policyholders, creditors, or the general public:

(1) Adverse findings reported in financial condition and market conduct examination reports, audit reports, and actuarial opinions, reports, or summaries;

(2) The National Association of Insurance Commissioners Insurance Regulatory Information System and its other financial analysis solvency tools and reports;

(3) Whether the insurer has made adequate provision, according to presently accepted actuarial standards of practice, for the anticipated cash flows required by the contractual obligations and related expenses of the insurer, when considered in light of the assets held by the insurer with respect to such reserves and related actuarial items including, but not limited to, the investment earnings on such assets, and the considerations anticipated to be received and retained under such policies and contracts;

(4) The ability of an assuming reinsurer to perform and whether the insurer's reinsurance program provides sufficient protection for the insurer's remaining surplus after taking into account the insurer's cash flow and the classes of business written as well as the financial condition of the assuming reinsurer;

(5) Whether the insurer's operating loss in the last twelve-month period or any shorter period of time, including but not limited to net capital gain or loss, change in non-admitted assets, and cash dividends paid to shareholders, is greater than fifty percent of the insurer's remaining surplus as regards to policyholders in excess of the minimum required;

(6) Whether the insurer's operating loss in the last twelve-month period or any shorter period of time, excluding net capital gains, is greater than twenty percent of the insurer's remaining surplus as regards to policyholders in excess of the minimum required;

(7) Whether a reinsurer, obligor, or any entity within the insurer's insurance holding company system, is insolvent, threatened with insolvency or delinquent in payment of its monetary or other obligations, and which in the opinion of the director may affect the solvency of the insurer;

(8) Contingent liabilities, pledges, or guaranties which either individually or collectively involve a total amount which in the opinion of the director may affect the solvency of the insurer;

(9) Whether any "controlling" person of an insurer is delinquent in the transmitting to, or payment of, net premiums to the insurer. As used in this subdivision, the term "controlling" shall have the same meaning assigned to it in subdivision (2) of section 382.010;

(10) The age and collectibility of receivables;

(11) Whether the management of an insurer, including officers, directors, or any other person who directly or indirectly controls the operation of the insurer, fails to possess and demonstrate the competence, fitness, and reputation deemed necessary to serve the insurer in such position;

(12) Whether management of an insurer has failed to respond to inquiries relative to the condition of the insurer or has furnished false and misleading information concerning an inquiry;

(13) Whether the insurer has failed to meet financial and holding company filing requirements in the absence of a reason satisfactory to the director;

(14) Whether management of an insurer either has filed any false or misleading sworn financial statement, or has released false or misleading financial statement to lending institutions or to the general public, or has made a false or misleading entry, or has omitted an entry of material amount in the books of the insurer;

(15) Whether the insurer has grown so rapidly and to such an extent that it lacks adequate financial and administrative capacity to meet its obligations in a timely manner;

(16) Whether the insurer has experienced or will experience in the foreseeable future cash flow or liquidity problems;

(17) Whether management has established reserves that do not comply with minimum standards established by state insurance laws, regulations, statutory accounting standards, sound actuarial principles and standards of practice;

(18) Whether management persistently engages in material under reserving that results in adverse development;

(19) Whether transactions among affiliates, subsidiaries, or controlling persons for which the insurer receives assets or capital gains, or both, do not provide sufficient value, liquidity, or diversity to assure the insurer's ability to meet its outstanding obligations as they mature;

(20) Any other finding determined by the director to be hazardous to the insurer's policyholders, creditors, or general public.

3. For the purposes of making a determination of an insurer's financial condition under this section, the director may:

(1) Disregard any credit or amount receivable resulting from transactions with a reinsurer that is insolvent, impaired, or otherwise subject to a delinquency proceeding;

(2) Make appropriate adjustments including disallowance to asset values attributable to investments in or transactions with parents, subsidiaries, or affiliates consistent with the National Association of Insurance Commissioners Accounting Policies and Procedures Manual, state laws and regulations;

(3) Refuse to recognize the stated value of accounts receivable if the ability to collect receivables is highly speculative in view of the age of the account or the financial condition of the debtor;

(4) Increase the insurer's liability in an amount equal to any contingent liability, pledge, or guarantee not otherwise included if there is a substantial risk that the insurer will be called upon to meet the obligation undertaken within the next twelve-month period.

4. If the director determines that the continued operation of the insurer licensed to transact business in this state may be hazardous to its policyholders, creditors, or the general public, then the director may, to the extent authorized by law and in accordance with any procedures required by law, issue an order requiring the insurer to:

(1) Reduce the total amount of present and potential liability for policy benefits by reinsurance;

(2) Reduce, suspend, or limit the volume of business being accepted or renewed;

(3) Reduce general insurance and commission expenses by specified methods;

(4) Increase the insurer's capital and surplus;

(7) Limit or withdraw from certain investments or discontinue certain investment practices to the extent the director deems necessary;

(8) Document the adequacy of premium rates in relation to the risks insured;

(9) File, in addition to regular annual statements, interim financial reports on the form adopted by the National Association of Insurance Commissioners or in such format as promulgated by the director;

(10) Correct corporate governance practice deficiencies, and adopt and utilize governance practices acceptable to the director;

(11) Provide a business plan to the director in order to continue to transact business in the state;

(12) Notwithstanding any other provision of law limiting the frequency or amount of premium rate adjustments, adjust rates for any non-life insurance product written by the insurer that the director considers necessary to improve the financial condition of the insurer.

5. An insurer subject to an order under subsection 4 of this section may request a hearing before the director in accordance with the provisions of chapter 536. The notice of hearing shall be served upon the insurer pursuant to section 536.067. The notice of hearing shall state the time and place of hearing and the conduct, condition, or ground upon which the director based the order. Unless mutually agreed between the director and the insurer, the hearing shall occur not less than ten days nor more than thirty days after notice is served and shall be either in Cole County or in some other place convenient to the parties designated by the director. The director shall hold all hearings under this

subsection privately, unless the insurer requests a public hearing, in which case the hearing shall be public.

6. This section shall not be interpreted to limit the powers granted the director by any laws or parts of laws of this state, nor shall this section be interpreted to supercede any laws or parts of laws of this state, except that if the insurer is a foreign insurer, the director's order under subsection 4 of this section may be limited to the extent expressly provided by any laws or parts of laws of this state.

The amount of a claim for damages shall be actual direct compensatory damages calculated in accordance with subsection 6 of this section.

2. (1) Upon termination of a netting agreement or qualified financial contract, the net or settlement amount, if any, owed by a nondefaulting party to an insurer against which an application or petition has been filed under sections 375.1150 to 375.1246 shall be transferred to or on the order of the receiver for the insurer, even if the insurer is the defaulting party, notwithstanding any walkaway clause in the netting agreement or qualified financial contract.

(3) Any limited two-way payment or first method provision in a netting agreement or qualified financial contract with an insurer that has defaulted shall be deemed to be a full two-way payment or second method provision as against the defaulting insurer. Any such property or amount shall, except to the extent it is subject to one or more secondary liens or encumbrances or rights of netting or setoff, be a general asset of the insurer.

3. In making any transfer of a netting agreement or qualified financial contract of an insurer subject to a proceeding under sections 375.1150 to 375.1246, the receiver shall either:

The amount of the claim shall be the actual direct compensatory damages determined as of the date of the disaffirmance or repudiation of the netting agreement or qualified financial contract. Actual direct compensatory damages does not include punitive or exemplary damages, damages for lost profit or lost opportunity or damages for pain and suffering, but does include normal and reasonable costs of cover or other reasonable measures of damages utilized in the derivatives, securities, or other market for the contract and agreement claims.

7. The association shall have the right to appear or intervene before a court **or agency** in another state with jurisdiction over an impaired or insolvent insurer for which the association is or may become obligated or with jurisdiction over [a third party] **any person or property** against whom the association may have rights through subrogation [of the insurer's policyholders] **or otherwise.**

376.733. ASSIGNMENT OF RIGHTS TO ASSOCIATION BY PERSONS RECEIVING BENEFITS, WHEN — SUBROGATION RIGHTS. — 1. Any person receiving benefits under sections 376.715 to 376.758 shall be deemed to have assigned the rights under, and any causes of action **against any person for losses arising under, resulting from, or otherwise** relating to, the covered policy or contract to the association to the extent of the benefits received because of the provisions of sections 376.715 to 376.758, whether the benefits are payments of or on account of contractual obligations, continuation of coverage or provision of substitute or alternative coverages. The association may require an assignment to it of such rights and cause of action by any payee, policy or contract owner, beneficiary, insured or annuitant as a condition precedent to the receipt of any right or benefits conferred by sections 376.715 to 376.758 upon such person.

2. The subrogation rights of the association under this section have the same priority against the assets of the impaired or insolvent insurer as that possessed by the person entitled to receive benefits under sections 376.715 to 376.758.

3. In addition to subsections 1 and 2 of this section, the association shall have all common law rights of subrogation and any other equitable or legal remedy which would have been available to the impaired or insolvent insurer or [holder] **owner, beneficiary, or payee** of a policy or contract with respect to such policy or contracts, **including, without limitation in the case of a structured settlement annuity, any rights of the owner, beneficiary, or payee of the annuity, to the extent of benefits received under sections 376.715 to 376.758, against a person, originally or by succession, responsible for the losses arising from the personal injury relating to the annuity or payment thereof, excepting any such person responsible solely by reason of serving as an assignee in respect of a qualified assignment under Section 130 of the Internal Revenue Code of 1986, as amended.**

376.734. ADDITIONAL POWERS OF ASSOCIATION. — 1. In addition to any other rights and powers under sections 376.715 to 376.758, the association may:

(1) Enter into such contracts as are necessary or proper to carry out the provisions and purposes of sections 376.715 to 376.758;

(2) Sue or be sued, including taking any legal actions necessary or proper for recovery of any unpaid assessments under subsections 1 and 2 of section 376.735 **and to settle claims or potential claims against it;**

(3) Borrow money to effect the purposes of sections 376.715 to 376.758. Any notes or other evidence of indebtedness of the association not in default shall be legal investments for domestic insurers and may be carried as admitted assets;

(4) Employ or retain such persons as are necessary to handle the financial transactions of the association, and to perform such other functions as become necessary or proper under sections 376.715 to 376.758;

(5) Take such legal action as may be necessary to avoid **or recover** payment of improper claims;

(6) Exercise, for the purposes of sections 376.715 to 376.758 and to the extent approved by the director, the powers of a domestic life or health insurer, but in no case may the association issue insurance policies or annuity contracts other than those issued to perform its obligations under sections 376.715 to 376.758;

(7) **Request information from a person seeking coverage from the association in order to aid the association in determining its obligations under sections 376.715 to 376.758 with respect to the person, and the person shall promptly comply with the request;**

(8) **Take other necessary or appropriate action to discharge its duties and obligations or to exercise its powers under sections 376.715 to 376.758; and**

(9) **With respect to covered policies for which the association becomes obligated after an entry of an order of liquidation or rehabilitation, elect to succeed to the rights of the insolvent insurer arising after the order of liquidation or rehabilitation under any contract of reinsurance to which the insolvent insurer was a party, to the extent that such contract provides coverage for losses occurring after the date of the order of liquidation or rehabilitation. As a condition to making this election, the association shall pay all unpaid premiums due under the contract for coverage relating to periods before and after the date of the order of liquidation or rehabilitation.**

2. The board of directors of the association may exercise reasonable business judgment to determine the means by which the association is to provide the benefits of sections 376.715 to 376.758 in an economical and efficient manner.

3. Where the association has arranged for or offered to provide the benefits of sections 376.715 to 376.758 to a covered person under a plan or arrangement that fulfills the association's obligations under sections 376.715 to 376.758, the person shall not be entitled to benefits from the association in addition to or other than those provided under the plan or arrangement.

[2.] 4. The association may join an organization of one or more other state associations of similar purposes, to further the purposes and administer the powers and duties of the association.

[3. Whenever it is necessary for the association to retain the services of legal counsel, the association shall retain persons licensed to practice law in this state, and whose principal place of business is in this state or who are employed by or are partners of a professional corporation, corporation, copartnership or association having its principal place of business in this state; provided however, that if, after a good faith search, such persons cannot be found, the association may retain the legal services of such other persons as it chooses.]

376.735. ASSESSMENTS AGAINST MEMBERS, WHEN DUE, CLASSES — AMOUNTS, HOW DETERMINED. — 1. For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at such time and for such amounts as the board finds necessary. Assessments

shall be due not less than thirty days after prior written notice to the member insurers and shall accrue interest at ten percent per annum on and after the due date.

2. There shall be two assessments, as follows:

(1) Class A assessments [shall] **may** be made for the purpose of meeting administrative and legal costs and other expenses [and examinations conducted under the authority of subsections 4 and 5 of section 376.742]. Class A assessments may be made whether or not related to a particular impaired or insolvent insurer;

(2) Class B assessments [shall] **may** be made to the extent necessary to carry out the powers and duties of the association under [section 376.724] **sections 376.715 to 376.758** with regard to an impaired or an insolvent insurer.

3. The amount of any class A assessment shall be determined by the board and may be made on a pro rata or nonpro rata basis. If pro rata, the board may provide that it be credited against future class B assessments. A nonpro rata assessment shall not exceed one hundred fifty dollars per member insurer in any one calendar year. The amount of any class B assessment shall be allocated for assessment purposes among the accounts pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair and reasonable under the circumstances.

4. Class B assessments against member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer [or] **on** policies or contracts covered by each account for the three most recent calendar years for which information is available preceding the year in which the insurer became impaired or insolvent, as the case may be, bears to such premiums received on business in this state for such calendar years by all assessed member insurers.

5. Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer shall not be made until necessary to implement the purposes of sections 376.715 to 376.758. Classification of assessments under [subsections 1 and] **subdivisions (1) and (2) of subsection 2** of this section and computation of assessments under this [subsection] **section** shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible. In no case shall a member insurer be liable under class A or class B for assessments in any account enumerated in section 376.720, for which such insurer is not licensed by the department of insurance, financial institutions and professional registration to transact business.

376.737. DEFERMENT OF ASSESSMENT, HOW, WHEN — MAXIMUM ASSESSMENT — REFUND OF, WHEN — MEMBERS MAY INCREASE PREMIUMS TO COVER ASSESSMENTS. — 1. The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. **Once the conditions that caused a deferral have been removed or rectified, the member insurer shall pay all assessments that were deferred under a repayment plan approved by the association.**

2. **(1) Subject to the provisions of subdivision (2) of this subsection,** the total of all assessments upon a member insurer for each account shall not in any one calendar year exceed two percent of such insurer's average **annual** premiums received in this state on the policies and contracts covered by the account during the three calendar years preceding the year in which the insurer became an impaired or insolvent insurer. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in [either] **the** account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by sections 376.715 to 376.758.

(2) If two or more assessments are made in one calendar year with respect to insurers that become impaired or insolvent in different calendar years, the average annual premiums for purposes of the aggregate assessment percentage limitation referenced in subdivision (1) of this subsection shall be equal and limited to the higher of the three-year average annual premiums for the applicable account as calculated under this section.

3. The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

4. The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that account, including assets accruing from assignment, subrogation net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses.

5. It shall be proper for any member insurer, in determining its premium rates and policy owner dividends as to any kind of insurance within the scope of sections 376.715 to 376.758, to consider the amount reasonably necessary to meet its assessment obligations under the provisions of sections 376.715 to 376.758.

376.738. CERTIFICATE OF CONTRIBUTION, WHEN ISSUED. — The association shall issue to each insurer paying an assessment under the provisions of sections 376.715 to 376.758, other than class A assessment, a certificate of contribution, in a form prescribed by the director, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution [issued before September 1, 1991,] may be shown by the insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the director may approve[, provided that a certificate issued before September 1, 1991, shall not be shown as an admitted asset for a longer period of time or greater amount than that described in subdivisions (1) to (4) of subsection 2 of section 375.774, RSMo].

376.740. PLAN OF OPERATION, REQUIRED, APPROVAL OF DIRECTOR — PROVISIONS OF PLAN. — 1. The association shall submit a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the association to the director. The plan of operation and any amendments thereto shall become effective upon the director's written approval or unless he has not disapproved it within thirty days.

2. If the association fails to submit a suitable plan of operation within one hundred twenty days following the effective date, August 13, 1988, of sections 376.715 to 376.758 or if at any time thereafter the association fails to submit suitable amendments to the plan, the director shall, after notice and hearing, adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of sections 376.715 to 376.758. Such rules shall continue in force until modified by the director or superseded by a plan submitted by the association and approved by him.

3. All member insurers shall comply with the plan of operation.

4. The plan of operation shall, in addition to requirements enumerated in sections 376.715 to 376.758:

- (1) Establish procedures for handling the assets of the association;
- (2) Establish the amount and method of reimbursing members of the board of directors;
- (3) Establish regular places and times for meetings including telephone conference calls of the board of directors;
- (4) Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board of directors;

(5) Establish the procedures whereby selections for the board of directors will be made and submitted to the director;

(6) Establish any additional procedures for assessments which may be necessary;

(7) Contain additional provisions necessary or proper for the execution of the powers and duties of the association;

(8) Establish procedures whereby a director may be removed for cause, including in the case where a member insurer director becomes an impaired or insolvent insurer;

(9) Establish procedures for the initial handling of any appeals against the actions of the board, subject to the rights of appeal in subsection 3 of section 376.742.

5. The plan of operation may provide that any or all powers and duties of the association except those pursuant to provisions of [subsection 3 of section 376.733 and subsections 1 and 2 of] **subdivision (3) of subsection 1 of section 376.734 and section 376.735** are delegated to a corporation, association, or other organization which performs or will perform functions similar to those of this association, or its equivalent, in two or more states. Such a corporation, association, or organization shall be reimbursed for any payments made on behalf of the association and shall be paid for its performance of any function of the association. A delegation under this subsection shall take effect only with the approval of both the board of directors and the director, and may be made only to a corporation, association, or organization which extends protection not substantially less favorable and effective than that provided by sections 376.715 to 376.758.

376.743. BOARD OF DIRECTORS, POWERS. — 1. The board of directors may, upon majority vote, make reports and recommendations to the director upon any matter germane to the solvency, liquidation, rehabilitation or conservation of any member insurer or germane to the solvency of any company seeking to do an insurance business in this state. Such reports and recommendations shall not be considered public documents.

2. The board of directors shall, upon majority vote, notify the director of any information indicating any member insurer may be an impaired or insolvent insurer.

[3. The board of directors may, upon majority vote, request that the director order an examination of any member insurer which the board in good faith believes may be an impaired or insolvent insurer. Within thirty days of the receipt of such request, he shall begin such examination. The examination may be conducted as a National Association of Insurance Commissioners examination or may be conducted by such persons as the director designates. The cost of such examination shall be paid by the association and the examination report shall be treated as are other examination reports. In no event shall such examination report be released to the board of directors prior to its release to the public, but this shall not preclude the director from complying with subsections 1 to 4 of section 376.742. The director shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the director but it shall not be open to public inspection prior to the release of the examination report to the public.

4.] The board of directors may, upon majority vote, make recommendations to the director for the detection and prevention of insurer insolvencies.

[5. The board of directors shall, at the conclusion of any insurer insolvency in which the association was obligated to pay covered claims, prepare a report to the director containing such information as it may have in its possession bearing on the history and causes of such insolvency. The board shall cooperate with the boards of directors of guaranty associations in other states in preparing a report on the history and causes of insolvency of a particular insurer, and may adopt by reference any report prepared by such other associations.]

376.758. LAW INAPPLICABLE TO INSOLVENT INSURERS ON EFFECTIVE DATE OF LAW. — 1. Sections 376.715 to 376.758 shall not apply to any insurer which is insolvent or unable to fulfill its contractual obligations on August 13, 1988.

2. Sections 376.715 to 376.758 shall be liberally construed to effect the purpose under subsection 2 of section 376.715 which shall constitute an aid and guide to interpretation.

3. The amendments to sections 376.715 to 376.758 which become effective on August 28, 2010, shall not apply to any member insurer that is an impaired or insolvent insurer prior to August 28, 2010.

2. The coverage required by subsection 1 of this section is effective:

(1) From the date of birth if a petition for adoption is filed within thirty days of the birth of such child; or

(2) From the date of placement for the purpose of adoption if a petition for adoption is filed within thirty days of placement of such child. Such coverage shall continue unless the placement is disrupted prior to legal adoption and the child is removed from placement. Coverage shall include the necessary care and treatment of medical conditions existing prior to the date of placement.

10. The director may adopt regulations establishing loss ratio standards for long-term care insurance policies provided that a specific reference to long-term care insurance policies is contained in the regulation.

11. Long-term care insurance applicants shall have the right to return the policy or certificate within thirty days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason. Long-term care insurance policies and certificates shall have a notice prominently printed on the first page

No notices relating to the state children's health insurance program shall be provided to a parent or guardian under this section other than the notices developed by the department of social services under this section.

4. Notwithstanding any other provision of law to the contrary, no penalty shall be assessed upon any parent or guardian who fails to provide or provides any inaccurate information required under this section.

5. The department of elementary and secondary education and the department of social services may adopt rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. 573.525. PURPOSE — FINDINGS. — 1. It is the purpose of sections 573.525 to 573.537 to regulate sexually oriented businesses in order to promote the health, safety, and general welfare of the citizens of this state, and to establish reasonable and uniform regulations to prevent the deleterious secondary effects of sexually oriented businesses within the state. Similarly, it is neither the intent nor effect of sections 573.525 to 573.537 to restrict or deny access by adults to sexually oriented materials protected by the first amendment, or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market. Neither is it the intent nor effect of sections 573.525 to 573.537 to condone or legitimize the distribution of obscene material.

2. The general assembly finds that:

(1) Sexually oriented businesses, as a category of commercial enterprises, are associated with a wide variety of adverse secondary effects, including but not limited to personal and property crimes, prostitution, potential spread of disease, lewdness, public indecency, obscenity, illicit drug use and drug trafficking, negative impacts on surrounding properties, urban blight, litter, and sexual assault and exploitation;

(2) Sexually oriented businesses should be separated from sensitive land uses to minimize the impact of their secondary effects upon such uses, and should be separated from other sexually oriented businesses, to minimize the secondary effects associated with such uses and to prevent an unnecessary concentration of sexually oriented businesses in one area;

(3) Each of the foregoing negative secondary effects constitutes a harm which the state has a substantial interest in preventing or abating, or both. Such substantial government interest in preventing secondary effects, which is the state's rationale for sections 573.525 to 573.537, exists independent of any comparative analysis between sexually oriented and nonsexually oriented businesses. Additionally, the state's interest in regulating sexually oriented businesses extends to preventing future secondary effects of current or future sexually oriented businesses that may locate in the state.

137.115. REAL AND PERSONAL PROPERTY, ASSESSMENT — MAINTENANCE PLAN — ASSESSOR MAY MAIL FORMS FOR PERSONAL PROPERTY — CLASSES OF PROPERTY, ASSESSMENT — PHYSICAL INSPECTION REQUIRED, WHEN, PROCEDURE. — 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to

decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property

for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. **For purposes of this section**, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. **For purposes of this section**, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home [has been converted to] **is real [property in compliance with section 700.111, RSMo] estate as defined in subsection 7 of section 442.015** and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home [has been converted to] **is real [property in compliance with section 700.111, RSMo] estate as defined in subsection 7 of section 442.015**, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic

transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

The fact that a lien may secure future advances shall be clearly stated on the security agreement and noted as "subject to future advances" in the notice of lien and noted on the certificate of ownership if the motor vehicle or trailer is subject to only one lien. To secure future advances when an existing lien on a manufactured home does not secure future advances, the lienholder shall file a notice of lien reflecting the lien to secure future advances. A lien to secure future advances is perfected in the same time and manner as any other lien, except as follows: proof of the lien for future advances is maintained by the department of revenue; however, there shall be additional proof of such lien when the notice of lien reflects such lien for future advances, is receipted by the department of revenue, and returned to the lienholder.

4. Whether a manufactured home is subject to a lien or encumbrance shall be determined by the laws of the jurisdiction where the manufactured home was when the lien or encumbrance attached, subject to the following:

(1) If the parties understood at the time the lien or encumbrances attached that the manufactured home would be kept in this state and it is brought into this state within thirty days thereafter for purposes other than transportation through this state, the validity and effect of the lien or encumbrance in this state shall be determined by the laws of this state;

(2) If the lien or encumbrance was perfected under the laws of the jurisdiction where the manufactured home was when the lien or encumbrance attached, the following rules apply:

(a) If the name of the lienholder is shown on an existing certificate of title or ownership issued by that jurisdiction, his lien or encumbrance continues perfected in this state;

If a majority of the votes cast in the portion of any county that is part of the proposed district favor the proposal, then the sales tax shall become effective in that portion of the county that is part of the proposed district on the first day of the first calendar quarter immediately following the election. If a majority of the votes cast in the portion of a county that is a part of the proposed district oppose the proposal, then that portion of such county shall not impose the sales tax authorized in this section until after the county governing body has submitted another such sales tax proposal and the proposal is approved by a majority of the qualified voters voting thereon. However, if a sales tax proposal is not approved, the governing body of the county shall not resubmit a proposal to the voters pursuant to this section sooner than twelve months from the date of the last proposal submitted pursuant to this section. Each trustee shall be at least twenty-five years of age and a resident of this state. Of the initial trustees appointed from each county, two shall hold office for two years, and two shall hold office for four years. Each trustee may be reappointed. Vacancies shall be filled in the same manner in which the trustee vacating the office was originally appointed. The trustees shall not receive compensation for their services, but may be reimbursed for their actual and necessary expenses. The board shall elect a chair and other officers necessary for its membership. Trustees may be removed if:

Every issue of such bonds, notes, or other obligations shall be payable out of property and revenues of the district and may be further secured by other property of the district, which may be pledged, assigned, mortgaged,

or a security interest granted for such payment, without preference or priority of the first bonds issued, subject to any agreement with the holders of any other bonds pledging any specified property or revenues. Such bonds, notes, or other obligations shall be authorized by resolution of the district board, and shall bear such date or dates, and shall mature at such time or times, but not in excess of thirty years, as the resolution shall specify. (11) To have and exercise all rights and powers necessary or incidental to or implied from the specific powers granted by this section.

[9.] **10.** There is hereby created the "Exhibition Center and Recreational Facility District Sales Tax Trust Fund", which shall consist of all sales tax revenue collected pursuant to this section. The director of revenue shall be custodian of the trust fund, and moneys in the trust fund shall be used solely for the purposes authorized in this section. Moneys in the trust fund shall be considered nonstate funds pursuant to section 15, article IV, Constitution of Missouri. The director of revenue shall invest moneys in the trust fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the trust fund. All sales taxes collected by the director of revenue pursuant to this section on behalf of the district, less one percent for the cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, shall be deposited in the trust fund. The director of revenue shall keep accurate records of the amount of moneys in the trust fund which was collected in the district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of the officers of each district and the general public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district. The director of revenue may authorize refunds from the amounts in the trust fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of the district.

[10.] **11.** The sales tax authorized by this section is in addition to all other sales taxes allowed by law. Except as modified in this section, all provisions of sections 32.085 and 32.087, RSMo, apply to the sales tax imposed pursuant to this section.

[11.] **12.** Any sales tax imposed pursuant to this section shall not extend past the initial term approved by the voters unless an extension of the sales tax is submitted to and approved by the qualified voters in each county in the manner provided in this section. Each extension of the sales tax shall be for a period not to exceed twenty years. The ballot of submission for the extension shall be in substantially the following form:

Shall the (name of district) extend the sales tax of one-fourth of one percent for a period of (insert number of years) years to fund the acquisition, construction, maintenance, operation, improvement, and promotion of an exhibition center and recreational facilities?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast favor the extension, then the sales tax shall remain in effect at the rate and for the time period approved by the voters. If a sales tax extension is not approved, the district may submit another sales tax proposal as authorized in this section, but the district shall not submit such a proposal to the voters sooner than twelve months from the date of the last extension submitted.

[12.] **13.** Once the sales tax authorized by this section is abolished or terminated by any means, all funds remaining in the trust fund shall be used solely for the purposes approved in the ballot question authorizing the sales tax. The sales tax shall not be abolished or terminated while the district has any financing or other obligations outstanding; provided that any new financing, debt, or other obligation or any restructuring or refinancing of an existing debt or obligation incurred more than ten years after voter approval of the sales tax provided in this section or more than ten years after any voter-approved extension thereof shall not cause the extension of the sales tax provided in this section or cause the final maturity of any financing or other obligations outstanding to be extended. Any funds in the trust fund which are not needed for current expenditures may be invested by the district in the securities described in subdivisions (1) to (12) of subsection 1 of section 30.270, RSMo, or repurchase agreements secured by such securities. If the district abolishes the sales tax, the district shall notify the director of revenue of the action at least ninety days before the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the sales tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the sales tax in the district, the director of revenue shall remit the balance in the account to the district and close the account of the district. The director of revenue shall notify the district of each instance of any amount refunded or any check redeemed from receipts due the district.

[13.] **14.** In the event that the district is dissolved or terminated by any means, the governing bodies of the counties in the district shall appoint a person to act as trustee for the district so dissolved or terminated. Before beginning the discharge of duties, the trustee shall take and subscribe an oath to faithfully discharge the duties of the office, and shall give bond with sufficient security, approved by the governing bodies of the counties, to the use of the dissolved or terminated district, for the faithful discharge of duties. The trustee shall have and exercise all powers necessary to liquidate the district, and upon satisfaction of all remaining obligations of the district, shall pay over to the county treasurer of each county in the district and take receipt for all remaining moneys in amounts based on the ratio the levy of each county bears to the total levy for the district in the previous three years or since the establishment of the district, whichever time period is shorter. Upon payment to the county treasurers, the trustee shall deliver to the clerk of the governing body of any county in the district all books, papers, records, and deeds belonging to the dissolved district.

2. Any municipality or political subdivision of this state may contract with one or more adjacent municipalities or political subdivisions to share the tax revenues of such cooperating entities that are generated from real property and the improvements constructed thereon, if such real property is located within the boundaries of either or both municipalities or subdivisions and within three thousand feet of a common border of the contracting municipalities or political subdivisions. The purpose of such contract shall be within the scope of powers of each municipality or political subdivision. Municipalities or political subdivisions separated only by a public street, easement, or right-of-way shall be considered to share a common border for purposes of this subsection.

3. **Any home rule city with more than seventy-three thousand but fewer than seventy-five thousand inhabitants may contract with any county of the first classification with more than eighty-five thousand nine hundred but fewer than eighty-six thousand inhabitants to share tax revenues for the purpose of promoting tourism and the construction, maintenance, and improvement of convention center and recreational facilities. In the event an agreement for the distribution of tax revenues is entered into between a county of the first classification with more than eighty-five thousand nine hundred but fewer than eighty-six thousand inhabitants and a home rule city with more than seventy-three thousand but fewer than seventy-five thousand inhabitants, then all revenue received from such taxes shall be distributed in accordance with the terms of said agreement. For purposes of this subsection, the term "tax revenues" shall include tax revenues generated from the imposition of a transient guest tax imposed under the provisions of section 67.1361.**

4. If any contract or cooperative action entered into under this section is between a municipality or political subdivision and an elective or appointive official of another municipality or political subdivision, such contract or cooperative action shall be approved by the governing body of the unit of government in which such elective or appointive official resides.

[4.] 5. In the event an agreement for the distribution of tax revenues is entered into between a county of the first classification without a charter form of government and a constitutional charter city with a population of more than one hundred forty thousand that is located in said county prior to a vote to authorize the imposition of such tax, then all revenue received from such tax shall be distributed in accordance with said agreement for so long as the tax remains in effect or until the agreement is modified by mutual agreement of the parties.

If appropriated funds exceed the amount necessary to fund the program, the additional funds shall be used to increase the number of recipients by raising the cutoff for the expected family contribution rather than by increasing the size of the award.

4. Every three years, beginning with academic year 2009-10, the award amount may be adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U), 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, for the previous academic year. The coordinating board shall prepare a report prior to the legislative session for use of the general assembly and the governor in determining budget requests which shall include the amount of funds necessary to maintain full funding of the program based on the baseline established for the program upon the [passage] **effective date** of sections 173.1101 to 173.1107. Any increase in the award amount shall not become effective unless an increase in the amount of money appropriated to the program necessary to cover the increase in award amount is passed by the general assembly.

173.1108. INAPPLICABILITY OF SUNSET ACT. — [Under section 23.253, RSMo, of the Missouri sunset act:

(1) The provisions of the new program authorized under sections 173.1101 to 173.1107 shall automatically sunset six years after August 28, 2007, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under sections 173.1101 to 173.1107 shall automatically sunset twelve years after the effective date of the reauthorization of sections 173.1101 to 173.1107; and

(3) Sections 173.1101 to 173.1107 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 173.1101 to 173.1107 is sunset] **Section 23.253 of the Missouri sunset act shall not apply to the provisions of sections 173.1101 to 173.1107.**

173.1205. OWNERSHIP OR MEMBERSHIP INTEREST IN ENTITIES, NOT DEEMED GOVERNMENTAL OR QUASI-GOVERNMENTAL BODIES, WHEN. — 1. Notwithstanding any other provision of law, a for-profit or not-for-profit entity in which a public institution of higher education holds an ownership or membership interest shall not be deemed to be a public governmental body, quasi-public governmental body, or part of a public governmental body or quasi-public governmental body or otherwise subject to chapter 610, if such entity is engaged primarily in activities involving current or prospective commercialization of the skills or knowledge of the institution's faculty or of the institution's research, research capabilities, intellectual property, technology, or technological resources, provided that the public institution of higher education maintains as an open record an annual report, available no later than October first each year, identifying:

(1) The name and address of the entity, the amount of funds paid to such entity by the institution, any nonmonetary benefits received by the entity from the institution, and the purpose for which such funds were paid or benefits provided;

(2) The amount of funds received by the institution from such entity; and

(3) Any employees of the institution who received funds or other things of value from such entity and the purpose and amount of such funds or other things of value.

2. This provision shall not be construed to broaden the definition of public governmental body found in section 610.010, nor shall it otherwise be construed to mean, imply, or suggest that any entity constitutes a public governmental body unless such entity meets the definition of that term found in section 610.010.

3. Notwithstanding any other provision of law, meetings, records, and votes may be closed to the extent that they relate to records or information submitted by an individual, corporation, or other business entity to a public institution of higher education in connection with a proposal or agreement to license intellectual property or perform sponsored research, in connection with opportunities for or results of collaboration involving students, faculty, or staff, or in connection with activities by the public institution of higher education to promote or pursue economic development and which contain sales projections or other business plan, financial information, or trade secrets the disclosure of which may endanger the competitiveness of a business.

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to protect the intellectual property of the state's higher education institutions while permitting its timely development through technology transfer, the enactment of section 173.1205 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the

enactment of section 173.1205 of this act shall be in full force and effect upon its passage and approval.

A certificate of death for each death which occurs in this state shall be filed with the local registrar, or as otherwise directed by the state registrar, within five days after death and shall be registered if such certificate has been completed and filed pursuant to this section. **All data providers in the death registration process, including but not limited to the state registrar, local registrars, the state medical examiner, county medical examiners, coroners, funeral directors or persons acting as such, embalmers, sheriffs, attending physicians and resident physicians, and the chief medical officers of licensed health care facilities, and other public or private institutions providing medical care, treatment, or confinement to persons shall be required to utilize any electronic death registration system adopted under subsection 1 of section 193.265 within six months of the system being certified by the director of the department of health and senior services, or the director's designee, to be operational and available to all data providers in the death registration process. Nothing in this subsection shall prevent the state registrar from adopting pilot programs or voluntary electronic death registration programs until such time as the system can be certified; however, no such pilot or voluntary electronic death registration program shall prevent the filing of a death certificate with the local registrar or the ability to obtain certified copies of death certificated under subsection 2 of section 193.265 until six months after such certification that the system is operational.**

2. If the place of death is unknown but the dead body is found in this state, the certificate of death shall be completed and filed pursuant to the provisions of this section. The place where the body is found shall be shown as the place of death. The date of death shall be the date on which the remains were found.

3. When death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in this state, the death shall be registered in this state and the place

where the body is first removed shall be considered the place of death. 4. The funeral director or person in charge of final disposition of the dead body shall file the certificate of death. The funeral director or person in charge of the final disposition of the dead body shall obtain or verify:

(1) The personal data from the next of kin or the best qualified person or source available; and

(2) The medical certification from the person responsible for such certification.

5. The medical certification shall be completed, attested to its accuracy either by signature or an electronic process approved by the department, and returned to the funeral director or person in charge of final disposition within seventy-two hours after death by the physician in charge of the patient's care for the illness or condition which resulted in death. In the absence of the physician or with the physician's approval the certificate may be completed and attested to its accuracy either by signature or an approved electronic process by the physician's associate physician, the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, provided such individual has access to the medical history of the case, views the deceased at or after death and death is due to natural causes. The state registrar may approve alternate methods of obtaining and processing the medical certification and filing the death certificate. The Social Security number of any individual who has died shall be placed in the records relating to the death and recorded on the death certificate.

6. When death occurs from natural causes more than thirty-six hours after the decedent was last treated by a physician, the case shall be referred to the county medical examiner or coroner or physician or local registrar for investigation to determine and certify the cause of death. If the death is determined to be of a natural cause, the medical examiner or coroner or local registrar shall refer the certificate of death to the attending physician for such physician's certification. If the attending physician refuses or is otherwise unavailable, the medical examiner or coroner or local registrar shall attest to the accuracy of the certificate of death either by signature or an approved electronic process within thirty-six hours.

7. If the circumstances suggest that the death was caused by other than natural causes, the medical examiner or coroner shall determine the cause of death and shall complete and attest to the accuracy either by signature or an approved electronic process the medical certification within seventy-two hours after taking charge of the case.

8. If the cause of death cannot be determined within seventy-two hours after death, the attending medical examiner or coroner or attending physician or local registrar shall give the funeral director, or person in charge of final disposition of the dead body, notice of the reason for the delay, and final disposition of the body shall not be made until authorized by the medical examiner or coroner, attending physician or local registrar.

9. When a death is presumed to have occurred within this state but the body cannot be located, a death certificate may be prepared by the state registrar upon receipt of an order of a court of competent jurisdiction which shall include the finding of facts required to complete the death certificate. Such a death certificate shall be marked "Presumptive", show on its face the date of registration, and identify the court and the date of decree.

The money deposited in the public health services fund under this section shall be deposited in a separate account in the fund, and moneys in such account, upon appropriation, shall be used to automate and improve the state vital records system, and develop and maintain an electronic birth and death registration system [which shall be implemented no later than December 31, 2009]. For any search of the files and records, when no record is found, the state shall be entitled to a fee equal to the amount for a certification of a vital record for a five-year search to be paid by the applicant. For the processing of each legitimation, adoption, court order or recording after the registrant's twelfth birthday, the state shall be entitled to a fee equal to the amount for a certification of a vital record. Except whenever a certified copy or copies of a vital record is required to perfect any claim of any person on relief, or any dependent of any person who was on relief for any claim upon the government of the state or United States, the state registrar shall, upon request, furnish a certified copy or so many certified copies as are necessary, without any fee or compensation therefor.

For the issuance of a certification or copy of a birth, marriage, divorce, or fetal death record, the applicant shall pay a fee of fifteen dollars. All fees shall be deposited to the official city or county health agency. A certified copy of a death record by the local registrar can only be issued within twenty-four hours of receipt of the record by the local registrar. The principal of such funds shall be kept intact and appropriately invested by the trustee, or the independent investment advisor. An endowed care trust agreement may provide that when the principal in an endowed care trust exceeds two hundred fifty thousand dollars, investment decisions regarding the principal and undistributed income may be made by a federally registered or Missouri-registered independent qualified investment advisor designated by the cemetery owner, relieving the trustee of all liability regarding investment decisions made by such qualified investment advisor. It shall be the duty of the trustee, or the investment advisor, in the investment of such funds to exercise the diligence and care men of ordinary prudence, intelligence and discretion would employ, but with a view to permanency of investment considering probable safety of capital investment, income produced and appreciation of capital investment. The trustee's duties shall be the maintenance of records and the accounting for and investment of moneys deposited by the operator to the endowed care fund. For the purposes of sections 214.270 to 214.410, the trustee or investment advisor shall not be deemed to be responsible for the care, the maintenance, or the operation of the cemetery, or for any other matter relating to the cemetery, including, but not limited to, compliance with environmental laws and regulations. No funds shall be expended without the signature of either the administrator of the office of endowed care cemeteries, or a licensed practicing attorney with escrow powers in this state. The account shall be insured by the Federal Deposit Insurance Corporation or comparable deposit insurance and held in the state- or federally chartered financial institution authorized to do business in Missouri and located in this state. The income from the endowed care fund shall be distributed to the cemetery operator at least in annual or semiannual installments. The cemetery operator shall have the duty and responsibility to apply the income to provide care and maintenance only for that part of the cemetery in which burial space shall have been sold and with respect to which sales the endowed care fund shall have been established and not for any other purpose. The principal of such funds shall be kept intact and appropriately invested by the cemetery operator with written approval of either the administrator of the office of endowed care cemeteries or a licensed practicing attorney with escrow powers in this state. It shall be the duty of the cemetery owner in the investment of such funds to exercise the diligence and care a person of reasonable prudence, intelligence and discretion would employ, but with a view to permanency of investment considering probable safety of capital investment, income produced and appreciation of capital investment. The cemetery owner's duties shall be the maintenance of records and the accounting for an investment of moneys deposited by the operator to the endowed care fund. For purposes of sections 214.270 to 214.410, the administrator of the office of endowed care cemeteries or the licensed practicing attorney with escrow powers in this state shall not be deemed to be responsible for the care, maintenance, or operation of the cemetery. 4. All endowed care funds shall be administered in accordance with an endowed care fund agreement. The endowed care fund agreement shall be subject to review and approval by the office of endowed care cemeteries or by a licensed practicing attorney with escrow powers in this state. The endowed care cemetery shall be notified in writing by the office of endowed care cemeteries or by a licensed practicing attorney with escrow powers in this state regarding the approval or disapproval of the endowed care fund agreement and regarding any changes required to be made for compliance with this chapter and the rules and regulations promulgated thereunder. A copy of the proposed endowed care fund agreement shall be submitted to the office of endowed care cemeteries. The office of endowed care cemeteries or a licensed practicing attorney with escrow powers in this state shall notify the endowed care cemetery in writing of approval and of any required change. Any amendment or change to the endowed care fund agreement shall be submitted to the office of endowed care cemeteries or to a licensed practicing attorney with escrow powers in this state for review and approval. Said amendment or change shall not be effective until approved by the office of endowed care cemeteries or by a licensed practicing attorney with escrow powers in this state. All endowed care cemeteries shall be under a continuing duty to file with the office of endowed care cemeteries or with a licensed practicing attorney with escrow powers in this state and to submit for approval any and all changes, amendment, or revisions of the endowed care fund agreement.

The contact information for a trust officer or duly appointed representative of the trustee with knowledge and access to the trust fund accounting and trust fund records must be disclosed to the office or its duly authorized representative upon request.**

(1) The trust fund records, including all trust fund accounting records, shall be maintained in the state of Missouri at all times or shall be electronically stored so that the records may be made available in the state of Missouri within fifteen business days of receipt of a written request. The operator of an endowed care cemetery shall maintain a current name and address of the trustee and the records custodian for the endowed care trust fund and shall supply such information to the office, or its representative, upon request.

(2) Missouri law shall control all endowed care trust funds and the Missouri courts shall have jurisdiction over endowed care trusts regardless of where records may be kept or various administrative tasks may be performed.

2. An endowed care trust fund shall be administered in accordance with Missouri law governing trusts, including but not limited to the applicable provisions of chapters 456 and 469, except as specifically provided in this subsection or where the provisions of sections 214.270 to 214.410 provide differently, provided that a cemetery operator shall not in any circumstances be authorized to restrict, enlarge, change, or modify the requirements of this section or the provisions of chapters 456 and 469 by agreement or otherwise.

(7) No contract of insurance shall be deemed a suitable investment for an endowed care trust fund.

(8) The income from the endowed care fund may be distributed to the cemetery operator at least annually on a date designated by the cemetery operator, but no later than sixty days following the end of the trust fund year. Any income not distributed within sixty days following the end of the trust's fiscal year shall be added to and held as part of the principal of the trust fund.

3. The cemetery operator shall have the duty and responsibility to apply the income distributed to provide care and maintenance only for that part of the cemetery designated as an endowed care section and not for any other purpose.

4. In addition to any other duty, obligation, or requirement imposed by sections 214.270 to 214.410 or the endowed care trust agreement, the trustee's duties shall be the maintenance of records related to the trust and the accounting for and investment of moneys deposited by the operator to the endowed care trust fund.

(1) For the purposes of sections 214.270 to 214.410, the trustee shall not be deemed responsible for the care, the maintenance, or the operation of the cemetery, or for any other matter relating to the cemetery, or the proper expenditure of funds distributed by the trustee to the cemetery operator, including, but not limited to, compliance with environmental laws and regulations.

(2) With respect to cemetery property maintained by endowed care funds, the cemetery operator shall be responsible for the performance of the care and maintenance of the cemetery property.

5. If the endowed care cemetery fund is not permanently set aside in a trust fund as required by subsection 1 of this section, then the funds shall be permanently set aside in an escrow account in the state of Missouri. Any interest not distributed within six months following the end of the calendar year shall be added to and held as part of the principal of the account.

(2) The cemetery operator shall have the duty and responsibility to apply the interest to provide care and maintenance only for that part of the cemetery in which burial space shall have been sold and with respect to which sales the escrow account shall have been established and not for any other purpose. The principal of such funds shall be kept intact. The cemetery operator's duties shall be the maintenance of records and the accounting for an investment of moneys deposited by the operator to the escrow account. For purposes of sections 214.270 to 214.410, the administrator of the office of endowed care cemeteries shall not be deemed to be responsible for the care, maintenance, or operation of the cemetery. With respect to cemetery property maintained by cemetery

care funds, the cemetery operator shall be responsible for the performance of the care and maintenance of the cemetery property owned by the cemetery operator.

(3) The division may approve an escrow agent if the escrow agent demonstrates the knowledge, skill, and ability to handle escrow funds and financial transactions and is of good moral character.

6. The cemetery operator shall be accountable to the owners of burial space in the cemetery for compliance with sections 214.270 to 214.410.

8. All endowed care cemeteries shall be under a continuing duty to file with the office of endowed care cemeteries and to submit for prior approval any and all changes, amendments, or revisions of the endowed care trust fund agreement, at least thirty days before the effective date of such change, amendment, or revision.

9. If the endowed care trust fund agreement, or any changes, amendments, or revisions filed with the office, are not disapproved by the office within thirty days after submission by the cemetery operator, the endowed care trust fund agreement, or the related change, amendment, or revision, shall be deemed approved and may be used by the cemetery operator and the trustee. Notwithstanding any other provision of this section, the office may review and disapprove an endowed care trust fund agreement, or any submitted change, amendment, or revision, after the thirty days provided herein or at any other time if the agreement is not in compliance with sections 214.270 to 214.410 or the rules promulgated thereunder. Notice of disapproval by the office shall be in writing and delivered to the cemetery operator and the trustee within ten days of disapproval.

10. Funds in an endowed care trust fund or escrow account may be commingled with endowed care funds for other endowed care cemeteries, provided that the cemetery operator and the trustee shall maintain adequate accounting records of the disbursements, contributions, and income allocated for each cemetery.

11. By accepting the trusteeship of an endowed care trust or accepting funds as an escrow agent pursuant to sections 214.270 to 214.410, the trustee or escrow agent submits personally to the jurisdiction of the courts of this state and the office of endowed care cemeteries regarding the administration of the trust or escrow account. A trustee or escrow agent shall consent in writing to the jurisdiction of the state of Missouri and the office in regards to the trusteeship or the operation of the escrow account and to the appointment of the office of secretary of state as its agent for service of process regarding any administrative or legal actions relating to the trust or the escrow account, if it has no designated agent for service of process located in this state. Such consent shall be filed with the office prior to accepting funds pursuant to sections 214.270 to 214.410 as trustee or as an escrow agent on a form provided by the office by rule.

Within fifteen days after its receipt of such notice, the cemetery operator shall pay to the purchaser a net amount equal to eighty percent of all payments made under the contract. The cemetery operator shall be entitled to keep one-half of the interest earned on trust funds. 214.389. SUSPENSION OF DISTRIBUTION, WHEN, PROCEDURE. — 1. The division may direct a trustee, financial institution, or escrow agent to suspend distribution from an endowed care trust fund or escrow account if the cemetery operator does not have a current and active cemetery operator license, has failed to file an annual report, or if, after an audit or examination, the division determines there is a deficiency in an endowed care trust fund or escrow account maintained under section 214.330 and the cemetery operator has failed to file a corrective action plan detailing how the deficiency shall be remedied. For purposes of this section, a deficiency shall only be deemed to exist if, after an audit or

examination, the division determines a cemetery operator has failed to deposit the total aggregate of funds required to be deposited in trust or an escrow account pursuant to section 214.320 or subsection 1 of section 214.335, or has received disbursements from the trust or escrow account in excess of what is permitted under section 214.330. No deficiency shall be deemed to be created by fluctuations in the value of investments held in trust or escrow.

2. The division shall provide written notification to the cemetery operator and the trustee, financial institution, or escrow agent within fourteen days of discovering a potential violation as described in this section. Upon receipt of written notification from the division, the cemetery operator shall have sixty days to cure any alleged violations or deficiencies cited in the notification without a suspension of distribution. If, after the sixty-day time period, the division feels the cemetery has not cured the alleged violations or deficiencies cited in the notification, the division may send a notice of suspension to the cemetery operator that the division is ordering a suspension of distribution as described in this section. In the event of a suspension of distribution, the amount of any distribution suspended shall become principal, with credit against the deficiency, unless the cemetery operator files an appeal with a court of competent jurisdiction or with the administrative hearing commission, as provided herein. In the event of an appeal, a cemetery operator may request the court or administrative hearing commission stay the suspension of distribution after a showing of necessity and good cause or authorize payment from the endowed care trust fund or escrow account for necessary expenses from any amount subject to distribution.

3. Upon receipt of an order from the division suspending distribution pursuant to this section, a trustee, financial institution, or escrow agent shall immediately suspend distribution as required by the order. A trustee, financial institution, or escrow agent shall be exempt from liability for failure to distribute funds as ordered by the division.

4. A cemetery operator may appeal an order suspending distribution pursuant to this section to the administrative hearing commission. The administrative hearing commission shall receive notice of such appeal within thirty days from the date the notice of suspension was mailed by certified mail. Failure of a person whose license was suspended to notify the administrative hearing commission of his or her intent to appeal waives all rights to appeal the suspension. Upon notice of such person's intent to appeal, a hearing shall be held before the administrative hearing commission pursuant to chapter 621.

5. A cemetery operator may apply for reinstatement of distributions upon demonstration that the deficiencies or other problems have been cured or that the operator has otherwise come into compliance.

6. The division may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

If such applicant obtaining a disabled license plate or placard presents proof of disability in the form of a statement from the United States Veterans' Administration verifying that the person is permanently disabled, the applicant shall be exempt from the four-year certification requirement of this subsection for renewal of the plate or placard. Initial applications shall be accompanied by the physician's statement required by this section. Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided the physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled persons license plates or windshield placards.

19. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

20. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

21. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

22. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

23. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

24. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

25. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

26. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

27. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis.

(8) "Supervision", control exercised over a physician assistant working within the same facility as the supervising physician sixty-six percent of the time a physician assistant provides patient care, except a physician assistant may make follow-up patient examinations in hospitals, nursing homes, patient homes, and correctional facilities, each such examination being reviewed, approved and signed by the supervising physician, except as provided by subsection 2 of this section. For the purposes of this section, the percentage of time a physician assistant provides patient care with the supervising physician on-site shall be measured each calendar quarter. The supervising physician must be readily available in person or via telecommunication during the time the physician assistant is providing patient care. The board shall promulgate rules pursuant to chapter 536, RSMo, for documentation of joint review of the physician assistant activity by the supervising physician and the physician assistant. The physician assistant shall be limited to practice at locations where the supervising physician is no further than thirty miles by road using the most direct route available, or in any other fashion so distanced as to create an impediment to effective intervention and supervision of patient care or adequate review of services. Any other provisions of this chapter notwithstanding, for up to ninety days following the effective date of rules promulgated by the board to establish the waiver process under subsection 2 of this section, any physician assistant practicing in a health professional shortage area as of April 1, 2007, shall be allowed to practice under the on-site requirements stipulated by the supervising physician on the supervising physician form that was in effect on April 1, 2007.

2. The board shall promulgate rules under chapter 536, RSMo, to direct the advisory commission on physician assistants to establish a formal waiver mechanism by which an individual physician-physician assistant team may apply for alternate minimum amounts of on-site supervision and maximum distance from the supervising physician. After review of an application for a waiver, the advisory commission on physician assistants shall present its recommendation to the board for its advice and consent on the approval or denial of the application. The rule shall establish a process by which the public is invited to comment on the application for a waiver, and shall specify that a waiver may only be granted if a supervising physician and physician assistant demonstrate to the board's satisfaction in accordance with its uniformly applied criteria that:

(1) Adequate supervision will be provided by the physician for the physician assistant, given the physician assistant's training and experience and the acuity of patient conditions normally treated in the clinical setting;

(2) The physician assistant shall be limited to practice at locations where the supervising physician is no further than fifty miles by road using the most direct route available, or in any other fashion so distanced as to create an impediment to effective intervention and supervision of patient care or adequate review of services;

(3) The community or communities served by the supervising physician and physician assistant would experience reduced access to health care services in the absence of a waiver;

(4) The applicant will practice in an area designated at the time of application as a health professional shortage area;

(5) Nothing in this section shall be construed to require a physician-physician assistant team to increase their on-site requirement allowed in their initial waiver in order to qualify for renewal of such waiver;

(6) If a waiver has been granted by the board of healing arts **on or after August 28, 2009**, to a [physician] **physician-physician assistant team** working in a rural health clinic under the federal Rural Health Clinic Services Act, P.L. 95-210, as amended, no additional waiver shall be required **for the physician-physician assistant team**, so long as the rural health clinic maintains its status as a rural health clinic under such federal act, and such [physician assistant and supervising physician] **physician-physician assistant team** comply with federal supervision requirements. **No supervision requirements in addition to the minimum federal law shall be required for the physician-physician assistant team in a rural health clinic if a waiver has been granted by the board. However, the board shall be able to void a current waiver**

after conducting a hearing and upon a finding of fact that the physician-physician assistant team has failed to comply with such federal act or either member of the team has violated a provision of this chapter;

(7) A physician assistant shall only be required to seek a renewal of a waiver every five years or when his or her supervising physician is a different physician than the physician shown on the waiver application or they move their primary practice location more than ten miles from the location shown on the waiver application.

3. The scope of practice of a physician assistant shall consist only of the following services and procedures:

- (6) Instructing and counseling patients regarding mental and physical health using procedures reviewed and approved by a licensed physician;

- (8) Assisting in surgery;
- (9) Performing such other tasks not prohibited by law under the supervision of a licensed physician as the physician's assistant has been trained and is proficient to perform;
- (10) Physician assistants shall not perform abortions.

4. Physician assistants shall not prescribe nor dispense any drug, medicine, device or therapy [independent of consultation with the supervising physician] **unless pursuant to a physician supervision agreement in accordance with the law**, nor prescribe lenses, prisms or contact lenses for the aid, relief or correction of vision or the measurement of visual power or visual efficiency of the human eye, nor administer or monitor general or regional block anesthesia during diagnostic tests, surgery or obstetric procedures. Prescribing and dispensing of drugs, medications, devices or therapies by a physician assistant shall be pursuant to a physician assistant supervision agreement which is specific to the clinical conditions treated by the supervising physician and the physician assistant shall be subject to the following:

- (1) A physician assistant shall only prescribe controlled substances in accordance with section 334.747;
- (2) The types of drugs, medications, devices or therapies prescribed or dispensed by a physician assistant shall be consistent with the scopes of practice of the physician assistant and the supervising physician;

- (5) A physician assistant shall not prescribe any drugs, medicines, devices or therapies the supervising physician is not qualified or authorized to prescribe; and
- (6) A physician assistant may only dispense starter doses of medication to cover a period of time for seventy-two hours or less.

5. A physician assistant shall clearly identify himself or herself as a physician assistant and shall not use or permit to be used in the physician assistant's behalf the terms "doctor", "Dr." or "doc" nor hold himself or herself out in any way to be a physician or surgeon. No physician

assistant shall practice or attempt to practice without physician supervision or in any location where the supervising physician is not immediately available for consultation, assistance and intervention, except as otherwise provided in this section, and in an emergency situation, nor shall any physician assistant bill a patient independently or directly for any services or procedure by the physician assistant.

6. For purposes of this section, the licensing of physician assistants shall take place within processes established by the state board of registration for the healing arts through rule and regulation. The board of healing arts is authorized to establish rules pursuant to chapter 536, RSMo, establishing licensing and renewal procedures, supervision, supervision agreements, fees, and addressing such other matters as are necessary to protect the public and discipline the profession. An application for licensing may be denied or the license of a physician assistant may be suspended or revoked by the board in the same manner and for violation of the standards as set forth by section 334.100, or such other standards of conduct set by the board by rule or regulation. Persons licensed pursuant to the provisions of chapter 335, RSMo, shall not be required to be licensed as physician assistants. All applicants for physician assistant licensure who complete a physician assistant training program after January 1, 2008, shall have a master's degree from a physician assistant program.

7. "Physician assistant supervision agreement" means a written agreement, jointly agreed-upon protocols or standing order between a supervising physician and a physician assistant, which provides for the delegation of health care services from a supervising physician to a physician assistant and the review of such services.

8. When a physician assistant supervision agreement is utilized to provide health care services for conditions other than acute self-limited or well-defined problems, the supervising physician or other physician designated in the supervision agreement shall see the patient for evaluation and approve or formulate the plan of treatment for new or significantly changed conditions as soon as practical, but in no case more than two weeks after the patient has been seen by the physician assistant.

9. At all times the physician is responsible for the oversight of the activities of, and accepts responsibility for, health care services rendered by the physician assistant.

10. It is the responsibility of the supervising physician to determine and document the completion of at least a one-month period of time during which the licensed physician assistant shall practice with a supervising physician continuously present before practicing in a setting where a supervising physician is not continuously present.

11. No contract or other agreement shall require a physician to act as a supervising physician for a physician assistant against the physician's will. A physician shall have the right to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the supervising physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician for more than three full-time equivalent licensed physician assistants. This limitation shall not apply to physician assistant agreements of hospital employees providing inpatient care service in hospitals as defined in chapter 197, RSMo.

3. In counties under township organization the township trustee shall deposit all school taxes received by him with the depository selected by the township board of his township as the depository of the township funds; and in default of the selection of a depository by the township board, and during the time when any township has no depository of its funds, the township trustee shall deposit all school taxes and all township funds received by him in any county depository within the township, if there be one; if not, then in the county depository most convenient to the township, and such county depository shall thereupon pay to the township the same rate of interest upon the moneys which it has contracted to pay the county upon its funds, and the township may recover the same by civil action.

204.300. TRUSTEES, HOW APPOINTED, QUALIFICATIONS, EXPENSES REIMBURSEMENT, COMPENSATION — REGISTERED PROFESSIONAL ENGINEER, MAY EMPLOY. — 1. In all counties except counties of the first classification which have a charter form of government and which contain all or any portion of a city with a population of three hundred fifty thousand or more inhabitants, the governing body of the county, by resolution, order, or ordinance, shall appoint five trustees, the majority of whom shall reside within the boundaries of the district. In the event the district extends into any county bordering the county in which the greater portion of the district lies, the presiding commissioner or other chief executive officer of the adjoining county shall be an additional member of the appointed board of trustees. The trustees may be paid reasonable compensation by the district for their services; except that, any compensation schedule shall be approved by resolution of the board of trustees. The board of trustees shall be

responsible for the control and operation of the sewer district. The term of each board member shall be five years; except that, members of the governing body of the county sitting upon the board shall not serve beyond the expiration of their term as members of such governing body of the county. The first board of trustees shall be appointed for terms ranging from one to five years so as to establish one vacancy per year thereafter. **If the governing body of the county with the right of appointment under this subsection fails to appoint a trustee to fill a vacancy on the board within sixty days after receiving written notice from the common sewer district of the existence of such vacancy, then the vacancy may be filled by a majority of the remaining members then in office of the board of trustees of such common sewer district.** The trustees may be paid reasonable compensation by the district for their services; except that, any compensation schedule shall be approved by resolution, order, or ordinance of the governing body of the county. Any and all expenses incurred in the performance of their duties shall be reimbursed by the district. The board of trustees shall have the power to employ and fix the compensation of such staff as may be necessary to discharge the business and purposes of the district, including clerks, attorneys, administrative assistants, and any other necessary personnel. The board of trustees shall select a treasurer, who may be either a member of the board of trustees or another qualified individual. The treasurer selected by the board shall give such bond as may be required by the board of trustees. The board of trustees shall appoint the sewer engineer for the county in which the greater part of the district lies as chief engineer for the district, and the sewer engineer shall have the same powers, responsibilities and duties in regard to planning, construction and maintenance of the sewers, and treatment facilities of the district as he now has by virtue of law in regard to the sewer facilities within the county for which he is elected. If there is no sewer engineer in the county in which the greater part of the district lies, the board of trustees may employ a registered professional engineer as chief engineer for the district under such terms and conditions as may be necessary to discharge the business and purposes of the district. The provisions of this subsection shall not apply to any county of the first classification which has a charter form of government and which contains all or any portion of a city with a population of three hundred fifty thousand or more inhabitants.

2. In any county of the first classification which has a charter form of government and which contains all or any portion of a city with a population of three hundred fifty thousand or more inhabitants, and in any county of the first classification without a charter form of government and which has a population of more than sixty-three thousand seven hundred but less than seventy-five thousand, there shall be [an eight-member] **a ten-member** board of trustees to consist of the county executive, the mayors of the [four] **five** cities constituting the largest users by flow during the previous fiscal year, the mayors of [two] **three** cities which are not among the [four] **five** largest users and who are members of the advisory board of the district established pursuant to section 204.310, and one member of the county legislature to be appointed by the county executive, with the concurrence of the county legislature. If the county executive does not appoint such members of the county legislature to the board of trustees within sixty days, the county legislature shall make the appointments. The advisory board members shall be appointed annually by the advisory board. In the event the district extends into any county bordering the county in which the greater portion of the district lies, the number of members on the board of trustees shall be increased to a total of [nine] **eleven** and the presiding commissioner or county executive of the adjoining county shall be an additional member of the board of trustees. The trustees shall receive no compensation for their services, but may be compensated for their reasonable expenses normally incurred in the performance of their duties. The board of trustees may employ and fix the compensation of such staff as may be necessary to discharge the business and purposes of the district, including clerks, attorneys, administrative assistants, and any other necessary personnel. The board of trustees may employ and fix the duties and compensation of an administrator for the district. The administrator shall be the chief executive officer of the district subject to the supervision and direction of the board of trustees and shall exercise the powers, responsibilities and duties heretofore exercised by the chief

engineer prior to September 28, 1983. The administrator of the district may, with the approval of the board of trustees, retain consulting engineers for the district under such terms and conditions as may be necessary to discharge the business and purposes of the district. The provisions of this subsection shall only apply to counties of the first classification which have a charter form of government and which contain all or any portion of a city with a population of three hundred fifty thousand or more inhabitants.

204.472. SEWER SERVICE TO BE PROVIDED BY AGREEMENT FOR CERTAIN ANNEXED AREAS, PROCEDURE (POPLAR BLUFF, BUTLER COUNTY, COUNTIES OF THE THIRD CLASSIFICATION). — 1. (1)

Whenever all or any part of a territory located within a sewer district that is located in any county of the third classification without a township form of government and with more than forty thousand eight hundred but less than forty thousand nine hundred inhabitants is included by annexation within the corporate limits of any city of the third classification with more than sixteen thousand six hundred but less than sixteen thousand seven hundred inhabitants, but is not receiving sewer service from such district or city at the time of such annexation, the city and the board of trustees of the district may, within six months after such annexation becomes effective, develop an agreement to provide sewer service to the annexed territory. Such an agreement may also be developed for territory that was annexed between January 1, 1996, and August 28, 2002, but was not receiving sewer service from such district or such city on August 28, 2002. For the purposes of this section, "not receiving sewer service" shall mean that no sewer services are being sold within the annexed territory by such district or city. If the city and the board reach an agreement that detaches any territory from such district, the agreement shall be submitted to the circuit court having jurisdiction over the major portion, and the circuit court shall make an order and judgment detaching the territory described in the agreement from the remainder of the district and stating the boundary lines of the district after such detachment. At such time that the circuit court's order and judgment becomes final, the clerk of the circuit court shall file certified copies of such order and judgment with the secretary of state and with the recorder of deeds and the county clerk of the county or counties in which the district is located. If an agreement is developed between a city and a sewer district pursuant to this subsection, subsections 2 to 8 of this section shall not apply to such agreement.

(2) Whenever all or any part of a territory located within a sewer district that is located in any county of the third classification is included by annexation within the corporate limits of any city, but is not receiving sewer service from such district or city at the time of such annexation, the city and the board of trustees of the district may, within six months after such annexation becomes effective, develop an agreement to provide sewer service to the annexed territory. Such an agreement may also be developed for territory that was annexed prior to August 28, 2010, but was not receiving sewer service from such district or such city as of August 28, 2010. For the purposes of this section, "not receiving sewer service" shall mean that no sewer services are being sold within the annexed territory by such district or city. If the city and the board reach an agreement that detaches any territory from such district, the agreement shall be submitted to the circuit court having jurisdiction over the major portion, and the circuit court shall make an order and judgment detaching the territory described in the agreement from the remainder of the district and stating the boundary lines of the district after such detachment. At such time that the circuit court's order and judgment becomes final, the clerk of the circuit court shall file certified copies of such order and judgment with the secretary of state and with the recorder of deeds and the county clerk of the county or counties in which the district is located. If an agreement is developed between a city and a sewer district pursuant to this subsection, subsections 2 to 8 of this section shall not apply to such agreement.

2. In the event that the board of trustees of such district and the city cannot reach such an agreement, an application may be made by the board or the city to the circuit court requesting

that three commissioners develop such an agreement. Such application shall include the name of one commissioner appointed by the applying party. The second party shall appoint one commissioner within thirty days of the service of the application upon the second party. If the second party fails to appoint a commissioner within such time period, the circuit court shall appoint a commissioner on behalf of the second party. Such two named commissioners may agree to appoint a third disinterested commissioner within thirty days after the appointment of the second commissioner. In the event that the two named commissioners cannot agree on or fail to appoint the third disinterested commissioner within thirty days after the appointment of the second commissioner, the circuit court shall appoint the third disinterested commissioner.

3. Upon the filing of such application and the appointment of three such commissioners, the circuit court shall set a time for one or more hearings and shall order a public notice including the nature of the application, the annexed area affected, the names of the commissioners, and the time and place of such hearings, to be published for three weeks consecutively in a newspaper published in the county in which the application is pending, the last publication to be not more than seven days before the date set for the first hearing.

4. The commissioners shall develop an agreement between the district and the city to provide sewer service to the annexed territory. In developing the agreement, the commissioners shall consider information presented to them at hearings and any other information at their disposal including, but not limited to:

(1) The estimated future loss of revenue and costs for the sewer district related to the agreement;

(2) The amount of indebtedness of the sewer district within the annexed territory;

(3) Any contractual obligations of the sewer district within the annexed area; and

(4) The effect of the agreement on the sewer rates of the district.

The agreement shall also include a recommendation for the apportionment of costs incurred pursuant to subsections 2 to 8 of this section, including reasonable compensation for the commissioners, between the city and the district.

5. If the circuit court finds that the agreement provides for necessary sewer service in the annexed territory, then such agreement shall be fully effective upon approval by the circuit court. The circuit court shall also review the recommended apportionment of court costs incurred and the reasonable compensation for the commissioners and affirm or modify such recommendations.

6. The order and judgment of the circuit court shall be subject to appeal as provided by law.

7. If the circuit court approves a detachment as part of the territorial agreement, it shall make its order and judgment detaching the territory described in the application from the remainder of the district and stating the boundary lines of the district after such detachment.

8. At such time that the circuit court's order and judgment becomes final, the clerk of the circuit court shall file certified copies of such order and judgment with the secretary of state and with the recorder of deeds and the county clerk of the county or counties in which the district is located.

9. The proportion of the sum of all outstanding bonds and debt, with interest thereon, that is required to be paid to the sewer district pursuant to this section, shall be the same as the proportion of the assessed valuation of the real and tangible personal property within the area sought to be detached bears to the assessed valuation of all of the real and tangible personal property within the entire area of the sewer district.

204.571. AUTHORIZED REPRESENTATIVE, ADVISORY BOARD — ORGANIZATION — RECOMMENDATIONS. — An authorized representative, not a member of the common sewer district's advisory board under section 204.310, from each political subdivision which lies partially within a sewer subdistrict formed pursuant to sections 204.565 to 204.573 and which operates or is served by a sewage collection system, together with the representatives of all other such political subdivisions and of each county having territory within the subdistrict, shall

constitute an advisory board for the subdistrict. The advisory board shall organize by electing one of its members as chairman, one as vice chairman, and one as a representative to the common sewer district's advisory board formed pursuant to section 204.310, **however, if the subdistrict advisory board consists of less than three members, then one subdistrict advisory board member may serve in more than one such capacity.** The board of trustees of the common sewer district shall keep the subdistrict advisory board informed, either directly or through the district advisory board, as to all phases of the planning and operations of the subdistrict, and the subdistrict advisory board shall make such recommendations to the common sewer district advisory board as the subdistrict board deems advisable with regard to the construction and operation of sewers and facilities in the subdistrict. **If a county or political subdivision with the right of appointment under this section fails to appoint any subdistrict advisory board member within sixty days after receiving a written request from the common sewer district, then the board of trustees of the common sewer district may make such appointment.**

250.233. CHARGES FOR SEWER SERVICES — NOTICE AND PUBLIC HEARING REQUIRED.

— Any city, town [or], village, **or sewer district** operating a sewerage system or waterworks may establish, make and collect charges for sewerage services, including tap-on fees. The charges may be set as a flat fee or based upon the amount of water supplied to the premises and shall be in addition to those charges which may be levied and collected for maintenance, repair and administration, including debt service expenses. Any private water company or public water supply district supplying water to the premises located within said city, town [or], village, **or sewer district** shall, at reasonable charge upon reasonable request, make available to such city, town [or], village, **or sewer district** its records and books so that such city, town [or], village, **or sewer district** may obtain therefrom such data as may be necessary to calculate the charges for sewer service. Prior to establishing any such sewer charges, public hearings shall be held thereon and at least thirty days' notice shall be given thereof.

393.320. ACQUISITION OF SMALL WATER UTILITIES, ESTABLISHMENT OF RATE MAKING RATE BASE, PROCEDURE. — 1. As used in this section, the following terms mean:

(1) "Large water public utility", a public utility that regularly provides water service or sewer service to more than eight thousand customer connections and that provides safe and adequate service but shall not include a sewer district established under Section 30(a), Article VI of the Missouri Constitution, sewer districts established under the provisions of chapter 204, 249, or 250, public water supply districts established under the provisions of chapter 247, or municipalities that own water or sewer systems;

(2) "Small water utility", a public utility that regularly provides water service or sewer service to eight thousand or fewer customer connections; a water district established under the provisions of chapter 247 that regularly provides water or sewer service to eight thousand or fewer customer connections; a sewer district established under the provisions of chapter 204, 249, or 250 that regularly provides sewer service to eight thousand or fewer customer connections; or a water system or sewer system owned by a municipality that regularly provides water service or sewer service to eight thousand or fewer customer connections; and all other entities that regularly provide water service or sewer service to eight thousand or fewer customer connections.

2. The procedures contained in this section may be chosen by a large water public utility, and if so chosen shall be used by the public service commission to establish the ratemaking rate base of a small water utility during an acquisition.

3. (1) An appraisal shall be performed by three appraisers. One appraiser shall be appointed by the small water utility, one appraiser shall be appointed by the large water public utility, and the third appraiser shall be appointed by the two appraisers so

appointed. Each of the appraisers shall be a disinterested person who is a certified general appraiser under chapter 339.

(2) The appraisers shall:

(a) Jointly prepare an appraisal of the fair market value of the water system and/or sewer system. The determination of fair market value shall be in accordance with Missouri law and with the Uniform Standards of Professional Appraisal Practice; and

(b) Return their appraisal, in writing, to the small water utility and large water public utility in a reasonable and timely manner.

(3) If all three appraisers cannot agree as to the appraised value, the appraisal, when signed by two of the appraisers, constitutes a good and valid appraisal.

4. Nothing in this section shall prohibit a party from declining to proceed with an acquisition or be deemed as establishing the final purchase price of an acquisition.

5. (1) The lesser of the purchase price or the appraised value, together with the reasonable and prudent transaction, closing, and transition costs incurred by the large water public utility, shall constitute the ratemaking rate base for the small water utility as acquired by the acquiring large water public utility; provided, however, that if the small water utility is a public utility subject to chapter 386 and the small water utility completed a rate case prior to the acquisition, the public service commission may select as the ratemaking rate base for the small water utility as acquired by the acquiring large water public utility a ratemaking rate base in between:

(a) The lesser of the purchase price or the appraised value, together with the reasonable and prudent transaction, closing, and transition costs incurred by the large water public utility unless such transaction, closing, and transition costs are elsewhere recoverable in rates; and

(b) The ratemaking rate base of the small water utility as ordered by the public service commission in the small water utility's last previous rate case as adjusted by improvements and depreciation reserve since the previous rate case together with the transaction, closing, and transition costs incurred by the large water public utility unless such transaction, closing, and transition costs are elsewhere recoverable in rates. If the small water utility and large water public utility proceed with the sale, any past due fees due to the state from the small water utility or its customers under chapter 640 or 644 shall be resolved prior to the transfer of ownership or the liability for such past due fees becomes the responsibility of the large water public utility. Such fees shall not be included in the large water public utility's rate base.

(2) The public service commission shall issue its decision establishing the ratemaking rate base of the small water utility in its order approving the acquisition.

6. Any new permit issued pursuant to chapters 640 and 644, when a small water utility is acquired by a large water public utility, shall include a plan to resolve all outstanding permit compliance issues. After the transfer of ownership, the acquiring large water public utility shall continue providing service to all customers that were served by the small water utility at the time of sale.

7. This section is intended for the specific and unique purpose of determining the ratemaking rate base of small water utilities and shall be exclusively applied to large water public utilities in the acquisition of a small water utility. This section is not intended to apply beyond its specific purpose and shall not be construed in any manner to apply to electric corporations, natural gas corporations, or any other utility regulated by the public service commission.

188.027. CONSENT, VOLUNTARY AND INFORMED, REQUIRED—PROCEDURE, CONTENTS — INFORMATION TO BE PRESENTED IN PERSON — ALLEVIATION OF PAIN, REQUIREMENTS — MEDICAL EMERGENCY, PROCEDURE — PAYMENT PROHIBITED, WHEN — WRITTEN MATERIALS REQUIRED, WHEN — EMERGENCY RULES AUTHORIZED. — **1. Except in the case of medical emergency**, no abortion shall be performed [except with the prior, informed and written consent freely given of the pregnant woman.] **or induced on a woman without her voluntary and informed consent, given freely and without coercion. Consent to an abortion is voluntary and informed and given freely and without coercion, if and only if, at least twenty-four hours prior to the abortion:**

(1) The physician who is to perform or induce the abortion or a qualified professional has informed the woman, orally, reduced to writing, and in person, of the following:

(a) The name of the physician who will perform or induce the abortion;
(b) Medically accurate information that a reasonable patient would consider material to the decision of whether or not to undergo the abortion, including:

a. A description of the proposed abortion method;
b. The immediate and long-term medical risks to the woman associated with the proposed abortion method including, but not limited to, infection, hemorrhage, cervical tear or uterine perforation, harm to subsequent pregnancies or the ability to carry a subsequent child to term, and possible adverse psychological effects associated with the abortion; and

c. The immediate and long-term medical risks to the woman, in light of the anesthesia and medication that is to be administered, the unborn child's gestational age, and the woman's medical history and medical condition;

(c) Alternatives to the abortion which shall include making the woman aware that information and materials shall be provided to her detailing such alternatives to the abortion;

(d) A statement that the physician performing or inducing the abortion is available for any questions concerning the abortion, together with the telephone number that the physician may be later reached to answer any questions that the woman may have;

(e) The location of the hospital that offers obstetrical or gynecological care located within thirty miles of the location where the abortion is performed or induced and at which the physician performing or inducing the abortion has clinical privileges and where the woman may receive follow-up care by the physician if complications arise;

(f) The gestational age of the unborn child at the time the abortion is to be performed or induced; and

(g) The anatomical and physiological characteristics of the unborn child at the time the abortion is to be performed or induced;

(2) The physician who is to perform or induce the abortion or a qualified professional has presented the woman, in person, printed materials provided by the department, which describe the probable anatomical and physiological characteristics of the unborn child at two-week gestational increments from conception to full term, including color photographs or images of the developing unborn child at two-week gestational increments. Such descriptions shall include information about brain and heart functions, the presence of external members and internal organs during the applicable stages of development and information on when the unborn child is viable. The printed materials shall prominently display the following statement: "The life of each human being begins at conception. Abortion will terminate the life of a separate, unique, living human being.";

(3) The physician who is to perform or induce the abortion or a qualified professional has presented the woman, in person, printed materials provided by the department, which describe the various surgical and drug-induced methods of abortion relevant to the stage of pregnancy, as well as the immediate and long-term medical risks commonly associated with each abortion method including, but not limited to, infection, hemorrhage, cervical tear or uterine perforation, harm to subsequent pregnancies or the ability to carry a subsequent child to term, and the possible adverse psychological effects associated with an abortion;

The woman shall be provided with a geographically indexed list maintained by the department of health care providers, facilities, and clinics that perform ultrasounds, including those that offer ultrasound services free of charge. Such materials shall provide contact information for each provider, facility, or clinic including telephone numbers and, if available, web site addresses. Should the woman decide to obtain an ultrasound from a provider, facility, or clinic other than the abortion facility, the woman shall be offered a reasonable time to obtain the ultrasound examination before the date and time set for performing or inducing an abortion. The person conducting the ultrasound shall ensure that the active ultrasound image is of a quality consistent with standard medical practice in the community, contains the dimensions of the unborn child, and accurately portrays the presence of external members and internal organs, if present or viewable, of the unborn child. The auscultation of fetal heart tone must also be of a quality consistent with standard medical practice in the community. If the woman chooses to view the ultrasound or hear the heartbeat or both at the abortion facility, the viewing or hearing or both shall be provided to her at the abortion facility at least twenty-four hours prior to the abortion being performed or induced;

(5) Prior to an abortion being performed or induced on an unborn child of twenty-two weeks gestational age or older, the physician who is to perform or induce the abortion or a qualified professional has presented the woman, in person, printed materials

provided by the department that offer information on the possibility of the abortion causing pain to the unborn child. This information shall include, but need not be limited to, the following:

Such materials shall provide a comprehensive list by geographical area of the agencies, a description of the services they offer, and the telephone numbers and addresses of the agencies; provided that such materials shall not include any programs, services, organizations, or affiliates of organizations, that perform or induce, or assist in the performing or inducing, of abortions or that refer for abortions;

(b) Explain the Missouri alternatives to abortion services program under section 188.325, and any other programs and services available to pregnant women and mothers of newborn children offered by public or private agencies which assist a woman in carrying her unborn child to term and assist her in caring for her dependent child or placing her child for adoption, including, but not limited to prenatal care; maternal health care; newborn or infant care; mental health services; professional counseling services; housing programs; utility assistance; transportation services; food, clothing, and supplies related to pregnancy; parenting skills; educational programs; job training and placement services; drug and alcohol testing and treatment; and adoption assistance;

The state of Missouri encourages you to contact those agencies before making a final decision about abortion. State law requires that your physician or a qualified professional give you the opportunity to call agencies like these before you undergo an abortion.";

(7) The physician who is to perform or induce the abortion or a qualified professional has presented the woman, in person, printed materials provided by the department explaining that the father of the unborn child is liable to assist in the support of the child,

even in instances where he has offered to pay for the abortion. Such materials shall include information on the legal duties and support obligations of the father of a child, including, but not limited to, child support payments, and the fact that paternity may be established by the father's name on a birth certificate or statement of paternity, or by court action. Such printed materials shall also state that more information concerning paternity establishment and child support services and enforcement may be obtained by calling the family support division within the Missouri department of social services; and

(8) The physician who is to perform or induce the abortion or a qualified professional shall inform the woman that she is free to withhold or withdraw her consent to the abortion at any time without affecting her right to future care or treatment and without the loss of any state or federally funded benefits to which she might otherwise be entitled.

2. All information required to be provided to a woman considering abortion by subsection 1 of this section shall be presented to the woman individually, in the physical presence of the woman and in a private room, to protect her privacy, to maintain the confidentiality of her decision, to ensure that the information focuses on her individual circumstances, to ensure she has an adequate opportunity to ask questions, and to ensure that she is not a victim of coerced abortion. Should a woman ask questions concerning any of the information or materials, answers shall be provided in a language she can understand.

3. No abortion shall be performed or induced unless and until the woman upon whom the abortion is to be performed or induced certifies in writing on a checklist form provided by the department that she has been presented all the information required in subsection 1 of this section, that she has been provided the opportunity to view an active ultrasound image of the unborn child and hear the heartbeat of the unborn child if it is audible, and that she further certifies that she gives her voluntary and informed consent, freely and without coercion, to the abortion procedure.

4. No abortion shall be performed or induced on an unborn child of twenty-two weeks gestational age or older unless and until the woman upon whom the abortion is to be performed or induced has been provided the opportunity to choose to have an anesthetic or analgesic administered to eliminate or alleviate pain to the unborn child caused by the particular method of abortion to be performed or induced. The administration of anesthesia or analgesics shall be performed in a manner consistent with standard medical practice in the community.

5. No physician shall perform or induce an abortion unless and until the physician has obtained from the woman her voluntary and informed consent given freely and without coercion. If the physician has reason to believe that the woman is being coerced into having an abortion, the physician or qualified professional shall inform the woman that services are available for her and shall provide her with private access to a telephone and information about such services, including but not limited to the following:

- (1) Rape crisis centers, as defined in section 455.003;
- (2) Shelters for victims of domestic violence, as defined in section 455.200; and
- (3) Orders of protection, pursuant to chapter 455.

6. No physician shall perform or induce an abortion unless and until the physician has received and signed a copy of the form prescribed in subsection 3 of this section. The physician shall retain a copy of the form in the patient's medical record.

7. In the event of a medical emergency as provided by section 188.075, the physician who performed or induced the abortion shall clearly certify in writing the nature and circumstances of the medical emergency. This certification shall be signed by the physician who performed or induced the abortion, and shall be maintained under section 188.060.

8. No person or entity shall require, obtain, or accept payment for an abortion from or on behalf of a patient until at least twenty-four hours has passed since the time that the information required by subsection 1 has been provided to the patient. Nothing in this subsection shall prohibit a person or entity from notifying the patient that payment for the abortion will be required after the twenty-four-hour period has expired if she voluntarily chooses to have the abortion.

9. The term "qualified professional" as used in this section shall refer to a physician, physician assistant, registered nurse, licensed practical nurse, psychologist, licensed professional counselor, or licensed social worker, licensed or registered under chapter 334, 335, or 337, acting under the supervision of the physician performing or inducing the abortion, and acting within the course and scope of his or her authority provided by law. The provisions of this section shall not be construed to in any way expand the authority otherwise provided by law relating to the licensure, registration, or scope of practice of any such qualified professional.

10. By November 30, 2010, the department shall produce the written materials and forms described in this section. Any written materials produced shall be printed in a typeface large enough to be clearly legible. All information shall be presented in an objective, unbiased manner designed to convey only accurate scientific and medical information. The department shall furnish the written materials and forms at no cost and in sufficient quantity to any person who performs or induces abortions, or to any hospital or facility that provides abortions. The department shall make all information required by subsection 1 of this section available to the public through its department web site. The department shall maintain a toll-free, twenty-four-hour hotline telephone number where a caller can obtain information on a regional basis concerning the agencies and services described in subsection 1 of this section. No identifying information regarding persons who use the web site shall be collected or maintained. The department shall monitor the web site on a regular basis to prevent tampering and correct any operational deficiencies.

11. In order to preserve the compelling interest of the state to ensure that the choice to consent to an abortion is voluntary and informed, and given freely and without coercion, the department shall use the procedures for adoption of emergency rules under section 536.025 in order to promulgate all necessary rules, forms, and other necessary material to implement this section by November 30, 2010.

188.039. TWENTY-FOUR HOUR WAITING PERIOD FOR ABORTIONS REQUIRED — MEDICAL EMERGENCY EXCEPTION, DEFINITION — INFORMED CONSENT REQUIREMENTS — DEPARTMENT TO PROVIDE MODEL CONSENT FORMS. — 1. For purposes of this section, "medical emergency" means a condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of a pregnant woman as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function.

2. Except in the case of medical emergency, no person shall perform or induce an abortion unless at least twenty-four hours prior thereto [a treating physician] **the physician who is to perform or induce the abortion or a qualified professional** has conferred with the patient and discussed with her the indicators and contraindicators, and risk factors including any physical, psychological, or situational factors for the proposed procedure and the use of medications, including but not limited to mifepristone, in light of her medical history and medical condition. For an abortion performed or an abortion induced by a drug or drugs, such conference shall take place at least twenty-four hours prior to the writing or communication of the first prescription for such drug or drugs in connection with inducing an abortion. Only one such conference shall be required for each abortion.

3. The patient shall be evaluated by [a treating physician] **the physician who is to perform or induce the abortion or a qualified professional** during the conference for indicators and

contraindicators, risk factors including any physical, psychological, or situational factors which would predispose the patient to or increase the risk of experiencing one or more adverse physical, emotional, or other health reactions to the proposed procedure or drug or drugs in either the short or long term as compared with women who do not possess such risk factors.

4. At the end of the conference, and if the woman chooses to proceed with the abortion, [a treating physician] **the physician who is to perform or induce the abortion or a qualified professional** shall sign and shall cause the patient to sign a written statement that the woman gave her informed consent freely and without coercion after the physician **or qualified professional** had discussed with her the indicators and contraindicators, and risk factors, including any physical, psychological, or situational factors. All such executed statements shall be maintained as part of the patient's medical file, subject to the confidentiality laws and rules of this state.

5. The director of the department of health and senior services shall disseminate a model form that physicians **or qualified professionals** may use as the written statement required by this section, but any lack or unavailability of such a model form shall not affect the duties of the physician **or qualified professional** set forth in subsections 2 to 4 of this section.

6. As used in this section, the term "qualified professional" shall refer to a physician, physician assistant, registered nurse, licensed practical nurse, psychologist, licensed professional counselor, or licensed social worker, licensed or registered under chapter 334, 335, or 337, acting under the supervision of the physician performing or inducing the abortion, and acting within the course and scope of his or her authority provided by law. The provisions of this section shall not be construed to in any way expand the authority otherwise provided by law relating to the licensure, registration, or scope of practice of any such qualified professional.

334.245. ABORTIONS, ONLY PHYSICIANS TO PERFORM—VIOLATIONS, PENALTY. — 1. Notwithstanding any other provision of law to the contrary that may allow a person to provide services relating to pregnancy, including prenatal, delivery, and postpartum services, no person other than a licensed physician is authorized to perform or induce an abortion.

2. Any person who violates the provisions of this section is guilty of a class B felony.

376.805. ELECTIVE ABORTION TO BE BY OPTIONAL RIDER AND REQUIRES ADDITIONAL PREMIUM — ELECTIVE ABORTION DEFINED — HEALTH INSURANCE EXCHANGES NOT TO OFFER COVERAGE FOR ELECTIVE ABORTIONS. — 1. No health insurance contracts, plans, or policies delivered or issued for delivery in the state shall provide coverage for elective abortions except by an optional rider for which there must be paid an additional premium. For purposes of this section, an "elective abortion" means an abortion for any reason other than a spontaneous abortion or to prevent the death of the female upon whom the abortion is performed.

2. Subsection 1 of this section shall be applicable to all contracts, plans or policies of:

- (1) All health insurers subject to this chapter; and
- (2) All nonprofit hospital, medical, surgical, dental, and health service corporations subject to chapter 354, RSMo; and
- (3) All health maintenance organizations.

3. No health insurance exchange established within this state or any health insurance exchange administered by the federal government or its agencies within this state shall offer health insurance contracts, plans, or policies that provide coverage for elective abortions, nor shall any health insurance exchange operating within this state offer coverage for elective abortions through the purchase of an optional rider.

4. This section shall be applicable only to contracts, plans or policies written, issued, renewed or revised, after September 28, 1983. For the purposes of this subsection, if new

premiums are charged for a contract, plan or policy, it shall be determined to be a new contract, plan or policy.

3. The registrant shall pay an annual fee of [fifteen] **one hundred fifty** dollars for each product registered in any calendar year or part thereof. The fee shall be deposited in the state treasury to the credit of the [general revenue fund] **agriculture protection fund created in section 261.200 to be used solely to administer the pest and pesticide programs of the department of agriculture. Where two or more pesticides meet the requirements of this subsection, one shall not be registered in preference to the other.

7. The director may require the submission of the complete formula of any pesticide to approve or deny product registration. If it appears to the director that the composition and efficacy of the pesticide is such as to warrant the proposed claims for it and if the pesticide and its labeling and other material required to be submitted comply with the requirements of sections 281.210 to 281.310, he shall register the pesticide.

8. Provided the state is authorized to issue experimental use permits, the director may:

(1) Issue an experimental use permit to any person applying for an experimental use permit if he determines that the applicant needs such permit in order to accumulate information necessary to register a pesticide under sections 281.210 to 281.310. An application for an experimental use permit may be filed at the time of or before or after an application for registration is filed;

(2) Prescribe terms, conditions, and period of time for the experimental permit which shall be under the supervision of the director;

(3) Revoke any experimental permit, at any time, if he finds that its terms or conditions are being violated, or that its terms and conditions are inadequate to avoid unreasonable adverse effects on the environment.

9. If it does not appear to the director that the pesticide is such as to warrant the proposed claims for it or if the pesticide and its labeling and other material required to be submitted do not comply with the provisions of sections 281.210 to 281.310 or with federal laws, he shall notify the registrant of the manner in which the pesticide, labeling, or other material required to be submitted fail to comply with sections 281.210 to 281.310 or with federal laws so as to afford the registrant an opportunity to make the necessary corrections. If, upon receipt of such notice, the registrant insists that such corrections are not necessary and requests in writing that the pesticide be registered or, in the case of a pesticide that is already registered, that it not be canceled, the director, within ninety days, shall hold a public hearing to determine if the pesticide in question should be registered or canceled. If, after such hearing, it is determined that the pesticide should not be registered or that its registration should be canceled, the director may refuse registration or cancel an existing registration until the required label changes are accomplished. If the pesticide is shown to be in compliance with sections 281.210 to 281.310 and federal laws, the pesticide will be registered. Any appeals resulting from administrative decisions by the director will be taken in accordance with sections 536.100 to 536.140, RSMo.

10. Notwithstanding any other provision of sections 281.210 to 281.310, registration is not required in the case of a pesticide shipped from one plant or warehouse within this state to another plant or warehouse within this state when such plants are operated by the same persons.

11. The director shall not make any lack of essentiality a criterion for denying registration of a pesticide except where none of the labeled uses are present in the state. Where two or more pesticides meet the requirements of sections 281.210 to 281.310, one shall not be registered in preference to the other.

12. Notwithstanding any other provision of law to the contrary, the director may allow a reasonable period of time for the retailer to dispose of existing stocks of pesticides after the manufacturer or distributor has ceased to register the product with the state. The method of disposal shall be determined by the director.

3. Any person who sells to any person within this state any intoxicating liquors mentioned in subdivision (1) of subsection 1, unless the charge hereby imposed is paid, is guilty of a felony and shall be punished by imprisonment by the state department of corrections for a term of not less than two years nor more than five years, or by imprisonment in the county jail for a term of not less than one month nor more than one year, or by a fine of not less than fifty dollars nor more than one thousand dollars, or by both such fine and imprisonment.

7. A blaster's license shall expire three years from the date of issuance. To qualify for a renewal of a blaster's license, an individual will be required to provide documentation of completing eight hours of training in an explosives-related course of instruction that is approved by the division of fire safety, at least half of which shall have been completed within the year prior to renewal. The remainder of such training for renewal of the license may be acquired at any time during the three-year period that a license is valid. Additional training beyond an accumulated eight hours during any three-year period is not valid for more than one subsequent renewal of the license.

8. No enforcement action shall be taken against any individual that

cannot comply with such a request so long as the division of fire safety's records provide documentation that the individual has a valid blaster's license.

10. (1) A blaster's license issued under the provisions of this section may be suspended or revoked by the division of fire safety upon substantial proof that the individual holding the license has:

- (a) Knowingly failed to monitor the use of explosives as provided in section 319.309;

(2) The division of fire safety shall provide any notice of suspension or revocation, as provided in subdivision (1) of this subsection, in writing, sent by certified mail to the last known address of the holder of the license. The notice may also be verbal, but this does not eliminate the requirement for written notice. Upon receipt of a verbal or written notice of suspension or revocation from the division of fire safety, the individual holding the license shall immediately surrender all copies of the license to a representative of the division of fire safety and shall immediately cease all blasting activity.

(3) The individual holding the license may appeal any suspension or revocation to the state blasting safety board established under section 319.324 within forty-five days of the date written notice was received. The division of fire safety shall immediately notify the chairman of the board that an appeal has been received and a hearing before the board shall be held. The board shall consider and make a decision on any appeal received by the division of fire safety within thirty days of the date the appeal is received by the division of fire safety. The board shall make a decision on the appeal by majority vote of the board and shall immediately notify the licensee of its decision in writing. The written statement of the board's decision shall be prepared by the division of fire safety or its designee and shall be approved by the chairman of the board. The approved statement of the board's decision shall be sent by certified mail to the last known address of the holder of the license.

11. Any individual whose license has been expired for a period of three years or less shall be required to successfully pass the examination as provided in subdivisions (1) to (5) of subsection 15 of this section and attend the eight hours of training required for renewal of a license as minimum qualifications for submitting an application for reinstatement of the license. Any individual whose license has been expired for a period of more than three years shall meet the qualifications set forth in subsection 4 of this section, including completing twenty hours of training and passing the examination, prior to applying for a blaster's license.

12. A license may be granted to applicants who within the last three years have held a valid license or certification from any other source if all of the qualifications for obtaining the license or certification meet or exceed the provisions of this section. It is the duty of the division of fire safety to investigate the qualifications required for obtaining a license or certification from any other source. Licenses or certification held prior to the effective date of the rule required by subsection 19 of this section shall be deemed to meet requirements for this subsection, provided that they meet requirements of the rule.

13. A license may be granted upon the application of an individual employed as a blaster on or before December 31, 2000, [and] who has accumulated one thousand hours of training or education pertaining to blasting and experience working for a specific person using explosives within two years immediately prior to applying for a license. The application shall include a

statement of hours of experience in the form of an affidavit signed by the person using explosives who has employed or contracted with the blaster for the preceding two years. Such applicant also shall meet the requirement of subdivisions (1), (2), (3), (4), (5), (6), (7), (10), and (11) of subsection 4 of this section. Any individual granted a license under this subsection shall be limited to blasting performed for the person using explosives submitting the affidavit required by this subsection. 14. (1) The division of fire safety or its authorized agent shall offer annually at least two courses of instruction that fulfill the training requirement [of qualifying] **to qualify** for a blaster's license and two courses that fulfill the training requirement for renewal of a blaster's license. In addition, any person may apply to the division of fire safety for approval of a course of instruction that meets the training requirement of obtaining a blaster's license or renewal of a blaster's license. The application shall include a description of the qualifications of the instructor, a description of instructional materials to be used in the course, and an outline of the subject matter to be taught, including minimum hours of instruction on each topic. The division of fire safety shall review the application regarding the knowledge and experience of proposed instructors, the total hours of training and the adequacy of proposed training in subject matter with regard to the provisions of sections 319.300 to 319.345. If the division of fire safety determines that training proposed by the applicant is adequate, a letter of approval shall be issued to the applicant. The letter of approval shall be effective for a period of three years. If at any time the division of fire safety determines that an approved training course no longer meets the standards of this section, the letter of approval may be revoked with written notice. The division of fire safety or any person providing a course of instruction may charge an appropriate fee to recover the cost of conducting such instruction.

(2) To be approved by the division of fire safety, a blaster's training course shall contain at least twenty hours of instruction to prepare attendees for obtaining a blaster's license the first time, or eight hours of instruction to prepare attendees for obtaining a license renewal.

Testing fees shall be no greater than what is required to administer the testing provisions of this section and shall not exceed fifty dollars per test.

(2) Except as provided in subsection 11 of this section, no individual shall be allowed to take an examination for purposes of obtaining a blaster's license unless that individual has completed a training course approved by the division of fire safety. The individual must have completed an approved course of instruction as provided in subdivision (1) of subsection 14 of this section no longer than two years prior to taking the examination. The examination may be administered by any person approved to provide a course of instruction, as provided in subdivision (1) of subsection 14 of this section, at the site of instruction, provided that any such examination may, at the discretion of the state fire marshal, be conducted under the supervision of the division of fire safety. The division of fire safety may also administer such examinations at other times and locations.

(3) Standards for passing the examination shall be set by the division of fire safety by rule.

(4) The division of fire safety or its authorized agent shall provide a written statement within thirty days to the individual taking the examination as to whether that individual passed or failed.

(5) Any individual failing to pass the examination may retake the examination within six months without having to complete an additional approved course of instruction. If the individual fails the second examination, the person must complete another course of instruction as required in subdivision (1) of subsection 14 of this section before taking the examination again. No limit will be placed on how many times any individual may take the examination, subject to the provisions of this subdivision.

(6) Individuals having previously taken an approved blaster's training course, and **having** passed an approved examination, and having taken an approved blaster's renewal training course, or that have obtained a blaster's license as provided in subsections 12 and 13 of this section are eligible for renewal of a blaster's license after meeting the requirements of subsection 7 of this section. The fee for renewal of a license shall be the same as the fee specified in subsection 3 of this section.

16. No individual shall load or fire explosives or direct, order, or otherwise cause any individual to load or fire explosives in this state unless that individual has a valid blaster's license or is under the direct supervision and responsibility of an individual having a valid blaster's license. For purposes of this section, "direct supervision" means the supervisor is physically present on the same job site as the individual who is loading or firing explosives. An individual without a blaster's license who is loading or firing explosives while under the direct supervision and responsibility of someone having a blaster's license shall not be in violation of sections 319.300 to 319.345.

393.1025. DEFINITIONS. — As used in sections 393.1020 to 393.1030, the following terms mean:

(1) "Commission", the public service commission;

(2) "Department", the department of natural resources;

(3) "Electric utility", any electrical corporation as defined by section 386.020;

(4) "Renewable energy credit" or "REC", a tradeable certificate of proof that one megawatt-hour of electricity has been generated from renewable energy sources; and

(5) "Renewable energy resources", electric energy produced from wind, solar thermal sources, photovoltaic cells and panels, dedicated crops grown for energy production, cellulosic agricultural residues, plant residues, methane from landfills, **from agricultural operations**, or from wastewater treatment, **thermal depolymerization or pyrolysis for converting waste material to energy**, clean and untreated wood such as pallets, hydropower (not including pumped storage) that does not require a new diversion or impoundment of water and that has a nameplate rating of ten megawatts or less, fuel cells using hydrogen produced by one of the above-named renewable energy sources, and other sources of energy not including nuclear that become available after November 4, 2008, and are certified as renewable by rule by the department.

393.1030. ELECTRIC UTILITIES, PORTFOLIO REQUIREMENTS — TRACKING REQUIREMENTS — RULEMAKING AUTHORITY — REBATE OFFERS — CERTIFICATION OF ELECTRICITY GENERATED. — 1. The commission shall, in consultation with the department, prescribe by rule a portfolio requirement for all electric utilities to generate or purchase electricity generated from renewable energy resources. Such portfolio requirement shall provide that electricity from renewable energy resources shall constitute the following portions of each electric utility's sales:

- (1) No less than two percent for calendar years 2011 through 2013;
- (2) No less than five percent for calendar years 2014 through 2017;
- (3) No less than ten percent for calendar years 2018 through 2020; and
- (4) No less than fifteen percent in each calendar year beginning in 2021.

At least two percent of each portfolio requirement shall be derived from solar energy. The portfolio requirements shall apply to all power sold to Missouri consumers whether such power is self-generated or purchased from another source in or outside of this state. A utility may comply with the standard in whole or in part by purchasing RECs. Each kilowatt-hour of eligible energy generated in Missouri shall count as 1.25 kilowatt-hours for purposes of compliance.

2. The commission, in consultation with the department and within one year of November 4, 2008, shall select a program for tracking and verifying the trading of renewable energy credits. An unused credit may exist for up to three years from the date of its creation. A credit may be used only once to comply with sections 393.1020 to 393.1030 and may not also be used to satisfy any similar nonfederal requirement. An electric utility may not use a credit derived from a green pricing program. Certificates from net-metered sources shall initially be owned by the customer-generator. The commission, except where the department is specified, shall make whatever rules are necessary to enforce the renewable energy standard. Such rules shall include:

(1) A maximum average retail rate increase of one percent determined by estimating and comparing the electric utility's cost of compliance with least-cost renewable generation and the cost of continuing to generate or purchase electricity from entirely nonrenewable sources, taking into proper account future environmental regulatory risk including the risk of greenhouse gas regulation;

(2) Penalties of at least twice the average market value of renewable energy credits for the compliance period for failure to meet the targets of subsection 1. An electric utility will be excused if it proves to the commission that failure was due to events beyond its reasonable control that could not have been reasonably mitigated, or that the maximum average retail rate increase has been reached. Penalties shall not be recovered from customers. Amounts forfeited under this section shall be remitted to the department to purchase renewable energy credits needed for compliance. Any excess forfeited revenues shall be used by the department's energy center solely for renewable energy and energy efficiency projects;

(3) Provisions for an annual report to be filed by each electric utility in a format sufficient to document its progress in meeting the targets;

(4) Provision for recovery outside the context of a regular rate case of prudently incurred costs and the pass-through of benefits to customers of any savings achieved by an electrical corporation in meeting the requirements of this section.

3. Each electric utility shall make available to its retail customers a standard rebate offer of at least two dollars per installed watt for new or expanded solar electric systems sited on customers' premises, up to a maximum of twenty-five kilowatts per system, that become operational after 2009.

4. The department shall, in consultation with the commission, establish by rule a certification process for electricity generated from renewable resources and used to fulfill the requirements of subsection 1 of this section. Certification criteria for renewable energy generation shall be determined by factors that include fuel type, technology, and the environmental impacts of the generating facility. Renewable energy facilities shall not cause undue adverse air, water, or land use impacts, including impacts associated with the gathering of generation feedstocks. If any amount of fossil fuel is used with renewable energy resources, only the portion of electrical output attributable to renewable energy resources shall be used to fulfill the portfolio requirements.

5. In carrying out the provisions of this section, the commission and the department shall include methane generated from the anaerobic digestion of farm animal waste and thermal depolymerization or pyrolysis for converting waste material to energy as renewable energy resources for purposes of this section.

In determining the eligibility of a claimant for public assistance pursuant to this law, it shall be the duty of the division of family services to consider and take into account all facts and circumstances surrounding the claimant, including his or her living conditions, earning capacity, income and resources, from whatever source received, and if from all the facts and circumstances the claimant is not found to be in need, assistance shall be denied. In determining the need of a claimant, the costs of providing medical treatment which may be furnished pursuant to sections 208.151 to 208.158 and 208.162 shall be disregarded. The amount of benefits, when added to all other income, resources, support, and maintenance shall provide such persons with reasonable subsistence compatible with decency and health in accordance with the standards developed by the division of family services; provided, when a husband and wife are living together, the combined income and resources of both shall be considered in determining the eligibility of either or both. "Living together" for the purpose of this chapter is defined as including a husband and wife separated for the purpose of obtaining medical care or nursing home care, except that the income of a husband or wife separated for such purpose shall be considered in determining the eligibility of his or her spouse, only to the extent that such income exceeds the amount necessary to meet the needs (as defined by rule or regulation of the division) of such husband or wife living separately. In determining the need of a claimant in federally aided programs there shall be disregarded such amounts per month of earned income in making such determination as shall be required for federal participation by the provisions of the federal Social Security Act (42 U.S.C.A. 301 et seq.), or any amendments thereto. When federal law or regulations require the exemption of other income or resources, the division of family services may provide by rule or regulation the amount of income or resources to be disregarded.

2. Benefits shall not be payable to any claimant who:

(1) Has or whose spouse with whom he or she is living has, prior to July 1, 1989, given away or sold a resource within the time and in the manner specified in this subdivision. In determining the resources of an individual, unless prohibited by federal statutes or regulations, there shall be included (but subject to the exclusions pursuant to subdivisions (4) and (5) of this subsection, and subsection 5 of this section) any resource or interest therein owned by such individual or spouse within the twenty-four months preceding the initial investigation, or at any time during which benefits are being drawn, if such individual or spouse gave away or sold such resource or interest within such period of time at less than fair market value of such resource or interest for the purpose of establishing eligibility for benefits, including but not limited to benefits based on December, 1973, eligibility requirements, as follows:

(a) Any transaction described in this subdivision shall be presumed to have been for the purpose of establishing eligibility for benefits or assistance pursuant to this chapter unless such individual furnishes convincing evidence to establish that the transaction was exclusively for some other purpose;

(b) The resource shall be considered in determining eligibility from the date of the transfer for the number of months the uncompensated value of the disposed of resource is divisible by the average monthly grant paid or average Medicaid payment in the state at the time of the investigation to an individual or on his or her behalf under the program for which benefits are claimed, provided that:

a. When the uncompensated value is twelve thousand dollars or less, the resource shall not be used in determining eligibility for more than twenty-four months; or

b. When the uncompensated value exceeds twelve thousand dollars, the resource shall not be used in determining eligibility for more than sixty months;

(2) The provisions of subdivision (1) of this subsection shall not apply to a transfer, other than a transfer to claimant's spouse, made prior to March 26, 1981, when the claimant furnishes convincing evidence that the uncompensated value of the disposed of resource or any part thereof is no longer possessed or owned by the person to whom the resource was transferred;

(3) Has received, or whose spouse with whom he or she is living has received, benefits to which he or she was not entitled through misrepresentation or nondisclosure of material facts or failure to report any change in status or correct information with respect to property or income as required by section 208.210. A claimant ineligible pursuant to this subsection shall be ineligible for such period of time from the date of discovery as the division of family services may deem proper; or in the case of overpayment of benefits, future benefits may be decreased, suspended or entirely withdrawn for such period of time as the division may deem proper;

(4) Owns or possesses resources in the sum of one thousand dollars or more; provided, however, that if such person is married and living with spouse, he or she, or they, individually or jointly, may own resources not to exceed two thousand dollars; and provided further, that in the case of a temporary assistance for needy families claimant, the provision of this subsection shall not apply;

(5) Prior to October 1, 1989, owns or possesses property of any kind or character, excluding amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, or has an interest in property, of which he or she is the record or beneficial owner, the value of such property, as determined by the division of family services, less encumbrances of record, exceeds twenty-nine thousand dollars, or if married and actually living together with husband or wife, if the value of his or her property, or the value of his or her interest in property, together with that of such husband and wife, exceeds such amount;

2. The department of social services, MO HealthNet division, or its contractor may maintain an appropriate action to recover funds paid by the department of social services or MO HealthNet division or its contractor that are due under this section in the name of the state of Missouri against the person, corporation, institution, public agency, or private agency liable to the participant, minor or estate.

3. Any participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death who pursues legal rights against a person, corporation, institution, public agency, or private agency liable to that participant or minor for injuries, disease or disability or benefits arising from a health insurance plan to which the participant may be entitled as outlined in subsection 1 of this section shall upon actual knowledge that the department of social services or MO HealthNet division has paid MO HealthNet benefits as defined by this chapter promptly notify the MO HealthNet division as to the pursuit of such legal rights.

All applicants and participants, including a person authorized by the probate code, shall cooperate with the department of social services, MO HealthNet division in identifying and providing information to assist the state in pursuing any third party who may be liable to pay for care and services available under the state's plan for MO HealthNet benefits as provided in sections 208.151 to 208.159 and sections 208.162 and 208.204. All applicants and participants shall cooperate with the agency in obtaining third-party resources due to the applicant, participant, or child for whom assistance is claimed. Failure to cooperate without good cause as determined by the department of social services, MO HealthNet division in accordance with federally prescribed standards shall render the applicant or participant ineligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204. A [recipient] **participant** who has notice or who has actual knowledge of the department's rights to third-party benefits who receives any third-party benefit or proceeds for a covered illness or injury is either required to pay the division within sixty days after receipt of

settlement proceeds the full amount of the third-party benefits up to the total MO HealthNet benefits provided or to place the full amount of the third-party benefits in a trust account for the benefit of the division pending judicial or administrative determination of the division's right to third-party benefits.

5. Every person, corporation or partnership who acts for or on behalf of a person who is or was eligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204 for purposes of pursuing the applicant's or participant's claim which accrued as a result of a nonoccupational or nonwork-related incident or occurrence resulting in the payment of MO HealthNet benefits shall notify the MO HealthNet division upon agreeing to assist such person and further shall notify the MO HealthNet division of any institution of a proceeding, settlement or the results of the pursuit of the claim and give thirty days' notice before any judgment, award, or settlement may be satisfied in any action or any claim by the applicant or participant to recover damages for such injuries, disease, or disability, or benefits arising from a health insurance program to which the participant may be entitled.

6. Every participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death, or his attorney or legal representative shall promptly notify the MO HealthNet division of any recovery from a third party and shall immediately reimburse the department of social services, MO HealthNet division, or its contractor from the proceeds of any settlement, judgment, or other recovery in any action or claim initiated against any such third party. A judgment, award, or settlement in an action by a [recipient] **participant** to recover damages for injuries or other third-party benefits in which the division has an interest may not be satisfied without first giving the division notice and a reasonable opportunity to file and satisfy the claim or proceed with any action as otherwise permitted by law.

7. The department of social services, MO HealthNet division or its contractor shall have a right to recover the amount of payments made to a provider under this chapter because of an injury, disease, or disability, or benefits arising from a health insurance plan to which the participant may be entitled for which a third party is or may be liable in contract, tort or otherwise under law or equity. Upon request by the MO HealthNet division, all third-party payers shall provide the MO HealthNet division with information contained in a 270/271 Health Care Eligibility Benefits Inquiry and Response standard transaction mandated under the federal Health Insurance Portability and Accountability Act, except that third-party payers shall not include accident-only, specified disease, disability income, hospital indemnity, or other fixed indemnity insurance policies.

8. The department of social services or MO HealthNet division shall have a lien upon any moneys to be paid by any insurance company or similar business enterprise, person, corporation, institution, public agency or private agency in settlement or satisfaction of a judgment on any claim for injuries or disability or disease benefits arising from a health insurance program to which the participant may be entitled which resulted in medical expenses for which the department or MO HealthNet division made payment. This lien shall also be applicable to any moneys which may come into the possession of any attorney who is handling the claim for injuries, or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled which resulted in payments made by the department or MO HealthNet division. In each case, a lien notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or participant has a claim, demand or cause of action. The lien shall claim the charge and describe the interest the department or MO HealthNet division has in the claim, demand or cause of action. The lien shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

9. On petition filed by the department, or by the participant, or by the defendant, the court, on written notice of all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either

before or after a verdict, and nothing in this section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the department has charge. The court may determine what portion of the recovery shall be paid to the department against the recovery. In making this determination the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) The amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the participant incident to the recovery; and whether the department should, as a matter of fairness and equity, bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) The amount, if any, of the attorney's fees and other costs incurred by the participant incident to the recovery and paid by the participant up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) The total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the participant, by insurance provided by the participant, and by the department, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) Whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the participant;

(5) The age of the participant and of persons dependent for support upon the participant, the nature and permanency of the participant's injuries as they affect not only the future employability and education of the participant but also the reasonably necessary and foreseeable future material, maintenance, medical rehabilitative and training needs of the participant, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) The realistic ability of the participant to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

10. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction. **The computerized records of the MO HealthNet division, certified by the director or his or her designee, shall be prima facie evidence of proof of moneys expended and the amount of the debt due the state.**

11. The court may reduce and apportion the department's or MO HealthNet division's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The department or MO HealthNet division shall pay its pro rata share of the attorney's fees based on the department's or MO HealthNet division's lien as it compares to the total settlement agreed upon. This section shall not affect the priority of an attorney's lien under section 484.140, RSMo. The charges of the department or MO HealthNet division or contractor described in this section, however, shall take priority over all other liens and charges existing under the laws of the state of Missouri with the exception of the attorney's lien under such statute.

12. Whenever the department of social services or MO HealthNet division has a statutory charge under this section against a recovery for damages incurred by a participant because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, [irrespective] **regardless** of whether [or not] an action based on participant's claim has been filed in court. Nothing herein shall prohibit the director from

entering into a compromise agreement with any participant, after consideration of the factors in subsections 9 to 13 of this section.

13. This section shall be inapplicable to any claim, demand or cause of action arising under the workers' compensation act, chapter 287, RSMo. From funds recovered pursuant to this section the federal government shall be paid a portion thereof equal to the proportionate part originally provided by the federal government to pay for MO HealthNet benefits to the participant or minor involved. The department or MO HealthNet division shall enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on permanently institutionalized individuals. The department or MO HealthNet division shall have the right to enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on all other institutionalized individuals. For the purposes of this subsection, "permanently institutionalized individuals" includes those people who the department or MO HealthNet division determines cannot reasonably be expected to be discharged and return home, and "property" includes the homestead and all other personal and real property in which the participant has sole legal interest or a legal interest based upon co-ownership of the property which is the result of a transfer of property for less than the fair market value within thirty months prior to the participant's entering the nursing facility. The following provisions shall apply to such liens:

(1) The lien shall be for the debt due the state for MO HealthNet benefits paid or to be paid on behalf of a participant. The amount of the lien shall be for the full amount due the state at the time the lien is enforced;

(2) The MO HealthNet division shall file for record, with the recorder of deeds of the county in which any real property of the participant is situated, a written notice of the lien. The notice of lien shall contain the name of the participant and a description of the real estate. The recorder shall note the time of receiving such notice, and shall record and index the notice of lien in the same manner as deeds of real estate are required to be recorded and indexed. The director or the director's designee may release or discharge all or part of the lien and notice of the release shall also be filed with the recorder. The department of social services, MO HealthNet division, shall provide payment to the recorder of deeds the fees set for similar filings in connection with the filing of a lien and any other necessary documents;

(3) No such lien may be imposed against the property of any individual prior to the individual's death on account of MO HealthNet benefits paid except:

(a) In the case of the real property of an individual:

a. Who is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution, to spend for costs of medical care all but a minimal amount of his or her income required for personal needs; and

b. With respect to whom the director of the MO HealthNet division or the director's designee determines, after notice and opportunity for hearing, that he cannot reasonably be expected to be discharged from the medical institution and to return home. The hearing, if requested, shall proceed under the provisions of chapter 536, RSMo, before a hearing officer designated by the director of the MO HealthNet division; or

(b) Pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual;

(4) No lien may be imposed under paragraph (b) of subdivision (3) of this subsection on such individual's home if one or more of the following persons is lawfully residing in such home:

(a) The spouse of such individual;

(b) Such individual's child who is under twenty-one years of age, or is blind or permanently and totally disabled; or

(c) A sibling of such individual who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution;

(5) Any lien imposed with respect to an individual pursuant to subparagraph b of paragraph (a) of subdivision (3) of this subsection shall dissolve upon that individual's discharge from the medical institution and return home.

14. The debt due the state provided by this section is subordinate to the lien provided by section 484.130, RSMo, or section 484.140, RSMo, relating to an attorney's lien and to the participant's expenses of the claim against the third party.

15. Application for and acceptance of MO HealthNet benefits under this chapter shall constitute an assignment to the department of social services or MO HealthNet division of any rights to support for the purpose of medical care as determined by a court or administrative order and of any other rights to payment for medical care.

16. All participants receiving benefits as defined in this chapter shall cooperate with the state by reporting to the family support division or the MO HealthNet division, within thirty days, any occurrences where an injury to their persons or to a member of a household who receives MO HealthNet benefits is sustained, on such form or forms as provided by the family support division or MO HealthNet division.

17. If a person fails to comply with the provision of any judicial or administrative decree or temporary order requiring that person to maintain medical insurance on or be responsible for medical expenses for a dependent child, spouse, or ex-spouse, in addition to other remedies available, that person shall be liable to the state for the entire cost of the medical care provided pursuant to eligibility under any public assistance program on behalf of that dependent child, spouse, or ex-spouse during the period for which the required medical care was provided. Where a duty of support exists and no judicial or administrative decree or temporary order for support has been entered, the person owing the duty of support shall be liable to the state for the entire cost of the medical care provided on behalf of the dependent child or spouse to whom the duty of support is owed.

18. The department director or the director's designee may compromise, settle or waive any such claim in whole or in part in the interest of the MO HealthNet program. Notwithstanding any provision in this section to the contrary, the department of social services, MO HealthNet division is not required to seek reimbursement from a liable third party on claims for which the amount it reasonably expects to recover will be less than the cost of recovery or for which recovery efforts will not be cost-effective. Cost-effectiveness is determined based on the following:

- (1) Actual and legal issues of liability as may exist between the [recipient] participant and the liable party;
- (2) Total funds available for settlement; and
- (3) An estimate of the cost to the division of pursuing its claim.

208.453. HOSPITALS TO PAY A FEDERAL REIMBURSEMENT ALLOWANCE FOR PRIVILEGE OF PROVIDING INPATIENT CARE, DEFINED — ELIMINATION OF ALLOWANCE FOR CERTAIN HOSPITALS. — Every hospital as defined by section 197.020, RSMo, except [public hospitals which are operated primarily for the care and treatment of mental disorders and] any hospital operated by the department of health and senior services, shall, in addition to all other fees and taxes now required or paid, pay a federal reimbursement allowance for the privilege of engaging in the business of providing inpatient health care in this state. For the purpose of this section, the phrase "engaging in the business of providing inpatient health care in this state" shall mean accepting payment for inpatient services rendered. The federal reimbursement allowance to be paid by a hospital which has an unsponsored care ratio that exceeds sixty-five percent or hospitals owned or operated by the board of curators, as defined in chapter 172, RSMo, may be eliminated by the director of the department of social services. The unsponsored care ratio shall be calculated by the department of social services.

208.895. REFERRAL FOR SERVICES, DEPARTMENT DUTIES — CONTRACTING FOR ASSESSMENTS, REQUIREMENTS—EXPIRATION DATE. — Upon receipt of a properly completed referral for MO HealthNet-funded home- and community-based care containing a nurse assessment or physician's order, the department of health and senior services [shall] **may**:

(1) Review the recommendations regarding services and process the referral within fifteen business days;

(2) Issue a prior-authorization for home and community-based services when information contained in the referral is sufficient to establish eligibility for MO HealthNet-funded long-term care and determine the level of service need as required under state and federal regulations;

(3) Arrange for the provision of services by an in-home provider;

(4) Reimburse the in-home provider for one nurse visit to conduct an assessment and recommendation for a care plan and, where necessary based on case circumstances, a second nurse visit may be authorized to gather additional information or documentation necessary to constitute a completed referral;

(5) Notify the referring entity upon the authorization of MO HealthNet eligibility and provide MO HealthNet reimbursement for personal care benefits effective the date of the assessment or physician's order, and MO HealthNet reimbursement for waiver services effective the date the state reviews and approves the care plan;

(6) Notify the referring entity within five business days of receiving the referral if additional information is required to process the referral; and

(7) Inform the provider and contact the individual when information is insufficient or the proposed care plan requires additional evaluation by state staff that is not obtained from the referring entity to schedule an in-home assessment to be conducted by the state staff within thirty days.

2. The department of health and senior services may contract for initial home and community based assessments, including a care plan, through an independent third-party assessor. The contract shall include a requirement that:

(1) Within fifteen days of receipt of a referral for service, the contractor shall have made a face-to-face assessment of care need and developed a plan of care; and

(2) The contractor notify the referring entity within five days of receipt of referral if additional information is needed to process the referral.

The contract shall also include the same requirements for such assessments as of January 1, 2010, related to timeliness of assessments and the beginning of service. The contract shall be bid under chapter 34 and shall not be a risk-based contract.

3. The two nurse visits authorized by subsection 16 of section 660.300 shall continue to be performed by home and community based providers for including, but not limited to, reassessment and level of care recommendations. These reassessments and care plan changes shall be reviewed and approved by the independent third party assessor. In the event of dispute over the level of care required, the third party assessor shall conduct a face to face review with the client in question.

4. The provisions of this section shall expire three years after the effective date of this section.

208.909. RESPONSIBILITIES OF RECIPIENTS AND VENDORS. — 1. Consumers receiving personal care assistance services shall be responsible for:

2. Participating vendors shall be responsible for:

(4) Monitoring the performance of the personal care assistance services plan.

3. No state or federal financial assistance shall be authorized or expended to pay for services provided to a consumer under sections 208.900 to 208.927, if the primary benefit of the services is to the household unit, or is a household task that the members of the consumer's household may reasonably be expected to share or do for one another when they live in the same household, unless such service is above and beyond typical activities household members may reasonably provide for another household member without a disability.

4. No state or federal financial assistance shall be authorized or expended to pay for personal care assistance services provided by a personal care attendant who is listed on any of the background check lists in the family care safety registry under sections 210.900 to 210.937, RSMo, unless a good cause waiver is first obtained from the department in accordance with section 660.317, RSMo.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

6. In the event that a consensus between centers for independent living and representatives from the executive branch cannot be reached, the telephony report issued to the general assembly and governor shall include a minority report which shall detail those elements of substantial dissent from the main report.

7. No interested party, including a center for independent living, shall be required to contract with any particular vendor or provider of telephony services nor bear the full cost of the pilot program.

The department may authorize the in-home services provider nurse to assist the case manager with the investigation.

3. If requested, local area agencies on aging shall provide volunteer training to those persons listed in subsection 1 of this section regarding the detection and report of abuse and neglect pursuant to this section.

4. Any person required in subsection 1 of this section to report or cause a report to be made to the department who fails to do so within a reasonable time after the act of abuse or neglect is guilty of a class A misdemeanor.

7. If the investigation indicates possible abuse or neglect of an in-home services client or home health patient, the investigator shall refer the complaint together with his or her report to the department director or his or her designee for appropriate action. If, during the investigation or at its completion, the department has reasonable cause to believe that immediate action is necessary to protect the in-home services client or home health patient from abuse or neglect, the department or the local prosecuting attorney may, or the attorney general upon request of the department shall, file a petition for temporary care and protection of the in-home services client or home health patient in a circuit court of competent jurisdiction. The circuit court in which the petition is filed shall have equitable jurisdiction to issue an ex parte order granting the department authority for the temporary care and protection of the in-home services client or home health patient, for a period not to exceed thirty days.

8. Reports shall be confidential, as provided under section 660.320.

9. Anyone, except any person who has abused or neglected an in-home services client or home health patient, who makes a report pursuant to this section or who testifies in any administrative or judicial proceeding arising from the report shall be immune from any civil or criminal liability for making such a report or for testifying except for liability for perjury, unless such person acted negligently, recklessly, in bad faith, or with malicious purpose.

10. Within five working days after a report required to be made under this section is received, the person making the report shall be notified in writing of its receipt and of the initiation of the investigation.

11. No person who directs or exercises any authority in an in-home services provider agency or home health agency shall harass, dismiss or retaliate against an in-home services client or home health patient, or an in-home services employee or a home health agency employee

because he or any member of his or her family has made a report of any violation or suspected violation of laws, standards or regulations applying to the in-home services provider agency or home health agency or any in-home services employee or home health agency employee which he has reasonable cause to believe has been committed or has occurred.

12. Any person who abuses or neglects an in-home services client or home health patient is subject to criminal prosecution under section 565.180, 565.182, or 565.184, RSMo. If such person is an in-home services employee and has been found guilty by a court, and if the supervising in-home services provider willfully and knowingly failed to report known abuse by such employee to the department, the supervising in-home services provider may be subject to administrative penalties of one thousand dollars per violation to be collected by the department and the money received therefor shall be paid to the director of revenue and deposited in the state treasury to the credit of the general revenue fund. Any in-home services provider which has had administrative penalties imposed by the department or which has had its contract terminated may seek an administrative review of the department's action pursuant to chapter 621, RSMo. Any decision of the administrative hearing commission may be appealed to the circuit court in the county where the violation occurred for a trial de novo. For purposes of this subsection, the term "violation" means a determination of guilt by a court.

13. The department shall establish a quality assurance and supervision process for clients that requires an in-home services provider agency to conduct random visits to verify compliance with program standards and verify the accuracy of records kept by an in-home services employee.

14. The department shall maintain the employee disqualification list and place on the employee disqualification list the names of any persons who have been finally determined by the department, pursuant to section 660.315, to have recklessly, knowingly or purposely abused or neglected an in-home services client or home health patient while employed by an in-home services provider agency or home health agency. For purposes of this section only, "knowingly" and "recklessly" shall have the meanings that are ascribed to them in this section. A person acts "recklessly" when the person consciously disregards a substantial and unjustifiable risk that the person's conduct will result in serious physical injury and such disregard constitutes a gross deviation from the standard of care that a reasonable person would exercise in the situation.

15. At the time a client has been assessed to determine the level of care as required by rule and is eligible for in-home services, the department shall conduct a "Safe at Home Evaluation" to determine the client's physical, mental, and environmental capacity. The department shall develop the safe at home evaluation tool by rule in accordance with chapter 536, RSMo. The purpose of the safe at home evaluation is to assure that each client has the appropriate level of services and professionals involved in the client's care. The plan of service or care for each in-home services client shall be authorized by a nurse. The department may authorize the licensed in-home services nurse, in lieu of the department nurse, to conduct the assessment of the client's condition and to establish a plan of services or care. The department may use the expertise, services, or programs of other departments and agencies on a case-by-case basis to establish the plan of service or care. The department may, as indicated by the safe at home evaluation, refer any client to a mental health professional, as defined in 9 CSR 30-4.030, for evaluation and treatment as necessary.

16. Authorized nurse visits shall occur at least twice annually to assess the client and the client's plan of services. The provider nurse shall report the results of his or her visits to the client's case manager. If the provider nurse believes that the plan of service requires alteration, the department shall be notified and the department shall make a client evaluation. All authorized nurse visits shall be reimbursed to the in-home services provider. All authorized nurse visits shall be reimbursed outside of the nursing home cap for in-home services clients whose services have reached one hundred percent of the average statewide charge for care and

treatment in an intermediate care facility, provided that the services have been preauthorized by the department.

17. All in-home services clients shall be advised of their rights by the department **or the department's designee** at the initial evaluation. The rights shall include, but not be limited to, the right to call the department for any reason, including dissatisfaction with the provider or services. **The department may contract for services relating to receiving such complaints.** The department shall establish a process to receive such nonabuse and neglect calls other than the elder abuse and neglect hotline.

18. Subject to appropriations, all nurse visits authorized in sections 660.250 to 660.300 shall be reimbursed to the in-home services provider agency.

660.425. HOME SERVICES PROVIDERS TAX IMPOSED, DEFINITIONS. — 1. Each in-home services provider in this state providing in-home services [under chapter 208, RSMo.] shall, in addition to all other fees and taxes now required or paid, pay an in-home services gross receipts tax, not to exceed six and one-half percent of gross receipts, for the privilege of engaging in the business of providing in-home services in this state.

2. Each in-home services provider's tax shall be based on a formula set forth in rules promulgated by the department of social services. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

2. Each in-home services provider subject to sections 660.425 to 660.465 shall keep such records as may be necessary to determine the total payments received for the provision of in-home services [under chapter 208, RSMo.] by the in-home services provider. Every in-home services provider shall submit to the department of social services a statement that accurately reflects such information as is necessary to determine such in-home services provider's tax due.

3. The department of social services may adjust the tax due quarterly on a prospective basis. The department of social services may adjust the tax due more frequently for individual providers if there is a substantial and statistically significant change in the in-home services provided or in the payments received for such services provided [under chapter 208, RSMo]. All investment earnings of the fund shall be credited to the fund.

2. An offset authorized by section 660.450 or a payment to the in-home services gross receipts tax fund shall be accepted as payment of the obligation set forth in section 660.425.

3. The state treasurer shall maintain records showing the amount of money in the in-home services gross receipts tax fund at any time and the amount of investment earnings on such amount. 4. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any unexpended balance in the in-home services gross receipts tax fund at the end of the biennium shall not revert to the credit of the general revenue fund.

660.460. NOTIFICATION OF TAXES DUE — UNPAID OR DELINQUENT AMOUNTS, EFFECT OF — FAILURE TO PAY, PENALTY. — 1. 13. Within sixty days of the initial meeting of the first commission appointed, the commission shall obtain from the clerk of the supreme court or the state courts administrator a list of retired appellate and circuit court judges who did not leave the judiciary as a result of being defeated in an election. The executive director shall determine those judges who indicate their desire to serve as special investigators and to investigate any and all complaints referred to them by the commission. The executive director shall maintain an updated list of those judges

qualified and available for appointment to serve as special investigators. Such list shall be updated at least annually. The commission shall refer complaints to such special investigators on that list on a rotating schedule which ensures a random assignment of each special investigator. Each special investigator shall receive only one unrelated investigation at a time and shall not be assigned to a second or subsequent investigation until all other eligible investigators on the list have been assigned to an investigation. In the event that no special investigator is qualified or available to conduct a particular investigation, the commission may appoint a special investigator to conduct such particular investigation.

14. The commission shall have the following duties and responsibilities relevant to the impartial and effective enforcement of sections 105.450 to 105.496 and chapter 130, RSMo, as provided in sections 105.955 to 105.963:

(3) **Conduct investigations as provided in subsection 2 of section 105.959;**

(4) Develop appropriate systems to file and maintain an index of all such reports and statements to facilitate public access to such information, except as may be limited by confidentiality requirements otherwise provided by law, including cross-checking of information contained in such statements and reports. The commission may enter into contracts with the appropriate filing officers to effectuate such system. Such filing officers shall cooperate as necessary with the commission as reasonable and necessary to effectuate such purposes;

~~[(4)]~~ (5) Provide information and assistance to lobbyists, elected and appointed officials, and employees of the state and political subdivisions in carrying out the provisions of sections 105.450 to 105.496 and chapter 130, RSMo;

~~[(5)]~~ (6) Make recommendations to the governor and general assembly or any state agency on the need for further legislation with respect to the ethical conduct of public officials and employees and to advise state and local government in the development of local government codes of ethics and methods of disclosing conflicts of interest as the commission may deem appropriate to promote high ethical standards among all elected and appointed officials or employees of the state or any political subdivision thereof and lobbyists;

~~[(6)]~~ (7) Render advisory opinions as provided by this section;

~~[(7)]~~ (8) Promulgate rules relating to the provisions of sections 105.955 to 105.963 and chapter 130, RSMo. All rules and regulations issued by the commission shall be prospective only in operation;

(2) Administer oaths and affirmations;

(3) Take evidence and require by subpoena duces tecum the production of books, papers, and other records relating to any matter being investigated or to the performance of the commission's duties or exercise of its powers. Subpoenas duces tecum shall be served and enforced in the same manner provided by section 536.077, RSMo;

(4) Employ such personnel, including legal counsel, and contract for services including legal counsel, within the limits of its appropriation, as it deems necessary provided such legal counsel, either employed or contracted, represents the Missouri ethics commission before any state agency or before the courts at the request of the Missouri ethics commission. Nothing in this section shall limit the authority of the Missouri ethics commission as provided for in subsection 2 of section 105.961; and

(5) Obtain information from any department, division or agency of the state or any political subdivision reasonably calculated to lead to the discovery of evidence which will reasonably assist the commission in carrying out the duties prescribed in sections 105.955 to 105.963 and chapter 130, RSMo.

16. (1) Upon written request for an advisory opinion received by the commission, and if the commission determines that the person requesting the opinion would be directly affected by the application of law to the facts presented by the requesting person, the commission shall issue a written opinion advising the person who made the request, in response to the person's particular request, regarding any issue that the commission can receive a complaint on pursuant to section 105.957. The commission may decline to issue a written opinion by a vote of four members and shall provide to the requesting person the reason for the refusal in writing. The commission shall give an approximate time frame as to when the written opinion shall be issued. Such advisory opinions shall be issued no later than ninety days from the date of receipt by the commission. Such requests and advisory opinions, deleting the name and identity of the requesting person, shall be compiled and published by the commission on at least an annual basis. Advisory opinions issued by the commission shall be maintained and made available for public inspection and copying at the office of the commission during normal business hours. Any advisory opinion or portion of an advisory opinion rendered pursuant to this subsection shall be withdrawn by the commission if, after hearing thereon, the joint committee on administrative rules finds that such advisory opinion is beyond or contrary to the statutory authority of the commission or is inconsistent with the legislative intent of any law enacted by the general assembly, and after the general assembly, by concurrent resolution, votes to adopt the findings and conclusions of the joint committee on administrative rules. Any such concurrent resolution adopted by the general assembly shall be published at length by the commission in its publication of advisory opinions of the commission next following the adoption of such resolution, and a copy of such concurrent resolution shall be maintained by the commission, along with the withdrawn advisory opinion, in its public file of advisory opinions. The commission shall also send a copy of such resolution to the person who originally requested the withdrawn advisory opinion. Any advisory opinion issued by the ethics commission shall act as legal direction to any person requesting such opinion and no person shall be liable for relying on the opinion and it shall act as a defense of justification against prosecution. An advisory opinion of the commission shall not be withdrawn unless:

- (a) The authorizing statute is declared unconstitutional;

- (c) The authorizing statute is changed to invalidate the opinion.

(2) Upon request, the attorney general shall give the attorney general's opinion, without fee, to the commission, any elected official of the state or any political subdivision, any member of the general assembly, or any director of any department, division or agency of the state, upon any question of law regarding the effect or application of sections 105.450 to 105.496, or chapter 130, RSMo. Such audit shall include a determination of whether appropriations were spent within the intent of the

general assembly, but shall not extend to review of any file or document pertaining to any particular investigation, audit or review by the commission, an investigator or any staff or person employed by the commission or under the supervision of the commission or an investigator. The state auditor and any employee of the state auditor shall not disclose the identity of any person who is or was the subject of an investigation by the commission and whose identity is not public information as provided by law.

18. From time to time but no more frequently than annually the commission may request the officials and entities described in subdivision (6) of section 105.450 to identify for the commission in writing those persons associated with such office or entity which such office or entity has designated as a decision-making public servant. Each office or entity delineated in subdivision (6) of section 105.450 receiving such a request shall identify those so designated within thirty days of the commission's request.

The complaint shall contain all facts known by the complainant that have given rise to the complaint and the complaint shall be sworn to, under penalty of perjury, by the complainant. No complaint shall be investigated unless the complaint alleges facts which, if true, fall within the jurisdiction of the commission. Within five days after receipt [of a complaint] by the commission **of a complaint which is properly signed and notarized, and which alleges facts which, if true, fall within the jurisdiction of the commission**, a copy of the complaint, including the name of the complainant, shall be delivered to the alleged violator.

3. No complaint shall be investigated which concerns alleged criminal conduct which allegedly occurred previous to the period of time allowed by law for criminal prosecution for such conduct. The commission may refuse to investigate any conduct which is the subject of civil or criminal litigation. The commission, its executive director or an investigator shall not investigate any complaint concerning conduct which is not criminal in nature which occurred more than two years prior to the date of the complaint. A complaint alleging misconduct on the part of a candidate for public office, other than those alleging failure to file the appropriate financial interest statements or campaign finance disclosure reports, shall not be accepted by the commission within sixty days prior to the primary election at which such candidate is running for office, and until after the general election.

4. If the commission finds that any complaint is frivolous in nature [or finds no probable cause to believe that there has been a violation], the commission shall dismiss the case. For purposes of this subsection, "frivolous" shall mean a complaint clearly lacking any basis in fact or law. Any person who submits a frivolous complaint shall be liable for actual and compensatory damages to the alleged violator for holding the alleged violator before the public in a false light. If the commission finds that a complaint is frivolous [or that there is not probable cause to believe there has been a violation], the commission shall issue a public report to the complainant and the alleged violator stating with particularity its reasons for dismissal of the

complaint. Upon such issuance, the complaint and all materials relating to the complaint shall be a public record as defined in chapter 610, RSMo.

5. Complaints which allege violations as described in this section which are filed with the commission shall be handled as provided by section 105.961.

The executive director of the commission, under the supervision of the commission, shall review reports and statements filed with the commission or other appropriate officers pursuant to sections 105.470, 105.483 to 105.492, and chapter 130, RSMo, for completeness, accuracy and timeliness of filing of the reports or statements **and any records relating to the reports or statements**, and upon review, if there are reasonable grounds to believe that a violation has occurred, shall conduct an [audit] **investigation** of such reports, [and] statements, **and records and assign a special investigator following the provisions of subsection 1 of section 105.961.** [All investigations by the executive director of an alleged violation shall be strictly confidential with the exception of notification of the commission and the complainant or the person under investigation. All investigations by the executive director shall be limited to the information contained in the reports or statements. The commission shall notify the complainant or the person under investigation, by registered mail, within five days of the decision to conduct such investigation. Revealing any such confidential investigation information shall be cause for removal or dismissal of the executive director or a commission member or employee.]

2. **(1) If there are reasonable grounds to believe that a violation has occurred and after the commission unanimously votes to proceed with all six members voting, the executive director shall, without receipt of a complaint, conduct an independent investigation of any potential violations of the provisions of:**

- (a) The requirements imposed on lobbyists by section 105.470 to 105.478;**

- (f) The provisions of the constitution or state statute or order, ordinance, or resolution of any political subdivision relating to the official conduct of officials or employees of the state and political subdivisions.**

(2) If an investigation conducted under this subsection fails to establish reasonable grounds to believe that a violation has occurred, the investigation shall be terminated and the person who had been under investigation shall be notified of the reasons for the disposition of the complaint.

3. Upon findings of the appropriate filing officer which are reported to the commission in accordance with the provisions of section 130.056, RSMo, the executive director shall [audit] **investigate** disclosure reports, statements and records pertaining to such findings within a reasonable time after receipt of the reports from the appropriate filing officer.

[3. Upon a sworn written complaint of any natural person filed with the commission pursuant to section 105.957, the commission shall audit and investigate alleged violations. Within sixty days after receipt of a sworn written complaint alleging a violation, the executive director shall notify the complainant in writing of the action, if any, the executive director has taken and plans to take on the complaint. If an investigation conducted pursuant to this subsection fails to establish reasonable grounds to believe that a violation has occurred, the investigation shall be terminated and the complainant and the person who had been under investigation shall be notified of the reasons for the disposition of the complaint.]

4. The commission may make such investigations and inspections within or outside of this state as are necessary to determine compliance.

5. [If, during an audit or investigation, the commission determines that a formal investigation is necessary, the commission shall assign the investigation to a special investigator in the manner provided by subsection 1 of section 105.961.] **The commission shall notify the person under investigation under this section, by registered mail, within five days of the decision to conduct such investigation and assign a special investigator following the provisions of subsection 1 of section 105.961.**

6. After completion of an [audit or] investigation, the executive director shall provide a detailed report of such [audit or] investigation to the commission. Upon determination that there are reasonable grounds to believe that a person has violated the requirements of sections 105.470, 105.483 to 105.492, or chapter 130, RSMo, by a vote of four members of the commission, the commission may refer the report with the recommendations of the commission to the appropriate prosecuting authority together with [a copy of the audit and] the details of the investigation by the commission as is provided in subsection 2 of section 105.961.

7. All investigations by the executive director of an alleged violation shall be strictly confidential with the exception of notification of the commission and the complainant and the person under investigation. Revealing any such confidential investigation information shall be cause for removal or dismissal of the executive director or a commission member or employee.

105.961. SPECIAL INVESTIGATOR — REPORT — COMMISSION REVIEW, DETERMINATION — SPECIAL PROSECUTOR — HEARINGS — ACTION OF COMMISSION — FORMAL PROCEEDINGS — APPROPRIATE DISCIPLINARY AUTHORITIES — POWERS OF INVESTIGATORS — FEES AND EXPENSES — CONFIDENTIALITY, PENALTY — COMPENSATION. — 1. Upon receipt of a complaint as described by section 105.957 **or upon notification by the commission of an investigation under subsection 5 of section 105.959**, the commission shall assign the complaint **or investigation** to a special investigator, who may be a commission employee, who shall investigate and determine the merits of the complaint **or investigation**. Within ten days of such assignment, the special investigator shall review such complaint and disclose, in writing, to the commission any conflict of interest which the special investigator has or might have with respect to the investigation and subject thereof. Within [one hundred twenty] **ninety** days of receipt of the complaint from the commission, the special investigator shall submit the special investigator's report to the commission. The commission, after review of such report, shall determine:

(1) That there is reasonable grounds for belief that a violation has occurred; or
(2) That there are no reasonable grounds for belief that a violation exists and the complaint **or investigation** [should] **shall** be dismissed; or
(3) That additional time is necessary to complete the investigation, and the status and progress of the investigation to date. The commission, in its discretion, may allow the investigation to proceed for **no more than two** additional successive periods of [one hundred twenty] **ninety** days each, pending reports regarding the status and progress of the investigation at the end of each such period.

2. When the commission concludes, based on the report from the special investigator, or based on an [audit] **investigation** conducted pursuant to section 105.959, that there are reasonable grounds to believe that a violation of any criminal law has occurred, and if the commission believes that criminal prosecution would be appropriate upon a vote of four members of the commission, the commission shall refer the report to the Missouri office of prosecution services, prosecutors coordinators training council established in section 56.760, RSMo, which shall submit a panel of five attorneys for recommendation to the court having criminal jurisdiction, for appointment of an attorney to serve as a special prosecutor; except that, the attorney general of Missouri or any assistant attorney general shall not act as such special

prosecutor. The court shall then appoint from such panel a special prosecutor pursuant to section 56.110, RSMo, who shall have all the powers provided by section 56.130, RSMo. The court shall allow a reasonable and necessary attorney's fee for the services of the special prosecutor. Such fee shall be assessed as costs if a case is filed, or ordered by the court if no case is filed, and paid together with all other costs in the proceeding by the state, in accordance with rules and regulations promulgated by the state courts administrator, subject to funds appropriated to the office of administration for such purposes. If the commission does not have sufficient funds to pay a special prosecutor, the commission shall refer the case to the prosecutor or prosecutors having criminal jurisdiction. If the prosecutor having criminal jurisdiction is not able to prosecute the case due to a conflict of interest, the court may appoint a special prosecutor, paid from county funds, upon appropriation by the county or the attorney general to investigate and, if appropriate, prosecute the case. The special prosecutor or prosecutor shall commence an action based on the report by the filing of an information or seeking an indictment within sixty days of the date of such prosecutor's appointment, or shall file a written statement with the commission explaining why criminal charges should not be sought. If the special prosecutor or prosecutor fails to take either action required by this subsection, upon request of the commission, a new special prosecutor, who may be the attorney general, shall be appointed. The report may also be referred to the appropriate disciplinary authority over the person who is the subject of the report.

3. When the commission concludes, based on the report from the special investigator or based on an [audit] **investigation** conducted pursuant to section 105.959, that there are reasonable grounds to believe that a violation of any law has occurred which is not a violation of criminal law or that criminal prosecution is not appropriate, the commission shall conduct a hearing which shall be a closed meeting and not open to the public. The hearing shall be conducted pursuant to the procedures provided by sections 536.063 to 536.090, RSMo, and shall be considered to be a contested case for purposes of such sections. The commission shall determine, in its discretion, whether or not that there is probable cause that a violation has occurred. If the commission determines, by a vote of at least four members of the commission, that probable cause exists that a violation has occurred, the commission may refer its findings and conclusions to the appropriate disciplinary authority over the person who is the subject of the report, as described in subsection [7] **8** of this section. [After the commission determines by a vote of at least four members of the commission that probable cause exists that a violation has occurred, and the commission has referred the findings and conclusions to the appropriate disciplinary authority over the person subject of the report, the subject of the report may appeal the determination of the commission to the administrative hearing commission. Such appeal shall stay the action of the Missouri ethics commission. Such appeal shall be filed not later than the fourteenth day after the subject of the commission's action receives actual notice of the commission's action.]

4. If the appropriate disciplinary authority receiving a report from the commission pursuant to subsection 3 of this section fails to follow, within sixty days of the receipt of the report, the recommendations contained in the report, or if the commission determines, by a vote of at least four members of the commission that some action other than referral for criminal prosecution or for action by the appropriate disciplinary authority would be appropriate, the commission shall take any one or more of the following actions:

(1) Notify the person to cease and desist violation of any provision of law which the report concludes was violated and that the commission may seek judicial enforcement of its decision pursuant to subsection 5 of this section;

(2) Notify the person of the requirement to file, amend or correct any report, statement, or other document or information required by sections 105.473, 105.483 to 105.492, or chapter 130, RSMo, and that the commission may seek judicial enforcement of its decision pursuant to subsection 5 of this section; and

(3) File the report with the executive director to be maintained as a public document; or

(4) Issue a letter of concern or letter of reprimand to the person, which would be maintained as a public document; or

(5) Issue a letter that no further action shall be taken, which would be maintained as a public document; or

(6) Through reconciliation agreements or [civil action] **action of the commission**, the power to seek fees for violations in an amount not greater than one thousand dollars or double the amount involved in the violation.

5. Upon vote of at least four members, the commission may initiate formal judicial proceedings **in the circuit court of Cole County** seeking to obtain any of the following orders:

(1) Cease and desist violation of any provision of sections 105.450 to 105.496, or chapter 130, RSMo, or sections 105.955 to 105.963;

(2) Pay any civil penalties required by sections 105.450 to 105.496 or chapter 130, RSMo;

(3) File any reports, statements, or other documents or information required by sections 105.450 to 105.496, or chapter 130, RSMo; or

(4) Pay restitution for any unjust enrichment the violator obtained as a result of any violation of any criminal statute as described in subsection 6 of this section. [The Missouri ethics commission shall give actual notice to the subject of the complaint of the proposed action as set out in this section. The subject of the complaint may appeal the action of the Missouri ethics commission, other than a referral for criminal prosecution, to the administrative hearing commission. Such appeal shall stay the action of the Missouri ethics commission. Such appeal shall be filed no later than fourteen days after the subject of the commission's actions receives actual notice of the commission's actions.]

6. After the commission determines by a vote of at least four members of the commission that a violation has occurred, other than a referral for criminal prosecution, and the commission has referred the findings and conclusions to the appropriate disciplinary authority over the person who is the subject of the report, or has taken an action under subsection 4 of this section, the subject of the report may appeal the determination of the commission to the circuit court of Cole County. The court shall conduct a de novo review of the determination of the commission. Such appeal shall stay the action of the Missouri ethics commission. Such appeal shall be filed not later than the fourteenth day after the subject of the commission's action receives actual notice of the commission's action. If a petition for judicial review of a final order is not filed as provided in this section or when an order for fees under subsection 4 of this section becomes final following an appeal to the circuit court of Cole County, the commission may file a certified copy of the final order with the circuit court of Cole County. When any order for fees under subsection 4 of this section becomes final, the commission may file a certified copy of the final order with the circuit court of Cole County. The order so filed shall have the same effect as a judgment of the court and may be recorded, enforced, or satisfied in the same manner as a judgment of the court.

[6.] 7. In the proceeding in **the circuit court of Cole County**, the commission may seek restitution against any person who has obtained unjust enrichment as a result of violation of any provision of sections 105.450 to 105.496, or chapter 130, RSMo, and may recover on behalf of the state or political subdivision with which the alleged violator is associated, damages in the amount of any unjust enrichment obtained and costs and attorney's fees as ordered by the court.

[7.] 8. The appropriate disciplinary authority to whom a report shall be sent pursuant to subsection 2 or 3 of this section shall include, but not be limited to, the following:

(1) In the case of a member of the general assembly, the ethics committee of the house of which the subject of the report is a member;

(2) In the case of a person holding an elective office or an appointive office of the state, if the alleged violation is an impeachable offense, the report shall be referred to the ethics committee of the house of representatives;

(3) In the case of a person holding an elective office of a political subdivision, the report shall be referred to the governing body of the political subdivision;

(4) In the case of any officer or employee of the state or of a political subdivision, the report shall be referred to the person who has immediate supervisory authority over the employment by the state or by the political subdivision of the subject of the report;

(5) In the case of a judge of a court of law, the report shall be referred to the commission on retirement, removal and discipline, or if the inquiry involves an employee of the judiciary to the applicable presiding judge;

(6) In the case of a person holding an appointive office of the state, if the alleged violation is not an impeachable offense, the report shall be referred to the governor;

(7) In the case of a statewide elected official, the report shall be referred to the attorney general;

(8) In a case involving the attorney general, the report shall be referred to the prosecuting attorney of Cole County.

[8.] 9. The special investigator having a complaint referred to the special investigator by the commission shall have the following powers:

(1) To request and shall be given access to information in the possession of any person or agency which the special investigator deems necessary for the discharge of the special investigator's responsibilities;

(2) To examine the records and documents of any person or agency, unless such examination would violate state or federal law providing for confidentiality;

(3) To administer oaths and affirmations;

(4) Upon refusal by any person to comply with a request for information relevant to an investigation, an investigator may issue a subpoena for any person to appear and give testimony, or for a subpoena duces tecum to produce documentary or other evidence which the investigator deems relevant to a matter under the investigator's inquiry. The subpoenas and subpoenas duces tecum may be enforced by applying to a judge of the circuit court of Cole County or any county where the person or entity that has been subpoenaed resides or may be found, for an order to show cause why the subpoena or subpoena duces tecum should not be enforced. The order and a copy of the application therefor shall be served in the same manner as a summons in a civil action, and if, after hearing, the court determines that the subpoena or subpoena duces tecum should be sustained and enforced, the court shall enforce the subpoena or subpoena duces tecum in the same manner as if it had been issued by the court in a civil action; and

(5) To request from the commission such investigative, clerical or other staff assistance or advancement of other expenses which are necessary and convenient for the proper completion of an investigation. Within the limits of appropriations to the commission, the commission may provide such assistance, whether by contract to obtain such assistance or from staff employed by the commission, or may advance such expenses.

[9.] 10. (1) Any retired judge may request in writing to have the judge's name removed from the list of special investigators subject to appointment by the commission or may request to disqualify himself or herself from any investigation. Such request shall include the reasons for seeking removal;

(2) By vote of four members of the commission, the commission may disqualify a judge from a particular investigation or may permanently remove the name of any retired judge from the list of special investigators subject to appointment by the commission.

[10.] 11. Any person who is the subject of any investigation pursuant to this section shall be entitled to be represented by counsel at any proceeding before the special investigator or the commission.

[11.] 12. The provisions of sections 105.957, 105.959 and 105.961 are in addition to other provisions of law under which any remedy or right of appeal or objection is provided for any person, or any procedure provided for inquiry or investigation concerning any matter. The

provisions of this section shall not be construed to limit or affect any other remedy or right of appeal or objection.

[12.] **13.** No person shall be required to make or file a complaint to the commission as a prerequisite for exhausting the person's administrative remedies before pursuing any civil cause of action allowed by law.

[13.] **14.** If, in the opinion of the commission, the complaining party was motivated by malice or reason contrary to the spirit of any law on which such complaint was based, in filing the complaint without just cause, this finding shall be reported to appropriate law enforcement authorities. Any person who knowingly files a complaint without just cause, or with malice, is guilty of a class A misdemeanor.

[14.] **15.** A respondent party who prevails in a formal judicial action brought by the commission shall be awarded those reasonable fees and expenses incurred by that party in the formal judicial action, unless the court finds that the position of the commission was substantially justified or that special circumstances make such an award unjust.

[15.] **16.** The special investigator and members and staff of the commission shall maintain confidentiality with respect to all matters concerning a complaint [until and if a report is filed with the commission], with the exception of communications with any person which are necessary to the investigation. [The report filed with the commission resulting from a complaint acted upon under the provisions of this section shall not contain the name of the complainant or other person providing information to the investigator, if so requested in writing by the complainant or such other person.] Any person who violates the confidentiality requirements imposed by this section or subsection 17 of section 105.955 required to be confidential is guilty of a class A misdemeanor and shall be subject to removal from or termination of employment by the commission.

[16.] **17.** Any judge of the court of appeals or circuit court who ceases to hold such office by reason of the judge's retirement and who serves as a special investigator pursuant to this section shall receive annual compensation, salary or retirement for such services at the rates of compensation provided for senior judges by subsections 1, 2 and 4 of section 476.682, RSMo. Such retired judges shall by the tenth day of each month following any month in which the judge provided services pursuant to this section certify to the commission and to the state courts administrator the amount of time engaged in such services by hour or fraction thereof, the dates thereof, and the expenses incurred and allowable pursuant to this section. The commission shall then issue a warrant to the state treasurer for the payment of the salary and expenses to the extent, and within limitations, provided for in this section. The state treasurer upon receipt of such warrant shall pay the same out of any appropriations made for this purpose on the last day of the month during which the warrant was received by the state treasurer.

(2) If the measure has qualified to be on the ballot in an election and if a committee subject to the requirements of subdivision (1) of this subsection is also required to file a preelection disclosure report for such election any time within thirty days after the date on which disclosure reports are required to be filed in accordance with subdivision (1) of this subsection, the treasurer of such committee shall not be required to file the report required by subdivision (1) of this subsection, but shall include in the committee's preelection report all information which would otherwise have been required by subdivision (1) of this subsection.

3. The candidate, if applicable, treasurer or deputy treasurer of a committee shall file disclosure reports pursuant to this section, except for any calendar quarter in which the contributions received by the committee or the expenditures or contributions made by the committee do not exceed five hundred dollars. The reporting dates and periods covered for such quarterly reports shall not be later than the fifteenth day of January, April, July and October for periods closing on the thirty-first day of December, the thirty-first day of March, the thirtieth day of June and the thirtieth day of September. No candidate, treasurer or deputy treasurer shall be required to file the quarterly disclosure report required not later than the fifteenth day of any January immediately following a November election, provided that such candidate, treasurer or deputy treasurer shall file the information required on such quarterly report on the quarterly report to be filed not later than the fifteenth day of April immediately following such November election. Each report by such committee shall be cumulative from the date of the last report. In the case of the [continuing] **political action** committee's first report, the report shall be cumulative from the date of the [continuing] **political action** committee's organization. Every candidate, treasurer or deputy treasurer shall file, at a minimum, the campaign disclosure reports covering the quarter immediately preceding the date of the election and those required by subdivisions (1) and (2) of subsection 1 of this section. A [continuing] **political action** committee shall submit additional reports if it makes aggregate expenditures, other than contributions to a committee, of five hundred dollars or more, within the reporting period at the following times for the following periods:

(1) Not later than the eighth day before an election for the period closing on the twelfth day before the election;

(2) Not later than twenty-four hours after aggregate expenditures of two hundred fifty dollars or more are made after the twelfth day before the election; and

(3) Not later than the thirtieth day after an election for a period closing on the twenty-fifth day after the election.

4. The reports required to be filed no later than the thirtieth day after an election and any subsequently required report shall be cumulative so as to reflect the total receipts and

disbursements of the reporting committee for the entire election campaign in question. The period covered by each disclosure report shall begin on the day after the closing date of the most recent disclosure report filed and end on the closing date for the period covered. If the committee has not previously filed a disclosure report, the period covered begins on the date the committee was formed; except that in the case of a candidate committee, the period covered begins on the date the candidate became a candidate according to the definition of the term candidate in section 130.011.

5. Notwithstanding any other provisions of this chapter to the contrary:

(1) Certain disclosure reports pertaining to any candidate who receives nomination in a primary election and thereby seeks election in the immediately succeeding general election shall not be required in the following cases:

(a) If there are less than fifty days between a primary election and the immediately succeeding general election, the disclosure report required to be filed quarterly; provided that, any other report required to be filed prior to the primary election and all other reports required to be filed not later than the eighth day before the general election are filed no later than the final dates for filing such reports;

(b) If there are less than eighty-five days between a primary election and the immediately succeeding general election, the disclosure report required to be filed not later than the thirtieth day after the primary election need not be filed; provided that any report required to be filed prior to the primary election and any other report required to be filed prior to the general election are filed no later than the final dates for filing such reports; and

(2) No disclosure report needs to be filed for any reporting period if during that reporting period the committee has neither received contributions aggregating more than five hundred dollars nor made expenditure aggregating more than five hundred dollars and has not received contributions aggregating more than three hundred dollars from any single contributor and if the committee's treasurer files a statement with the appropriate officer that the committee has not exceeded the identified thresholds in the reporting period. Any contributions received or expenditures made which are not reported because this statement is filed in lieu of a disclosure report shall be included in the next disclosure report filed by the committee. This statement shall not be filed in lieu of the report for two or more consecutive disclosure periods if either the contributions received or expenditures made in the aggregate during those reporting periods exceed five hundred dollars. This statement shall not be filed, in lieu of the report, later than the thirtieth day after an election if that report would show a deficit of more than one thousand dollars.

6. (1) If the disclosure report required to be filed by a committee not later than the thirtieth day after an election shows a deficit of unpaid loans and other outstanding obligations in excess of five thousand dollars, semiannual supplemental disclosure reports shall be filed with the appropriate officer for each succeeding semiannual period until the deficit is reported in a disclosure report as being reduced to five thousand dollars or less; except that, a supplemental semiannual report shall not be required for any semiannual period which includes the closing date for the reporting period covered in any regular disclosure report which the committee is required to file in connection with an election. The reporting dates and periods covered for semiannual reports shall be not later than the fifteenth day of January and July for periods closing on the thirty-first day of December and the thirtieth day of June.

(2) Committees required to file reports pursuant to subsection 2 or 3 of this section which are not otherwise required to file disclosure reports for an election shall file semiannual reports as required by this subsection if their last required disclosure report shows a total of unpaid loans and other outstanding obligations in excess of five thousand dollars.

7. In the case of a committee which disbands and is required to file a termination statement pursuant to the provisions of section 130.021 with the appropriate officer not later than the tenth day after the committee was dissolved, the candidate, committee treasurer or deputy treasurer shall attach to the termination statement a complete disclosure report for the period closing on

the date of dissolution. A committee shall not utilize the provisions of subsection 8 of section 130.021 or the provisions of this subsection to circumvent or otherwise avoid the reporting requirements of subsection 6 or 7 of this section.

8. Disclosure reports shall be filed with the appropriate officer not later than 5:00 p.m. prevailing local time of the day designated for the filing of the report and a report postmarked not later than midnight of the day previous to the day designated for filing the report shall be deemed to have been filed in a timely manner. The appropriate officer may establish a policy whereby disclosure reports may be filed by facsimile transmission.

9. Each candidate for the office of state representative, state senator, and for statewide elected office shall file all disclosure reports described in section 130.041 electronically with the Missouri ethics commission. The Missouri ethics commission shall promulgate rules establishing the standard for electronic filings with the commission and shall propose such rules for the importation of files to the reporting program.

10. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

130.057. CAMPAIGN FINANCE ELECTRONIC REPORTING SYSTEM, ESTABLISHMENT, USE OF — CERTAIN CANDIDATES AND COMMITTEES TO FILE IN ELECTRONIC FORMAT, WHEN, FEES TO CONVERT PAPER COPY — PURCHASE OF ELECTRONIC SYSTEM, REQUIREMENTS — PUBLIC ACCESS. — 1. In order for candidates for election and public officials to more easily file reports required by law and to access information contained in such reports, and for the Missouri ethics commission to receive and store reports in an efficient and economical method, and for the general public and news media to access information contained in such reports, the commission shall establish and maintain an electronic reporting system pursuant to this section.

2. The ethics commission may establish for elections in 1996 and shall establish for elections and all required reporting beginning in 1998 and maintain thereafter a state campaign finance and financial interest disclosure electronic reporting system pursuant to this section for all candidates required to file. The system may be used for the collection, filing and dissemination of all reports, including monthly lobbying reports filed by law, and all reports filed with the commission pursuant to this chapter and chapter 105, RSMo. The system may be established and used for all reports required to be filed for the primary and general elections in 1996 and all elections thereafter, except that the system may require maintenance of a paper backup system for the primary and general elections in 1996. The reports shall be maintained and secured in the electronic format by the commission.

3. When the commission determines that the electronic reporting system has been properly implemented, the commission shall certify to all candidates and committees required to file pursuant to this chapter that such electronic reporting system has been established and implemented. Beginning with the primary and general elections in 2000, or the next primary or general election in which the commission has made certification pursuant to this subsection, whichever is later, candidates and all other committees shall file reports by using either the electronic format prescribed by the commission or paper forms provided by the commission for that purpose. [Continuing] **Political action** committees shall file reports by electronic format prescribed by the commission, except [continuing] **political action** committees which make contributions equal to or less than fifteen thousand dollars in the applicable calendar year. Any [continuing] **political action** committee which makes contributions in support of or opposition to any measure or candidate equal to or less than fifteen thousand dollars in the applicable

calendar year shall file reports on paper forms provided by the commission for that purpose or by electronic format prescribed by the commission, whichever reporting method the [continuing] **political action** committee chooses. The commission shall supply a computer program which shall be used for filing by modem or by a common magnetic media chosen by the commission. In the event that filings are performed electronically, the candidate shall file a signed original written copy within five working days; except that, if a means becomes available which will allow a verifiable electronic signature, the commission may also accept this in lieu of a written statement.

4. Beginning January 1, 2000, or on the date the commission makes the certification pursuant to subsection 3 of this section, whichever is later, all reports filed with the commission by any candidate for a statewide office, or such candidate's committee, shall be filed in electronic format as prescribed by the commission; provided however, that if a candidate for statewide office, or such candidate's committee receives or spends five thousand dollars or less for any reporting period, the report for that reporting period shall not be required to be filed electronically.

5. A copy of all reports filed in the state campaign finance electronic reporting system shall be placed on a public electronic access system so that the general public may have open access to the reports filed pursuant to this section. The access system shall be organized and maintained in such a manner to allow an individual to obtain information concerning all contributions made to or on behalf of, and all expenditures made on behalf of, any public official described in subsection 2 of this section in formats that will include both written and electronically readable formats.

6. All records that are in electronic format, not otherwise closed by law, shall be available in electronic format to the public. The commission shall maintain and provide for public inspection, a listing of all reports with a complete description for each field contained on the report, that has been used to extract information from their database files. The commission shall develop a report or reports which contain every field in each database.

7. Annually, the commission shall provide, without cost, a system-wide dump of information contained in the commission's electronic database files to the general assembly. The information is to be copied onto a medium specified by the general assembly. Such information shall not contain records otherwise closed by law. It is the intent of the general assembly to provide open access to the commission's records. The commission shall make every reasonable effort to comply with requests for information and shall take a liberal interpretation when considering such requests.

130.071. CANDIDATE NOT TO TAKE OFFICE OR FILE FOR SUBSEQUENT ELECTIONS UNTIL DISCLOSURE REPORTS ARE FILED. — 1. If a successful candidate, or the treasurer of his candidate committee, **or the successful candidate who also has served as a treasurer or deputy treasurer of any committee defined by section 130.011** fails to file the [disclosure] reports which are required by this chapter, the candidate shall not take office until such reports are filed **and all fees assessed by the commission are paid**.

2. In addition to any other penalties provided by law, no person may file for any office in a subsequent election until he or the treasurer of his existing candidate **or any committee defined by section 130.011 in which he is a treasurer or deputy treasurer** has filed all required campaign disclosure reports for all prior elections **and paid all fees assessed by the commission**.

226.033. PROHIBITED ACTS BY CERTAIN COMMISSIONERS. — Any commissioner appointed or reappointed after March 1, 2004, shall not:

(1) Host or manage a political fund-raiser or solicit funds for any candidate who is seeking a statewide or nationally elected office;

(2) Serve on the board or chair any political action committee, **or** political party committee[, or continuing committee].

575.021. OBSTRUCTION OF AN ETHICS INVESTIGATION, DEFENSES, PENALTY. — 1. A person commits the crime of obstruction of an ethics investigation if such person, for the purpose of obstructing or preventing an ethics investigation, knowingly commits any of the following acts:

(1) Confers or agrees to confer anything of pecuniary benefit to any person in direct exchange for that person's concealing or withholding any information concerning any violation of sections 105.450 to 105.496 and chapter 130;

(2) Accepting or agreeing to accept anything of pecuniary benefit in direct exchange for concealing or withholding any information concerning any violation of sections 105.450 to 105.496 or chapter 130;

(3) Utters or submits a false statement that the person does not believe to be true to any member or employee of the Missouri ethics commission or to any official investigating any violation of sections 105.450 to 105.496 or chapter 130; or

(4) Submits any writing or other documentation that is inaccurate and that the person does not believe to be true to any member or employee of the Missouri ethics commission or to any official investigating any violation of sections 105.450 to 105.496 or chapter 130.

2. It is a defense to a prosecution under subdivisions (3) and (4) of subsection 1 of this section that the person retracted the false statement, writing, or other documentation, but this defense shall not apply if the retraction was made after:

(1) The falsity of the statement, writing, or other documentation was exposed; or

(2) Any member or employee of the Missouri ethics commission or any official investigating any violation of sections 105.450 to 105.496 or chapter 130 took substantial action in reliance on the statement, writing, or other documentation.

3. The defendant shall have the burden of injecting the issue of retraction under this section.

4. Obstruction of an ethics investigation under this section is a class A misdemeanor.

196.1023. CERTIFICATION, COMPLIANCE WITH TOBACCO MASTER SETTLEMENT AGREEMENT REQUIRED — DIRECTORY LISTING. — 1. Every tobacco product manufacturer whose cigarettes are sold in this state, whether directly or through a distributor, retailer, or similar intermediary or intermediaries, shall execute and deliver on a form prescribed by the director a certification to the director no later than the thirtieth day of April each year certifying, under penalty of perjury, that as of the date of such certification such tobacco product manufacturer is a participating manufacturer or is in full compliance with section 196.1003.

(1) A participating manufacturer shall include in its certification a list of its brand families. The participating manufacturer shall update such list thirty calendar days prior to any addition to or modification of its brand families by executing and delivering a supplemental certification to the director.

(2) A nonparticipating manufacturer shall include in its certification:

(a) A list of all of its brand families and the number of units sold for each brand family that were sold in the state during the preceding calendar year;

(b) A list of all of its brand families that have been sold in the state at any time during the current calendar year, which shall indicate, by an asterisk, any brand family sold in the state during the preceding calendar year that is no longer being sold in the state as of the date of such certification; and

The nonparticipating manufacturer shall update such list thirty calendar days prior to any addition to or modification of its brand families by executing and delivering a supplemental certification to the director.

(b) That such nonparticipating manufacturer has established, and continues to maintain, a qualified escrow fund and has executed a qualified escrow agreement, governing the qualified escrow fund, which has been reviewed and approved by the director;

(b) In the case of a nonparticipating manufacturer, such nonparticipating manufacturer affirms that the brand family is deemed to be its cigarettes for purposes of section 196.1003. Nothing in this section shall be construed as limiting, or otherwise affecting, the state's right to maintain that a brand family constitutes cigarettes of a different tobacco product manufacturer for purposes of calculating payments under the master settlement agreement or for purposes of section 196.1003.

(5) Tobacco product manufacturers shall maintain all invoices and documentation of sales and other such information relied upon for such certification for a period of five years, unless otherwise required by law to maintain them for a greater period of time.

2. On or after January 1, 2011, the director shall issue, maintain, update when necessary but only on the first calendar day of each month, make available for public inspection and publish on its website a directory listing of all tobacco product manufacturers that have provided current and accurate certifications in compliance with the requirements of subsection 1 of this section and all brand families listed in such certifications, except:

(1) The director shall not include, or retain, in such directory the name or brand families of any nonparticipating manufacturer that fails to provide the required certification, or whose certification the director determines is not in compliance with subdivisions (2) and (3) of subsection 1 of this section, unless the director has determined that such violation has been cured to the satisfaction of the director;

(2) Neither a tobacco product manufacturer, nor brand family shall be included, or retained, in the directory if the director concludes, in the case of a nonparticipating manufacturer that:

(a) Any escrow payment required under section 196.1003 for any period, for any brand family, whether or not listed by such nonparticipating manufacturer has not been fully paid into a qualified escrow fund governed by a qualified escrow agreement approved by the director; or

(b) Any outstanding final judgment, including interest thereon, for violations of section 196.1003 has not been fully satisfied for such brand family and such manufacturer;

(2) The directory issued in subsection 2 of this section shall become effective on the first day of the month following the month in which said directory is published or updated as it applies to tobacco wholesalers, and on the fifteenth day of the month following the month in which said directory is published or updated as it applies to tobacco retailers in order to allow wholesalers and retailers sufficient time to sell their inventory.

(3) Unless otherwise permitted herein, it shall be unlawful for any person to:

(a) Affix a stamp to a package or other container of cigarettes of a tobacco product manufacturer or brand family not included in the directory; or

(b) Sell, offer, or possess for sale in this state, or import for personal consumption in this state, cigarettes of a tobacco product manufacturer or brand family not included in the directory.

196.1026. NONRESIDENT OR FOREIGN NONPARTICIPATING MANUFACTURERS, REQUIREMENTS. — 1. Any nonresident or foreign nonparticipating manufacturer not registered to do business in this state as a foreign corporation or business entity shall, as a condition precedent to having its brand families listed or retained in the directory, appoint, and continually engage without interruption the services of an agent in this state to act as agent for the service of process on whom all process shall be served, and any action or proceeding against it concerning, or arising out of, the enforcement of sections 196.1003 and 196.1020 to 196.1035 may be served in any manner authorized by law. Such service shall constitute legal and valid service of process on the nonparticipating manufacturer. The nonparticipating manufacturer shall provide the name, address, phone number, and proof of the appointment and availability of such agent to the satisfaction of the director.

2. The nonparticipating manufacturer shall provide notice to the director thirty calendar days prior to termination of the authority of an agent and shall further provide proof, to the satisfaction of the director, of the appointment of a new agent no less than five calendar days prior to the termination of an existing agent appointment. In the event an agent terminates an agency appointment, the nonparticipating manufacturer shall notify the director of the termination within five calendar days and shall include proof, to the satisfaction of the director, of the appointment of a new agent.

3. Any nonparticipating manufacturer whose cigarettes are sold in this state and who has not appointed and engaged an agent as herein required shall be deemed to have appointed the secretary of state as such agent and may be proceeded against in courts of this state by service of process upon the secretary of state. However, the appointment of the secretary of state as such agent shall not satisfy the condition precedent for having the brand families of the nonparticipating manufacturer included, or retained, in the directory.

196.1029. QUARTERLY REPORTS REQUIRED, CONTENTS — DISCLOSURE TO ATTORNEY GENERAL, WHEN — ESCROW FUND REQUIRED, WHEN — ADDITIONAL INFORMATION MAY BE REQUIRED, WHEN. — 1. Not later than twenty days after the end of each calendar quarter and more frequently if so directed by the director, each stamping agent shall submit such information as the director requires to facilitate compliance with sections 196.1020 to 196.1035, including but not limited to:

- (1) A list by brand family of the total number of cigarettes; or
- (2) In the case of roll your own, the equivalent stick count for which the stamping agent affixed stamps during the previous calendar quarter or otherwise paid the tax due for such cigarettes. The stamping agent shall maintain and make available to the director all invoices and documentation of sales of all nonparticipating manufacturer cigarettes and any other information relied upon in reporting to the director for a period of five years.

2. The director shall disclose to the attorney general any information received under sections 196.1020 to 196.1035 which is requested by the attorney general for purposes of determining compliance with and enforcing the provisions of sections 196.1020 to 196.1035. The director and attorney general shall share with each other information received under sections 196.1003 and 196.1020 to 196.1035, or corresponding laws of other states.

3. The director may, at any time, require, from the nonparticipating manufacturer proof from the financial institution, in which such manufacturer has established a qualified escrow fund for the purpose of compliance with section 196.1003, of the amount of money in such fund exclusive of interest, and the amount and date of each deposit to such fund, and the amount and date of each withdrawal from such fund.

4. In addition to any other information required to be submitted under sections 196.1020 to 196.1035, the director may require a stamping agent or tobacco product manufacturer to submit any additional information, including but not limited to samples of the packaging or labeling of each brand family, as is necessary to enable the director to determine whether a tobacco product manufacturer is in compliance with sections 196.1020 to 196.1035.

196.1032. REMEDIES FOR VIOLATIONS — DISTRIBUTION OF CIGARETTES PROHIBITED, WHEN — VIOLATIONS, PENALTY. — 1. In addition to, or in lieu of, any other civil or criminal remedy provided by law, upon a determination that a stamping agent or any person has violated subsection 3 of section 196.1023 or any regulation adopted under subsection 3 of section 196.1023, the director may revoke or suspend the license of any stamping agent in the manner provided in subsection 3 of section 149.035. Each stamp affixed and each sale, or offer to sell, cigarettes in violation of subsection 3 of section 196.1023 shall constitute a separate violation. Upon a determination of a violation of subsection 3 of section 196.1023 or any regulations adopted thereunder, the director may impose a civil penalty in an amount not to exceed the greater of five hundred percent of the retail value of the cigarettes or five thousand dollars for each such violation.

2. Any cigarettes deemed by a court of competent jurisdiction to have been sold, offered for sale, or possessed for sale in this state in violation of subsection 3 of section 196.1023 shall be contraband and such cigarettes shall be subject to seizure and forfeiture as provided in chapter 149 and all such cigarettes so seized and forfeited shall be destroyed and not resold.

3. The attorney general, on behalf of the director, may seek an injunction to restrain a threatened or actual violation of subsection 3 of section 196.1023, or subsection 1 or 4 of section 196.1029 by a stamping agent and to compel a stamping agent to comply with such provisions. In any successful action brought under this section, the state may be entitled to recover the costs of investigation and action including reasonable attorney fees.

4. All revenue received by a municipality which issues bonds under this section and imposes the tax authorized by this section to retire such bonds shall be deposited in a special trust fund and shall be used solely to retire such bonds, except to the extent that such funds are required for the operation and maintenance of capital improvements. Once all of such bonds have been retired, all funds remaining in the special trust fund required by this subsection shall be used solely for the maintenance of the capital improvements made with the revenue received as a result of the issuance of such bonds. Any funds in the special trust fund required by this subsection which are not needed to meet current obligations under the bonds issued under this section may be invested by the governing body in accordance with applicable laws relating to the investment of other municipal funds. The provisions of this subsection shall apply only to taxes authorized by this section which have been imposed to retire bonds issued under this section.

5. After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax in the same manner as provided in sections 94.500 to 94.550, and the director of revenue shall collect in addition to the sales tax for the state of Missouri the additional tax authorized under the authority of this section. The tax imposed pursuant to this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue. Except as modified in this section, all provisions of sections 32.085 and 32.087, RSMo, shall apply to the tax imposed under this section.

6. No tax imposed pursuant to this section for the purpose of retiring bonds issued under this section may be terminated until all of such bonds have been retired.

7. In any city not within a county, no tax shall be imposed pursuant to this section for the purpose of funding in whole or in part the construction, operation or maintenance of a sports stadium, field house, indoor or outdoor recreational facility, center, playing field, parking facility or anything incidental or necessary to a complex suitable for any type of professional sport or recreation, either upon, above or below the ground.

8. Any tax imposed under this section in any home rule city with more than four hundred thousand inhabitants and located in more than one county solely for public transit purposes shall not be considered economic activity taxes as such term is defined under sections 99.805 and 99.918, RSMo, and tax revenues derived from such tax shall not be subject to allocation under the provisions of subsection 3 of section 99.845, RSMo, or subsection 4 of section 99.957, RSMo.

9. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any municipality for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such municipalities. If any municipality abolishes the tax, the municipality shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such municipality, the director of revenue shall remit the balance in the account to the municipality and close the account of that municipality. The director of revenue shall notify each municipality of each instance of any amount refunded or any check redeemed from receipts due the municipality.

10. Any home rule city with more than four hundred thousand inhabitants and located in more than one county is hereby authorized to impose, in lieu of the tax

authorized under subsection 1 of this section, by ordinance or order, a one-eighth, one-fourth, three-eighths, or one-half of one percent sales tax on all retail sales made in such municipality which are subject to taxation under the provisions of sections 144.010 to 144.525 for the purpose of providing revenues for public safety activities, including operations and capital improvements, which may be funded by issuing bonds which will be retired by the revenues received from the sales tax authorized by this section or the retirement of debt under previously authorized bonded indebtedness. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law; but no ordinance imposing a sales tax under the provisions of this section shall be effective unless the governing body of the municipality submits to the voters of the municipality, at a municipal or state general, primary or special election, a proposal to authorize the governing body of the municipality to impose such tax and, if such tax is to be used to retire bonds authorized under this section, to authorize such bonds and their retirement by such tax, or to authorize the retirement of debt under previously authorized bonded indebtedness.

11. The ballot of submission shall contain, but need not be limited to:

(1) If the proposal submitted involves only authorization to impose the tax authorized by this section, the following language:

Shall the municipality of (municipality's name) impose a sales tax of (insert amount) for the purpose of providing revenues for public safety activities, including operations and capital improvements, which may include the retirement of debt under previously authorized bonded indebtedness?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO"; or

(2) If the proposal submitted involves authorization to issue bonds and repay such bonds with revenues from the tax authorized by this section, the following language:

Shall the municipality of (municipality's name) issue bonds in the amount of (insert amount) for the purpose of providing revenues for public safety activities, including operations and capital improvements, and impose a sales tax of (insert amount) to repay bonds?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

The ballot may include descriptions of specific uses to which the revenues from the tax will be applied.

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, including when the proposal authorizes the reduction of debt under previously authorized bonded indebtedness under subdivision (1) of this subsection, then the ordinance or order and any amendments thereto shall be in effect, except that any proposal submitted under subdivision (2) of this subsection to issue bonds and impose a sales tax to retire such bonds must be approved by the constitutionally required percentage of the voters voting thereon to become effective. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the municipality shall have no power to issue any bonds or impose the sales tax authorized in this section unless and until the governing body of the municipality shall again have submitted another proposal to authorize the governing body of the municipality to issue any bonds or impose the sales tax authorized by subsection 10 of this section, and such proposal is approved by the requisite majority of the qualified voters voting thereon.

12. All revenue received by a municipality from the tax authorized under the provisions of subsection 10 of this section shall be deposited in a special trust fund and

shall be used solely for public safety activities for so long as the tax shall remain in effect. Once the tax authorized by this section is abolished or is terminated by any means, all funds remaining in the special trust fund required by this subsection shall be used solely for the public safety activities authorized in subsection 10 of this section. Any funds in the special trust fund required by this subsection which are not needed for current expenditures may be invested by the governing body in accordance with applicable laws relating to the investment of other municipal funds. The provisions of this subsection shall apply only to taxes authorized by this subsection which have not been imposed to retire bonds issued pursuant to this subsection.

13. All revenue received by a municipality which issues bonds under subsection 10 of this section and imposes the tax authorized by this section to retire such bonds shall be deposited in a special trust fund and shall be used solely to retire such bonds, except to the extent that such funds are required for the operation of the public safety department. Once all of such bonds have been retired, all funds remaining in the special trust fund required by this subsection shall be used solely for public safety activities. Any funds in the special trust fund required by this subsection which are not needed to meet current obligations under the bonds issued under this section may be invested by the governing body in accordance with applicable laws relating to the investment of other municipal funds. The provisions of this subsection shall apply only to taxes authorized by subsection 10 of this section which have been imposed to retire bonds issued under this section.

14. After the effective date of any tax imposed under the provisions of subsection 10 of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax in the same manner as provided in sections 94.500 to 94.550, and the director of revenue shall collect in addition to the sales tax for the state of Missouri the additional tax authorized under the authority of this section. The tax imposed pursuant to this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

15. No tax imposed pursuant to subsection 10 of this section for the purpose of retiring bonds issued under this section may be terminated until all of such bonds have been retired.

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

Modifies the provision of law which makes it a class B misdemeanor for any gaming licensee to exchange tokens, chips, or other forms of credit used on gambling games for anything of value

AN ACT to repeal sections 313.805 and 313.830, RSMo, and to enact in lieu thereof two new sections relating to prohibited acts on excursion gambling boats, with penalty provisions.

SECTION

A. Enacting clause.

313.805. Powers of commission — boats to cruise, exceptions.

313.830. Prohibited acts, penalties — commission to refer violations to attorney general and prosecuting attorney — venue for actions.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Sections 313.805 and 313.830, RSMo, are repealed and two new sections enacted in lieu thereof, to be known as sections 313.805 and 313.830, to read as follows:

313.805. POWERS OF COMMISSION — BOATS TO CRUISE, EXCEPTIONS. — The commission shall have full jurisdiction over and shall supervise all gambling operations governed by sections 313.800 to 313.850. The commission shall have the following powers and shall promulgate rules and regulations to implement sections 313.800 to 313.850:

(1) To investigate applicants and determine the priority and eligibility of applicants for a license and to select among competing applicants for a license the applicant which best serves the interests of the citizens of Missouri;

(2) To license the operators of excursion gambling boats and operators of gambling games within such boats, to identify occupations within the excursion gambling boat operations which require licensing, and adopt standards for licensing the occupations including establishing fees for the occupational licenses and to license suppliers;

(3) To adopt standards under which all excursion gambling boat operations shall be held and standards for the facilities within which the gambling operations are to be held. Notwithstanding the provisions of chapter 311, RSMo, to the contrary, the commission may authorize the operation of gambling games on an excursion gambling boat which is also licensed to sell or serve alcoholic beverages, wine, or beer. The commission shall regulate the wagering structure for gambling excursions, provided that the commission shall not establish any regulations or policies that limit the amount of wagers, losses, or buy-in amounts;

(4) To enter the premises of excursion gambling boats, facilities, or other places of business of a licensee within this state to determine compliance with sections 313.800 to 313.850;

(5) To investigate alleged violations of sections 313.800 to 313.850 or the commission rules, orders, or final decisions;

(6) To assess any appropriate administrative penalty against a licensee, including, but not limited to, suspension, revocation, and penalties of an amount as determined by the commission up to three times the highest daily amount of gross receipts derived from wagering on the gambling games, whether unauthorized or authorized, conducted during the previous twelve months as well as confiscation and forfeiture of all gambling game equipment used in the conduct of unauthorized gambling games. Forfeitures pursuant to this section shall be enforced as provided in sections 513.600 to 513.645, RSMo;

(7) To require a licensee, an employee of a licensee or holder of an occupational license to remove a person violating a provision of sections 313.800 to 313.850 or the commission rules, orders, or final orders, or other person deemed to be undesirable from the excursion gambling boat or adjacent facilities;

(8) To require the removal from the premises of a licensee, an employee of a licensee, or a holder of an occupational license for a violation of sections 313.800 to 313.850 or a commission rule or engaging in a fraudulent practice;

(9) To require all licensees to file all financial reports required by rules and regulations of the commission;

(10) To issue subpoenas for the attendance of witnesses and subpoenas duces tecum for the production of books, records, and other pertinent documents, and to administer oaths and affirmations to the witnesses, when, in the judgment of the commission, it is necessary to enforce sections 313.800 to 313.850 or the commission rules;

(11) To keep accurate and complete records of its proceedings and to certify the records as may be appropriate;

(12) To ensure that the gambling games are conducted fairly. No gambling device shall be set to pay out less than eighty percent of all wagers;

(13) To require all licensees of gambling game operations to use a cashless wagering system whereby all players' money is converted to physical or electronic tokens, electronic cards, or chips which only can be used [for wagering] on the excursion gambling boat;

(14) To require excursion gambling boat licensees to develop a system, approved by the commission, that allows patrons the option to prohibit the excursion gambling boat licensee from using identifying information for marketing purposes. The provisions of this subdivision shall apply only to patrons giving identifying information for the first time. Such system shall be submitted to the commission by October 1, 2000, and approved by the commission by January 1, 2001. The excursion gambling boat licensee shall use identifying information obtained from patrons who have elected to have marketing blocked under the provisions of this section only for the purposes of enforcing the requirements contained in sections 313.800 to 313.850. This section shall not prohibit the commission from accessing identifying information for the purposes of enforcing section 313.004 and sections 313.800 to 313.850;

(15) To determine which of the authorized gambling games will be permitted on any licensed excursion gambling boat;

(16) Excursion gambling boats shall cruise, unless the commission finds that the best interest of Missouri and the safety of the public indicate the need for continuous docking of the excursion gambling boat in any city or county authorized pursuant to subsection 10 of section 313.812. The commission shall base its decision to allow continuously docked excursion gambling boats on any of the following criteria: the docking location or the excursion cruise could cause danger to the boat's passengers, violate federal law or the law of another state, or cause disruption of interstate commerce or possible interference with railway or barge transportation. In addition, the commission shall consider economic feasibility or impact that would benefit land-based development and permanent job creation. The commission shall not discriminate among applicants for continuous-docking excursion gambling that are similarly situated with respect to the criteria set forth in this section;

(17) The commission shall render a finding concerning the possibility of continuous docking, as described in subdivision (15) of this section, within thirty days after a hearing on any request from an applicant or licensee. Such hearing may be held prior to any final action on licensing to assist an applicant and any city or county in the finalizing of their economic development plan;

(18) To require any applicant for a license or renewal of a license to operate an excursion gambling boat to provide an affirmative action plan which has as its goal the use of best efforts to achieve maximum employment of African-Americans and other minorities and maximum participation in the procurement of contractual purchases of goods and services. This provision shall be administered in accordance with all federal and state employment laws, including Title VII of the Civil Rights Act of 1964, as amended by the Civil Rights Act of 1991. At license renewal, the licensee will report on the effectiveness of the plan. The commission shall include the licensee's reported information in its annual report to the joint committee on gaming and wagering;

(19) To take any other action as may be reasonable or appropriate to enforce sections 313.800 to 313.850 and the commission rules.

In determining the eligibility of a claimant for public assistance pursuant to this law, it shall be the duty of the division of family services to consider and take into account all facts and circumstances surrounding the claimant, including his or her living conditions, earning capacity, income and resources, from whatever source received, and if from all the facts and circumstances the claimant is not found to be in need, assistance shall be denied. In determining the need of a claimant, the costs of providing medical treatment which may be furnished pursuant to sections 208.151 to 208.158 and 208.162 shall be disregarded. The amount of benefits, when added to all other income, resources, support, and maintenance shall provide such persons with reasonable subsistence compatible with decency and health in accordance with the standards developed by the division of family services; provided, when a husband and wife are living together, the combined income and resources of both shall be considered in determining the eligibility of either or both. "Living together" for the purpose of this chapter is defined as including a husband and wife separated for the purpose of obtaining medical care or nursing home care, except that the income of a husband or wife separated for such purpose shall be considered in determining the eligibility of his or her spouse, only to the extent that such income exceeds the amount necessary to meet the needs (as defined by rule or regulation of the division) of such husband or wife living separately. In determining the need of a claimant in federally aided programs there shall be disregarded such amounts per month of earned income in making such determination as shall be required for federal participation by the provisions of the federal Social Security Act (42 U.S.C.A. 301 et seq.), or any amendments thereto. When federal law or regulations require the exemption of other income or resources, the division of family services may provide by rule or regulation the amount of income or resources to be disregarded.

2. Benefits shall not be payable to any claimant who:

(1) Has or whose spouse with whom he or she is living has, prior to July 1, 1989, given away or sold a resource within the time and in the manner specified in this subdivision. In determining the resources of an individual, unless prohibited by federal statutes or regulations, there shall be included (but subject to the exclusions pursuant to subdivisions (4) and (5) of this subsection, and subsection 5 of this section) any resource or interest therein owned by such

individual or spouse within the twenty-four months preceding the initial investigation, or at any time during which benefits are being drawn, if such individual or spouse gave away or sold such resource or interest within such period of time at less than fair market value of such resource or interest for the purpose of establishing eligibility for benefits, including but not limited to benefits based on December, 1973, eligibility requirements, as follows:

(a) Any transaction described in this subdivision shall be presumed to have been for the purpose of establishing eligibility for benefits or assistance pursuant to this chapter unless such individual furnishes convincing evidence to establish that the transaction was exclusively for some other purpose;

(b) The resource shall be considered in determining eligibility from the date of the transfer for the number of months the uncompensated value of the disposed of resource is divisible by the average monthly grant paid or average Medicaid payment in the state at the time of the investigation to an individual or on his or her behalf under the program for which benefits are claimed, provided that:

a. When the uncompensated value is twelve thousand dollars or less, the resource shall not be used in determining eligibility for more than twenty-four months; or

b. When the uncompensated value exceeds twelve thousand dollars, the resource shall not be used in determining eligibility for more than sixty months;

(2) The provisions of subdivision (1) of this subsection shall not apply to a transfer, other than a transfer to claimant's spouse, made prior to March 26, 1981, when the claimant furnishes convincing evidence that the uncompensated value of the disposed of resource or any part thereof is no longer possessed or owned by the person to whom the resource was transferred;

(3) Has received, or whose spouse with whom he or she is living has received, benefits to which he or she was not entitled through misrepresentation or nondisclosure of material facts or failure to report any change in status or correct information with respect to property or income as required by section 208.210. A claimant ineligible pursuant to this subsection shall be ineligible for such period of time from the date of discovery as the division of family services may deem proper; or in the case of overpayment of benefits, future benefits may be decreased, suspended or entirely withdrawn for such period of time as the division may deem proper;

(4) Owns or possesses resources in the sum of one thousand dollars or more; provided, however, that if such person is married and living with spouse, he or she, or they, individually or jointly, may own resources not to exceed two thousand dollars; and provided further, that in the case of a temporary assistance for needy families claimant, the provision of this subsection shall not apply;

(5) Prior to October 1, 1989, owns or possesses property of any kind or character, excluding amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, or has an interest in property, of which he or she is the record or beneficial owner, the value of such property, as determined by the division of family services, less encumbrances of record, exceeds twenty-nine thousand dollars, or if married and actually living together with husband or wife, if the value of his or her property, or the value of his or her interest in property, together with that of such husband and wife, exceeds such amount;

(6) In the case of temporary assistance for needy families, if the parent, stepparent, and child or children in the home owns or possesses property of any kind or character, or has an interest in property for which he or she is a record or beneficial owner, the value of such property, as determined by the division of family services and as allowed by federal law or regulation, less encumbrances of record, exceeds one thousand dollars, excluding the home occupied by the claimant, amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, one automobile which shall not exceed a value set forth by federal law or regulation and for a period not to exceed six months, such other real property which the family is making a good-faith effort to sell, if the family agrees in writing with the division of family services to sell

such property and from the net proceeds of the sale repay the amount of assistance received during such period. If the property has not been sold within six months, or if eligibility terminates for any other reason, the entire amount of assistance paid during such period shall be a debt due the state;

(7) Is an inmate of a public institution, except as a patient in a public medical institution.

3. In determining eligibility and the amount of benefits to be granted pursuant to federally aided programs, the income and resources of a relative or other person living in the home shall be taken into account to the extent the income, resources, support and maintenance are allowed by federal law or regulation to be considered.

4. In determining eligibility and the amount of benefits to be granted pursuant to federally aided programs, the value of burial lots or any amounts placed in an irrevocable prearranged funeral or burial contract pursuant to subsection 2 of section 436.035, RSMo, and subdivision (5) of subsection 1 of section 436.053, RSMo, shall not be taken into account or considered an asset of the burial lot owner or the beneficiary of an irrevocable prearranged funeral or funeral contract. For purposes of this section, "burial lots" means any burial space as defined in section 214.270, RSMo, and any memorial, monument, marker, tombstone or letter marking a burial space. If the beneficiary, as defined in chapter 436, RSMo, of an irrevocable prearranged funeral or burial contract receives any public assistance benefits pursuant to this chapter and if the purchaser of such contract or his or her successors in interest cancel or amend the contract so that any person will be entitled to a refund, such refund shall be paid to the state of Missouri up to the amount of public assistance benefits provided pursuant to this chapter with any remainder to be paid to those persons designated in chapter 436, RSMo.

5. In determining the total property owned pursuant to subdivision (5) of subsection 2 of this section, or resources, of any person claiming or for whom public assistance is claimed, there shall be disregarded any life insurance policy, or prearranged funeral or burial contract, or any two or more policies or contracts, or any combination of policies and contracts, which provides for the payment of one thousand five hundred dollars or less upon the death of any of the following:

(1) A claimant or person for whom benefits are claimed; or

(2) The spouse of a claimant or person for whom benefits are claimed with whom he or she is living. If the value of such policies exceeds one thousand five hundred dollars, then the total value of such policies may be considered in determining resources; except that, in the case of temporary assistance for needy families, there shall be disregarded any prearranged funeral or burial contract, or any two or more contracts, which provides for the payment of one thousand five hundred dollars or less per family member.

6. Beginning September 30, 1989, when determining the eligibility of institutionalized spouses, as defined in 42 U.S.C. Section 1396r-5, for medical assistance benefits as provided for in section 208.151 and 42 U.S.C. Sections 1396a et seq., the division of family services shall comply with the provisions of the federal statutes and regulations. As necessary, the division shall by rule or regulation implement the federal law and regulations which shall include but not be limited to the establishment of income and resource standards and limitations. The division shall require:

(1) That at the beginning of a period of continuous institutionalization that is expected to last for thirty days or more, the institutionalized spouse, or the community spouse, may request an assessment by the division of family services of total countable resources owned by either or both spouses;

(2) That the assessed resources of the institutionalized spouse and the community spouse may be allocated so that each receives an equal share;

(3) That upon an initial eligibility determination, if the community spouse's share does not equal at least twelve thousand dollars, the institutionalized spouse may transfer to the community spouse a resource allowance to increase the community spouse's share to twelve thousand dollars;

(4) That in the determination of initial eligibility of the institutionalized spouse, no resources attributed to the community spouse shall be used in determining the eligibility of the institutionalized spouse, except to the extent that the resources attributed to the community spouse do exceed the community spouse's resource allowance as defined in 42 U.S.C. Section 1396r-5;

(5) That beginning in January, 1990, the amount specified in subdivision (3) of this subsection shall be increased by the percentage increase in the Consumer Price Index for All Urban Consumers between September, 1988, and the September before the calendar year involved; and

(6) That beginning the month after initial eligibility for the institutionalized spouse is determined, the resources of the community spouse shall not be considered available to the institutionalized spouse during that continuous period of institutionalization.

7. Beginning July 1, 1989, institutionalized individuals shall be ineligible for the periods required and for the reasons specified in 42 U.S.C. Section 1396p.

8. The hearings required by 42 U.S.C. Section 1396r-5 shall be conducted pursuant to the provisions of section 208.080.

9. Beginning October 1, 1989, when determining eligibility for assistance pursuant to this chapter there shall be disregarded unless otherwise provided by federal or state statutes, the home of the applicant or recipient when the home is providing shelter to the applicant or recipient, or his or her spouse or dependent child. The division of family services shall establish by rule or regulation in conformance with applicable federal statutes and regulations a definition of the home and when the home shall be considered a resource that shall be considered in determining eligibility.

10. Reimbursement for services provided by an enrolled Medicaid provider to a recipient who is duly entitled to Title XIX Medicaid and Title XVIII Medicare Part B, Supplementary Medical Insurance (SMI) shall include payment in full of deductible and coinsurance amounts as determined due pursuant to the applicable provisions of federal regulations pertaining to Title XVIII Medicare Part B, except **for hospital outpatient services or** the applicable Title XIX cost sharing.

11. A "community spouse" is defined as being the noninstitutionalized spouse.

12. An institutionalized spouse applying for Medicaid and having a spouse living in the community shall be required, to the maximum extent permitted by law, to divert income to such community spouse to raise the community spouse's income to the level of the minimum monthly needs allowance, as described in 42 U.S.C. Section 1396r-5. Such diversion of income shall occur before the community spouse is allowed to retain assets in excess of the community spouse protected amount described in 42 U.S.C. Section 1396r-5.

208.046. CHILD CARE ASSISTANCE, INCOME ELIGIBILITY CRITERIA, VOUCHERS OR DIRECT REIMBURSEMENT, WHEN. — 1. The children's division shall promulgate rules to become effective no later than July 1, 2011, to modify the income eligibility criteria for any person receiving state-funded child care assistance under this chapter, either through vouchers or direct reimbursement to child care providers, as follows:

(1) Child care recipients eligible under this chapter and the criteria set forth in 13 CSR 35-32.010, may pay a fee based on adjusted gross income and family size unit based on a child care sliding fee scale established by the children's division, which shall be subject to appropriations. However, a person receiving state-funded child care assistance under this chapter and whose income surpasses the annual appropriation level may continue to receive reduced subsidy benefits on a scale established by the children's division, at which time such person will have assumed the full cost of the maximum base child care subsidy rate established by the children's division and shall be no longer eligible for child care subsidy benefits;

(2) The sliding scale fee may be waived for children with special needs as established by the division; and

(3) The maximum payment by the division shall be the applicable rate minus the applicable fee.

2. For purposes of this section, "annual appropriation level" shall mean the maximum income level to be eligible for a full child care benefit as determined through the annual appropriations process.

3. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

208.215. PAYER OF LAST RESORT — LIABILITY FOR DEBT DUE THE STATE, CEILING — RIGHTS OF DEPARTMENT, WHEN, PROCEDURE, EXCEPTION — REPORT OF INJURIES REQUIRED, FORM, RECOVERY OF FUNDS — RECOVERY OF MEDICAL ASSISTANCE PAID, WHEN — COURT MAY ADJUDICATE RIGHTS OF PARTIES, WHEN. — 1. MO HealthNet is payer of last resort unless otherwise specified by law. When any person, corporation, institution, public agency or private agency is liable, either pursuant to contract or otherwise, to a participant receiving public assistance on account of personal injury to or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled, payments made by the department of social services or MO HealthNet division shall be a debt due the state and recoverable from the liable party or participant for all payments made [in] on behalf of the participant and the debt due the state shall not exceed the payments made from MO HealthNet benefits provided under sections 208.151 to 208.158 and section 208.162 and section 208.204 on behalf of the participant, minor or estate for payments on account of the injury, disease, or disability or benefits arising from a health insurance program to which the participant may be entitled. **Any health benefit plan as defined in section 376.1350, third party administrator, administrative service organization, and pharmacy benefits manager, shall process and pay all properly submitted medical assistance subrogation claims or MO HealthNet subrogation claims using standard electronic transactions or paper claim forms:**

(a) Shall not be required to reimburse for items or services which are not covered under MO HealthNet;

(b) Shall not deny a claim submitted by the state solely on the basis of the date of submission of the claim, the type or format of the claim form, failure to present proper documentation of coverage at the point of sale, or failure to provide prior authorization;

(c) Shall not be required to reimburse for items or services for which a claim was previously submitted to the health benefit plan, third party administrator, administrative service organization, or pharmacy benefits manager by the health care provider or the participant and the claim was properly denied by the health benefit plan, third party administrator, administrative service organization, or pharmacy benefits manager for procedural reasons, except for timely filing, type or format of the claim form, failure to present proper documentation of coverage at the point of sale, or failure to obtain prior authorization;

(d) Shall not be required to reimburse for items or services which are not covered under or were not covered under the plan offered by the entity against which a claim for subrogation has been filed; and

(e) **Shall reimburse for items or services to the same extent that the entity would have been liable as if it had been properly billed at the point of sale, and the amount due is limited to what the entity would have paid as if it had been properly billed at the point of sale; and**

(2) If any action by the state to enforce its rights with respect to such claim is commenced within six years of the state's submission of such claim.

2. The department of social services, MO HealthNet division, or its contractor may maintain an appropriate action to recover funds paid by the department of social services or MO HealthNet division or its contractor that are due under this section in the name of the state of Missouri against the person, corporation, institution, public agency, or private agency liable to the participant, minor or estate.

3. Any participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death who pursues legal rights against a person, corporation, institution, public agency, or private agency liable to that participant or minor for injuries, disease or disability or benefits arising from a health insurance plan to which the participant may be entitled as outlined in subsection 1 of this section shall upon actual knowledge that the department of social services or MO HealthNet division has paid MO HealthNet benefits as defined by this chapter promptly notify the MO HealthNet division as to the pursuit of such legal rights.

4. Every applicant or participant by application assigns his right to the department of social services or MO HealthNet division of any funds recovered or expected to be recovered to the extent provided for in this section. All applicants and participants, including a person authorized by the probate code, shall cooperate with the department of social services, MO HealthNet division in identifying and providing information to assist the state in pursuing any third party who may be liable to pay for care and services available under the state's plan for MO HealthNet benefits as provided in sections 208.151 to 208.159 and sections 208.162 and 208.204. All applicants and participants shall cooperate with the agency in obtaining third-party resources due to the applicant, participant, or child for whom assistance is claimed. Failure to cooperate without good cause as determined by the department of social services, MO HealthNet division in accordance with federally prescribed standards shall render the applicant or participant ineligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204. A [recipient] **participant** who has notice or who has actual knowledge of the department's rights to third-party benefits who receives any third-party benefit or proceeds for a covered illness or injury is either required to pay the division within sixty days after receipt of settlement proceeds the full amount of the third-party benefits up to the total MO HealthNet benefits provided or to place the full amount of the third-party benefits in a trust account for the benefit of the division pending judicial or administrative determination of the division's right to third-party benefits.

5. Every person, corporation or partnership who acts for or on behalf of a person who is or was eligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204 for purposes of pursuing the applicant's or participant's claim which accrued as a result of a nonoccupational or nonwork-related incident or occurrence resulting in the payment of MO HealthNet benefits shall notify the MO HealthNet division upon agreeing to assist such person and further shall notify the MO HealthNet division of any institution of a proceeding, settlement or the results of the pursuit of the claim and give thirty days' notice before any judgment, award, or settlement may be satisfied in any action or any claim by the applicant or participant to recover damages for such injuries, disease, or disability, or benefits arising from a health insurance program to which the participant may be entitled.

6. Every participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death, or his attorney or legal representative shall promptly notify the MO HealthNet division of any recovery from a third party and shall immediately reimburse the department of social services, MO

HealthNet division, or its contractor from the proceeds of any settlement, judgment, or other recovery in any action or claim initiated against any such third party. A judgment, award, or settlement in an action by a [recipient] **participant** to recover damages for injuries or other third-party benefits in which the division has an interest may not be satisfied without first giving the division notice and a reasonable opportunity to file and satisfy the claim or proceed with any action as otherwise permitted by law.

7. The department of social services, MO HealthNet division or its contractor shall have a right to recover the amount of payments made to a provider under this chapter because of an injury, disease, or disability, or benefits arising from a health insurance plan to which the participant may be entitled for which a third party is or may be liable in contract, tort or otherwise under law or equity. Upon request by the MO HealthNet division, all third-party payers shall provide the MO HealthNet division with information contained in a 270/271 Health Care Eligibility Benefits Inquiry and Response standard transaction mandated under the federal Health Insurance Portability and Accountability Act, except that third-party payers shall not include accident-only, specified disease, disability income, hospital indemnity, or other fixed indemnity insurance policies.

8. The department of social services or MO HealthNet division shall have a lien upon any moneys to be paid by any insurance company or similar business enterprise, person, corporation, institution, public agency or private agency in settlement or satisfaction of a judgment on any claim for injuries or disability or disease benefits arising from a health insurance program to which the participant may be entitled which resulted in medical expenses for which the department or MO HealthNet division made payment. This lien shall also be applicable to any moneys which may come into the possession of any attorney who is handling the claim for injuries, or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled which resulted in payments made by the department or MO HealthNet division. In each case, a lien notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or participant has a claim, demand or cause of action. The lien shall claim the charge and describe the interest the department or MO HealthNet division has in the claim, demand or cause of action. The lien shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

9. On petition filed by the department, or by the participant, or by the defendant, the court, on written notice of all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the department has charge. The court may determine what portion of the recovery shall be paid to the department against the recovery. In making this determination the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) The amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the participant incident to the recovery; and whether the department should, as a matter of fairness and equity, bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) The amount, if any, of the attorney's fees and other costs incurred by the participant incident to the recovery and paid by the participant up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) The total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the participant, by insurance provided by the participant, and by the department, and the amount of

such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) Whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the participant;

(5) The age of the participant and of persons dependent for support upon the participant, the nature and permanency of the participant's injuries as they affect not only the future employability and education of the participant but also the reasonably necessary and foreseeable future material, maintenance, medical rehabilitative and training needs of the participant, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) The realistic ability of the participant to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

10. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction. **The computerized records of the MO HealthNet division, certified by the director or his or her designee, shall be prima facie evidence of proof of moneys expended and the amount of the debt due the state.**

11. The court may reduce and apportion the department's or MO HealthNet division's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The department or MO HealthNet division shall pay its pro rata share of the attorney's fees based on the department's or MO HealthNet division's lien as it compares to the total settlement agreed upon. This section shall not affect the priority of an attorney's lien under section 484.140, RSMo. The charges of the department or MO HealthNet division or contractor described in this section, however, shall take priority over all other liens and charges existing under the laws of the state of Missouri with the exception of the attorney's lien under such statute.

12. Whenever the department of social services or MO HealthNet division has a statutory charge under this section against a recovery for damages incurred by a participant because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, [irrespective] **regardless** of whether [or not] an action based on participant's claim has been filed in court. Nothing herein shall prohibit the director from entering into a compromise agreement with any participant, after consideration of the factors in subsections 9 to 13 of this section.

13. This section shall be inapplicable to any claim, demand or cause of action arising under the workers' compensation act, chapter 287, RSMo. From funds recovered pursuant to this section the federal government shall be paid a portion thereof equal to the proportionate part originally provided by the federal government to pay for MO HealthNet benefits to the participant or minor involved. The department or MO HealthNet division shall enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on permanently institutionalized individuals. The department or MO HealthNet division shall have the right to enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on all other institutionalized individuals. For the purposes of this subsection, "permanently institutionalized individuals" includes those people who the department or MO HealthNet division determines cannot reasonably be expected to be discharged and return home, and "property" includes the homestead and all other personal and real property in which the participant has sole legal interest or a legal interest based upon co-ownership of the property which is the result of a transfer of property for less than the fair market value within thirty months prior to the participant's entering the nursing facility. The following provisions shall apply to such liens:

(1) The lien shall be for the debt due the state for MO HealthNet benefits paid or to be paid on behalf of a participant. The amount of the lien shall be for the full amount due the state at the time the lien is enforced;

(2) The MO HealthNet division shall file for record, with the recorder of deeds of the county in which any real property of the participant is situated, a written notice of the lien. The notice of lien shall contain the name of the participant and a description of the real estate. The director or the director's designee may release or discharge all or part of the lien and notice of the release shall also be filed with the recorder. The department of social services, MO HealthNet division, shall provide payment to the recorder of deeds the fees set for similar filings in connection with the filing of a lien and any other necessary documents;

(3) No such lien may be imposed against the property of any individual prior to the individual's death on account of MO HealthNet benefits paid except:

15. Application for and acceptance of MO HealthNet benefits under this chapter shall constitute an assignment to the department of social services or MO HealthNet division of any rights to support for the purpose of medical care as determined by a court or administrative order and of any other rights to payment for medical care.

Notwithstanding any provision in this section to the contrary, the department of social services, MO HealthNet division is not required to seek reimbursement from a liable third party on claims for which the amount it reasonably expects to recover will be less than the cost of recovery or for which recovery efforts will not be cost-effective. Cost-effectiveness is determined based on the following:

- (1) Actual and legal issues of liability as may exist between the [recipient] **participant** and the liable party;

If the report is made by a physician of the in-home services client, the department shall maintain contact with the physician regarding the progress of the investigation.

2. When a report of deteriorating physical condition resulting in possible abuse or neglect of an in-home services client is received by the department, the client's case manager and the department nurse shall be notified. The client's case manager shall investigate and immediately report the results of the investigation to the department nurse. The department may authorize the in-home services provider nurse to assist the case manager with the investigation.

3. If requested, local area agencies on aging shall provide volunteer training to those persons listed in subsection 1 of this section regarding the detection and report of abuse and neglect pursuant to this section.

4. Any person required in subsection 1 of this section to report or cause a report to be made to the department who fails to do so within a reasonable time after the act of abuse or neglect is guilty of a class A misdemeanor.

5. The report shall contain the names and addresses of the in-home services provider agency, the in-home services employee, the in-home services client, the home health agency, the home health agency employee, information regarding the nature of the abuse or neglect, the name of the complainant, and any other information which might be helpful in an investigation.

6. In addition to those persons required to report under subsection 1 of this section, any other person having reasonable cause to believe that an in-home services client or home health patient has been abused or neglected by an in-home services employee or home health agency employee may report such information to the department.

7. If the investigation indicates possible abuse or neglect of an in-home services client or home health patient, the investigator shall refer the complaint together with his or her report to the department director or his or her designee for appropriate action. If, during the investigation or at its completion, the department has reasonable cause to believe that immediate action is necessary to protect the in-home services client or home health patient from abuse or neglect, the department or the local prosecuting attorney may, or the attorney general upon request of the department shall, file a petition for temporary care and protection of the in-home services client or home health patient in a circuit court of competent jurisdiction. The circuit court in which the petition is filed shall have equitable jurisdiction to issue an ex parte order granting the department authority for the temporary care and protection of the in-home services client or home health patient, for a period not to exceed thirty days.

8. Reports shall be confidential, as provided under section 660.320.

9. Anyone, except any person who has abused or neglected an in-home services client or home health patient, who makes a report pursuant to this section or who testifies in any administrative or judicial proceeding arising from the report shall be immune from any civil or criminal liability for making such a report or for testifying except for liability for perjury, unless such person acted negligently, recklessly, in bad faith, or with malicious purpose.

10. Within five working days after a report required to be made under this section is received, the person making the report shall be notified in writing of its receipt and of the initiation of the investigation.

11. No person who directs or exercises any authority in an in-home services provider agency or home health agency shall harass, dismiss or retaliate against an in-home services client or home health patient, or an in-home services employee or a home health agency employee because he or any member of his or her family has made a report of any violation or suspected violation of laws, standards or regulations applying to the in-home services provider agency or home health agency or any in-home services employee or home health agency employee which he has reasonable cause to believe has been committed or has occurred.

12. Any person who abuses or neglects an in-home services client or home health patient is subject to criminal prosecution under section 565.180, 565.182, or 565.184, RSMo. Any in-home services provider which has had administrative penalties imposed by the department or which has had its contract terminated may seek an administrative review of the department's action pursuant to chapter 621, RSMo. Any decision of the administrative hearing commission may be appealed to the circuit court in the county where the violation occurred for a trial de novo. For purposes of this subsection, the term "violation" means a determination of guilt by a court.

The department shall maintain the employee disqualification list and place on the employee disqualification list the names of any persons who have been finally determined by the department, pursuant to section 660.315, to have recklessly, knowingly or purposely abused or neglected an in-home services client or home health patient while employed by an in-home services provider agency or home health agency. For purposes of this section only, "knowingly" and "recklessly" shall have the meanings that are ascribed to them in this section. A person acts "knowingly" with respect to the person's conduct when a reasonable person should be aware of the result caused by his or her conduct. A person acts "recklessly" when the person consciously disregards a substantial and unjustifiable risk that the person's conduct will result in serious physical injury and such disregard constitutes a gross deviation from the standard of care that a reasonable person would exercise in the situation.

15. At the time a client has been assessed to determine the level of care as required by rule and is eligible for in-home services, the department shall conduct a "Safe at Home Evaluation" to determine the client's physical, mental, and environmental capacity. The department shall develop the safe at home evaluation tool by rule in accordance with chapter 536, RSMo. The purpose of the safe at home evaluation is to assure that each client has the appropriate level of services and professionals involved in the client's care. The plan of service or care for each in-home services client shall be authorized by a nurse. The department may authorize the licensed in-home services nurse, in lieu of the department nurse, to conduct the assessment of the client's condition and to establish a plan of services or care. The department may use the expertise, services, or programs of other departments and agencies on a case-by-case basis to establish the plan of service or care.

The department may, as indicated by the safe at home evaluation, refer any client to a mental health professional, as defined in 9 CSR 30-4.030, for evaluation and treatment as necessary.

16. Authorized nurse visits shall occur at least twice annually to assess the client and the client's plan of services. The provider nurse shall report the results of his or her visits to the client's case manager. If the provider nurse believes that the plan of service requires alteration, the department shall be notified and the department shall make a client evaluation. All authorized nurse visits shall be reimbursed to the in-home services provider. All authorized nurse visits shall be reimbursed outside of the nursing home cap for in-home services clients whose services have reached one hundred percent of the average statewide charge for care and treatment in an intermediate care facility, provided that the services have been preauthorized by the department.

17. All in-home services clients shall be advised of their rights by the department **or the department's designee** at the initial evaluation. The rights shall include, but not be limited to, the right to call the department for any reason, including dissatisfaction with the provider or services. **The department may contract for services relating to receiving such complaints.** The department shall establish a process to receive such nonabuse and neglect calls other than the elder abuse and neglect hotline.

18. Subject to appropriations, all nurse visits authorized in sections 660.250 to 660.300 shall be reimbursed to the in-home services provider agency.

660.465. EXPIRATION DATE. — 1. The in-home services tax required by sections 660.425 to 660.465 shall expire:

(1) Ninety days after any one or more of the following conditions are met:

(a) The aggregate in-home services fee as appropriated by the general assembly paid to in-home services providers for in-home services provided [under chapter 208, RSMo,] is less than the fiscal year 2010 in-home services fees reimbursement amount; or

PROPOSED REFERENDUM - AUGUST 3, 2010

PROPOSITION C. — (Proposed by the 95th General Assembly, Second Regular Session)
SS SCS HCS HB 1764)

Official Ballot Title:

Shall the Missouri Statutes be amended to:

- Deny the government authority to penalize citizens for refusing to purchase private health insurance or infringe upon the right to offer or accept direct payment for lawful healthcare services?
- Modify laws regarding the liquidation of certain domestic insurance companies?

It is estimated this proposal will have no immediate costs or savings to state or local governmental entities. However, because of the uncertain interaction of the proposal with implementation of the federal Patient Protection and Affordable Care Act, future costs to state governmental entities are unknown.

Fair Ballot Language:

A “yes” vote will amend Missouri law to deny the government authority to penalize citizens for refusing to purchase private health insurance or infringe upon the right to offer or accept direct payment for lawful healthcare services. The amendment will also modify laws regarding the liquidation of certain domestic insurance companies.

A “no” vote will not change the current Missouri law regarding private health insurance, lawful healthcare services, and the liquidation of certain domestic insurance companies.

(Jay) Nixon, Governor of the State of Missouri; and

BE IT FURTHER RESOLVED, that a committee of ten (10) from the House be appointed by the Speaker to act with a committee of ten (10) from the Senate, appointed by the President Pro Tem, to wait upon the Governor of the State of Missouri and inform His Excellency that the House of Representatives and Senate of the Ninety-fifth General Assembly, Second Regular Session, are now organized and ready for business and to receive any message or communication that His Excellency may desire to submit, and that the Chief Clerk of the House of Representatives be directed to inform the Senate of the adoption of this resolution.

HOUSE CONCURRENT RESOLUTION NO. 10 [HCR 2]

BE IT RESOLVED, by the House of Representatives of the Ninety-fifth General Assembly, Second Regular Session of the State of Missouri, the Senate concurring therein, that the House of Representatives and the Senate convene in Joint Session in the Hall of the House of Representatives at 10:30 a.m., Wednesday, February 3, 2010, to receive a message from His Honor Chief Justice Ray Price, the Chief Justice of the Supreme Court of the State of Missouri; and

BE IT FURTHER RESOLVED, that a committee of ten (10) from the House be appointed by the Speaker to act with a committee of ten (10) from the Senate, appointed by the President Pro Tem, to wait upon the Chief Justice of the Supreme Court of the State of Missouri and inform His Honor that the House of Representatives and the Senate of the Ninety-fifth General Assembly, Second Regular Session, are now organized and ready for business and to receive any message or communication that His Honor may desire to submit, and that the Chief Clerk of the House of Representatives be directed to inform the Senate of the adoption of this resolution.

HOUSE CONCURRENT RESOLUTION NO. 38 [HCR 38]

Whereas, unfunded federal mandates place unreasonable demands on limited state resources; and

Whereas, the federal government has continuously exhibited a lack of understanding and regard to states who are required by their respective constitutions to balance spending with resources; and

Whereas, the continuous imposition of these mandates will place the State of Missouri in a position of either funding federal requirements with limited resources, thus causing reductions to other state services, or they will impede the state from drawing down federal funds for currently enacted programs:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-fifth General Assembly, Second Regular Session, the Senate concurring therein, hereby urgently request the United States Congress to cease and desist from imposing continuous unfunded mandates on states; and

Be it further resolved that the General Assembly urgently requests that the Governor of the State of Missouri and the Missouri Congressional delegation resist continued funding requirements for the Missouri budget; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for President Barack Obama, Vice President Joe Biden, the Speaker of the United States House of Representatives, the Majority Leader of the United States Senate, the Minority Leader of the United States House of Representatives, the Minority Leader of the United States Senate, the Minority Leader of the United States House of Representatives, the Minority Leader of the United States Senate, Governor Jay Nixon, and each member of the Missouri Congressional delegation.

HOUSE CONCURRENT RESOLUTION NO. 46 [HCR 46]

Whereas, energy policy and regulation are vital to Missouri's economy and which have a direct impact on Missouri families, farmers, businesses, and employees; and

Whereas, on December 7, 2009, the Administrator for the Environmental Protection Agency (EPA) signed two distinct findings regarding greenhouse gases under Section 202(c) of the federal Clean Air Act:

(1) Endangerment Finding: the Administrator finds that the current and projected concentrations of the six key well-mixed greenhouse gases - carbon dioxide (CO₂), methane (CH₄), nitrous oxide (N₂O), hydrofluorocarbons (HFCs), perfluorocarbons (PFCs), and sulfur hexafluoride (SF₆) - in the atmosphere threaten the public health and welfare of current and future generations;

(2) Cause and Contribute Finding: the administrator finds that the combined emissions of these well-mixed greenhouse gases from new motor vehicles and new motor vehicle engines contribute to the greenhouse gas pollution which threatens public health and welfare; and

Whereas, this finding by the EPA, if implemented, will cost Missouri jobs and raise electric rates on families, farmers, businesses, and employees; and

Whereas, the people of Missouri are dependent on coal for their electricity, obtaining approximately 80 - 85% of electrical energy from coal for their homes, farms, and businesses. This heavy dependence on coal is common throughout the Midwestern states; and

Whereas, Missouri's electric rates consistently rank among the lowest cost states in the union, and is one of only three states in the United States to see electricity rates drop in the years 2000 to 2008, and by the largest percentage (6%), making Missouri attractive to business and industry, creating jobs, and making Missouri a low-cost place to live; and

Whereas, the technology of the 21st Century is providing cleaner yet still affordable baseload electrical generation from coal, including Super Critical Pulverized Coal (Prairie State in Illinois) and Ultra Supercritical Pulverized Coal (Turk in Arkansas) as well as developing options for coal to liquids, coal to gas, and carbon sequestration; and

Whereas, the focus in Missouri and throughout the coal-dependent Midwest should be on how to use technology to burn coal more cleanly and move towards cleaner burning options like

Ultra Supercritical Pulverized Coal, rather than a punitive system that drives up costs, leads to lower baseload energy production, and inhibits or prevents progress on a fuel that the United States has in abundance within its own borders:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-fifth General Assembly, Second Regular Session, the Senate concurring therein, hereby:

(1) Request that our elected statewide officials express their opposition to the further acceptance or approval of the Environmental Protection Agency formal endangerment finding on greenhouse gases;

(2) Convey that it is not well taken by and harmful to the State of Missouri;

(3) Urge the Environmental Protection Agency to rescind their recent formal endangerment finding on greenhouse gases; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for Governor Jay Nixon, President Barack Obama, President of the United States Senate, Speaker of the United States House of Representatives, the Administrator of the Environmental Protection Agency, and each member of the Missouri Congressional delegation.

SENATE CONCURRENT RESOLUTION NO. 33 [SCR 33]

WHEREAS, a strong national economy and the financial well-being of millions of citizens in Missouri and across America are dependent upon the continued financial vitality of our small businesses and family farms; and

WHEREAS, the economic viability of our small businesses and family farms is directly tied to the ability of our state and the nation's community depository financial institutions to provide needed credit and to permit their borrowers to restructure existing debt in a responsible and reasonable manner; and

WHEREAS, problems which now pervade our economy but are expected to be transitory in nature have placed severe financial pressure on a number of small businesses and family farms and have, in turn, resulted in escalating levels of loan defaults and depressed property values; and

WHEREAS, these economic difficulties combined with a harsher examination environment and increases in required capitalization levels by regulators have made it extremely difficult, and often impossible, for community depository institutions to maintain their capital at levels currently mandated by their regulators without severely limiting the ability of many of these community depository institutions to continue to make the same levels of credit available as prior to this period of economic distress; and

WHEREAS, the foregoing have had and are continuing to have spiraling downward effects on the ability of many small businesses and family farms to remain viable employers and strong components of our state's and the nation's economies; and

WHEREAS, under difficult economic conditions which occurred in the late 1980's, federal and state agencies that regulate community depository institutions developed appropriate capital forbearance, trouble debt restructuring accounting practices, and other policies to assist those institutions that were well-managed; and

WHEREAS, these measures were undertaken to ensure that these community depository institutions remained viable sources of financial strength for their communities and to assist them in providing borrowers reasonable and responsible allocations of credit so as to enable deserving borrowers to weather temporary economic pressures, maintain access to reliable sources of credit, and remain as important sources of employment and economic strength, and

WHEREAS, members of Congress are increasingly recognizing the need for regulatory forbearance to support community depository institution lending throughout our country, as well as to support the small business and family farm customers of community depository institutions. To date, this recognition has been in the form of numerous Congressional hearings and meetings with community depository institutions and their federal depository institution regulators, as well as in the form of the recent House Resolution introduced by Representative Coffman (CO-R); and originally co-sponsored by Representatives Perlmutter (CO-D) and Luetkemeyer (MO-R); the letter to the federal depository institution regulators from Representatives Frank (MA-D) and Minnick (ID-D); and the letter to the federal depository institution regulators from Representative Skelton (MO-D) all calling for regulatory forbearance, temperance, and measured oversight of community depository institutions so as to not unduly restrict access to credit:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby encourage the Congress of the United States to urge the Office of the Comptroller of the Currency, the Federal Deposit Insurance Corporation, the Federal Reserve Board, and all other agencies, state and federal, that regulate the conduct and affairs of community depository institutions, to develop appropriate policies that will:

(1) Permit well-managed community depository institutions to temporarily maintain capital at levels less than that currently required, conditioned upon the submission and regulatory approval of an appropriate plan to restore capital levels by a date certain as determined by the appropriate agencies; and

(2) Permit well-managed community depository institutions to temporarily account for troubled debt restructuring in a manner which allows a loan to continue to be carried on the institution's books without loss recognition if the loan is formally restructured in a manner so that it is probable that the borrower can repay the loan under the new terms and that the total future cash payments at least equal the loan amount on the institution's books; and

(3) Ensure that field examiners are not inappropriately classifying loans based on judgments about, or relationship of, various types of loans, to currently stressed sectors of the economy apart from the ability of the loans to show likelihood of repayment based on positive cash flows, ample amounts of collateral, and other mitigating factors; and

(4) Include such additional temporary accommodations for well-managed community depository institutions as the agencies determine are appropriate, including regulatory forbearance similar to that provided in the 1980's, to assist those institutions in remaining vital sources of financial strength for their communities, while maintaining needed standards to assure the continued financial integrity of those institutions and communities.

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Office of the Comptroller of the Currency, the Federal Deposit Insurance Corporation, the Federal Reserve Board, and the members of the Missouri congressional delegation.

SENATE CONCURRENT RESOLUTION NO. 51 [SCR 51]

WHEREAS, the State of Missouri contains 553 miles of the Missouri River, which borders 23 Missouri counties and over 50 Missouri communities, making it one of the State's greatest natural resources; and

WHEREAS, the General Assembly recognizes that eighteen power plants, which have the capacity to generate over 11,000 megawatts of electricity, draw cooling water from the lower Missouri River basin; and

WHEREAS, over half of Missouri citizens get their drinking water from the Missouri River and its alluvium, and the State of Missouri has constructed infrastructure to support water supply in the lower Missouri River with the understanding that reliable navigation flows would be maintained in the future; and

WHEREAS, Missouri is the origin or destination for over one-half of all commercial tonnage shipments on the Missouri River, with the Port of St. Louis, just downstream from

where the Missouri enters the Mississippi River, being one of the largest inland ports in the United States; and

WHEREAS, the Missouri River is a vital link in the State of Missouri's total transportation system and the General Assembly wishes to maximize this valuable asset in order to move freight and to support our state's economy; and

WHEREAS, barge transport allows for significant economic benefits and cost savings, since one barge can transport the same amount of freight as 16 rail cars or 70 trucks; and

WHEREAS, river transportation is the most environmentally friendly form of transporting goods and commodities, creating almost no noise pollution and emitting 35 to 60 percent fewer pollutants than either trucks or trains; and

WHEREAS, barges are also the most fuel efficient method of freight transport; barges can move one ton of cargo 576 miles per gallon of fuel, compared to 413 miles per gallon of fuel for rail cars and only 155 miles per gallon of fuel for trucks; and

WHEREAS, the General Assembly recognizes that the State of Missouri is investing more of its resources to develop and improve public ports as intermodal connectors in the state, including those on the Missouri River; and

WHEREAS, in the Flood Control Act of 1944, as amended, the United States Congress authorized the construction of the Missouri River Mainstem Reservoir System for the federal purposes of flood control and navigation, with other authorized purposes including irrigation, power, water supply, water quality and recreation; and

WHEREAS, the June 4, 2003 and August 16, 2005 decisions of the United States Court of Appeals of the Eighth Circuit confirmed that navigation and flood control are the two dominant functions of the Flood Control Act of 1944; and

WHEREAS, the Missouri River is operated in accordance with the updated Missouri River Master Water Control Manual, which contains the management plan for the River and was adopted by the United States Army Corps of Engineers in 2004; and

WHEREAS, the Missouri General Assembly recognizes that the United States Army Corps of Engineers utilized extensive public processes to complete the 2004 Missouri River Master Water Control Manual and worked to balance the needs and desires of many competing stakeholder groups in establishing the Manual's navigation guidelines; and

WHEREAS, the 2004 Missouri River Master Water Control Manual was finalized after 15 years of debate and litigation and after the expenditure of over \$35 million in federal funds; and

WHEREAS, the 2004 Missouri River Master Water Control Manual reduced the length of the navigation season, shifting a large amount of water away from navigation and other downstream uses of the Missouri River to benefit upstream uses, such as reservoir recreation; and

WHEREAS, despite the opposition of Missouri's congressional delegation, the Omnibus Appropriations Act of 2009 authorized the United States Army Corps of Engineers to conduct the Missouri River Authorized Purposes Study at a total cost of \$25,000,000, which will review the original authorized purposes from the Flood Control Act of 1944 and will determine if changes to those purposes and existing Federal water resources infrastructure may be warranted; and

WHEREAS, the United States Army Corps of Engineers began conducting the Missouri River Authorized Purposes Study in October of 2009; and

WHEREAS, the scope of the Missouri River Authorized Purposes Study, as defined by the United States Army Corps of Engineers, exceeds the scope of the Congressional authority for the study, in that the Corps intends to develop recommendations and alternatives to the authorized purposes that Congress did not request; and

WHEREAS, federal taxpayers' dollars should not be wasted to develop recommendations and alternatives that Congress did not authorize; and

WHEREAS, the Consolidated Appropriations Act of 2010 authorized the United States Department of Transportation to conduct an independent and comprehensive study and analysis at a total cost of \$2,000,000 to supplement the Missouri River Authorized Purposes Study and to develop a comprehensive understanding of the full value of river flow support to users in the Mississippi and Missouri Rivers; and

WHEREAS, the Consolidated Appropriations Act of 2010 also authorized the Missouri Department of Transportation to conduct a Missouri River Freight Corridor Study at a total cost of \$900,000, which will examine how to increase freight tonnage moved on the Missouri River, long-term development opportunities along the Missouri River corridor and ways to better use Missouri waterways to relieve infrastructure stress and congestion; and

WHEREAS, at times the Missouri River provides over sixty percent of the water in the Mississippi River that passes St. Louis; and

WHEREAS, if the navigability of the Mississippi River is negatively impacted between the confluence of the Missouri and Mississippi Rivers and the confluence of the Ohio and Mississippi Rivers, barges would no longer be able to travel from the far northern portions of the Mississippi River to the Gulf of Mexico, which would devastate the barge industry, the agricultural industry and the transportation system as a whole; and

WHEREAS, it is imperative that the Missouri River Authorized Purposes Study consider Mississippi River navigation when evaluating if changes to the authorized purposes are warranted:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby express their continued opposition to the Missouri River Authorized Purposes Study; and

BE IT FURTHER RESOLVED that the members hereby express their opposition to the alteration of the Missouri River's primary purposes of navigation and flood control; and

BE IT FURTHER RESOLVED that the members hereby urge the Missouri's congressional delegation to actively oppose funding the Missouri River Authorized Purposes Study in future fiscal years; and

BE IT FURTHER RESOLVED that the members hereby urge the United States Army Corps of Engineers to narrow the scope of the Missouri River Authorized Purposes Study to make it consistent with Congressional authority; and

WHEREAS, our nation is fortunate to possess a wealth of natural resources and we have a long history of stewardship of these resources; and

WHEREAS, just as a farmer carefully tends the land on which his survival depends, many of our country's best resource stewards are those who use the resource and for whom the resource holds intrinsic value for sustenance, survival, or cultural tradition; and

WHEREAS, recreational fishermen and women are prime examples of responsible resource stewards, as they place an extremely high value on the quality and existence of our nation's coastal waters. Recreational fishermen and women respect our country's marine habitats because they know that in order for these ecosystems to sustain the aquatic life and natural wonder for which they are sought, these resources must be protected and carefully managed; and

WHEREAS, fishing as a pastime in our country boasts strong support, with 93 percent of Americans indicating they support legal recreational fishing, and it is an activity that is enjoyed by Americans across all age, gender, socio-economic, and ethnic distinctions; and

WHEREAS, recreational fishermen and women contribute significantly to the national and regional economies through equipment and gear purchases, fuel, lodging, and food, with total related sportfishing expenditures exceeding \$125 billion and supporting over 1 million jobs; and

WHEREAS, President Obama created an Interagency Ocean Policy Task Force in June of 2009 charged with recommending a national policy to ensure the protection, maintenance, and restoration of oceans, our coasts, and the Great Lakes; and

WHEREAS, the Task Force has issued two reports since its creation, the Interim Report of the Interagency Ocean Policy Task Force and the Interim Framework for Effective Coastal and Marine Spatial Planning, however the Task Force has failed to expressly recognize responsibly-regulated recreational fishing as a national priority for the oceans and Great Lakes in either of these reports; and

WHEREAS, without its recognition as a national priority, recreational fishing opportunities in the oceans and Great Lakes could become more limited, curtailed, or even potentially eliminated:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby strenuously urge President Obama to include recreational fishing and boating in the oceans and Great Lakes as national priorities and ensure and promote recreational fishing and access to public waters in the Interagency Ocean Policy Task Force's concluding report and any forthcoming Executive Order based upon the report; and

BE IT FURTHER RESOLVED that the members strongly urge the members of Congress to take any measure within their power to mitigate or overturn any Executive Order issued to implement recommendations by the Interagency Ocean Policy Task Force if such recommendations do not include responsibly-regulated recreational fishing and boating as

national priorities for oceans, our coasts, and the Great Lakes and if such recommendations do not ensue and promote recreational fishing and access to public waters; and

BE IT FURTHER RESOLVED that this action should in no way be construed to represent support for modifying the congressionally authorized project purposes of the Flood Control Act of 1944; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for President Obama, the Chairperson of the Interagency Ocean Policy Task Force, the Speaker of the United States House of Representatives, the President of the United States Senate, and members of the Missouri congressional delegation.

SENATE CONCURRENT RESOLUTION NO. 56 [SCR 56]

WHEREAS, the United States Environmental Protection Agency (EPA) will shortly begin regulating greenhouse gas emissions under the federal Clean Air Act; and

WHEREAS, as a result of EPA's action, major new sources of electric generation will be mandated to obtain Prevention of Significant Deterioration (PSD) permits setting forth Best Available Control Technology requirements for greenhouse gases; and

WHEREAS, major uncertainty exists because trial technologies, such as carbon capture and sequestration or integrated gasification combined cycle power plants, which hold significant prospect to reduce greenhouse gas emissions, are still years away from being proven to be economically practicable or commercially available; and

WHEREAS, this uncertainty could paralyze the long-term planning and development of new electric generating units in the state at a time when the state faces a critical void in the coming years in the electric power needed to support economic recovery and growth; and

WHEREAS, highly efficient power technologies, such as super-critical and ultra super-critical coal-fired electric generating units, represent a significant advancement over earlier generation coal units in terms of efficient use of coal and in reductions of emissions, and are compatible with carbon capture and sequestration systems when they become commercially viable, which will lead to even further greenhouse gas reductions; and

WHEREAS, these super-critical technologies are already demonstrated to serve the dual purpose of reducing the overall emissions profile of the electricity generation unit while providing efficient, affordable, and available power today and into the future; and

WHEREAS, it is in the state's interest to support the use of these advanced and available technologies that take advantage of existing coal reserves to offer the state significant environmental and economic advantages, rather than delay development of critically needed baseload electricity supply or resort fully to less efficient or more expensive technologies:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the Department of Natural Resources, in issuing PSD permits for new conventional coal-fueled electric generating units, and consistent with otherwise applicable law, to fully consider:

(1) The need to act expeditiously in accordance with the state's need to develop new electric generation; and

(2) The use of commercially available technologies that are designed to be as efficient as is economically practicable, including advanced super-critical pulverized coal, ultra super-critical pulverized coal, and that are designed to be carbon capture and sequestration-compatible, as potential Best Available Control Technology; and

BE IT FURTHER RESOLVED that this resolution does not amend any state law to which the Department of Natural Resources is subject in the PSD process, and shall be interpreted to be consistent with any requirements of such state or federal law; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for Governor Jay Nixon and the Director of the Department of Natural Resources.

3. A vested former member's normal retirement eligibility shall be based on the attainment of at least age sixty-seven and the completion of at least ten years of credited service.

4. A temporary annuity paid pursuant to subsection 4 of section 104.1024 shall be payable if the member has attained at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, the temporary annuity shall be payable if the

member has attained at least age sixty, or at least age fifty-five with ten years of credited service.

5. A member, other than a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, shall be eligible for an early retirement annuity upon the attainment of at least age sixty-two and the completion of at least ten years of credited service. A vested former member shall not be eligible for early retirement.

6. The provisions of subsection 6 of section 104.1021 and section 104.344 as applied pursuant to subsection 7 of section 104.1021 and section 104.1090 shall not apply to members covered by this section.

7. The minimum credited service requirements of five years contained in sections 104.1018, 104.1030, 104.1036, and 104.1051 shall be ten years for members covered by this section. The normal and early retirement eligibility requirements in this section shall apply for purposes of administering section 104.1087.

8. A member shall be required to contribute four percent of the member's pay to the retirement system, which shall stand to the member's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable under the year 2000 plan, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the member under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the member's pay that is includable in the member's gross income for federal income tax purposes;

(2) Member contributions picked up by the employer shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's pay for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Member contributions so picked up shall be credited to a separate account within the member's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

(4) The contributions, although designated as employee contributions, shall be paid by the employer in lieu of the contributions by the member. The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June 30 based on the value in the account as of July 1 of the immediately preceding year at a rate of four percent. Interest credits shall cease upon termination of employment if the member is not a vested former member. Otherwise, interest credits shall cease upon retirement;

(6) A vested former member or a former member who is not vested may request a refund of his or her contributions and interest credited thereon. If such member is married at the time of such request, such request shall not be processed without consent from the spouse. Such member is not eligible to request a refund if such member's retirement benefit is subject to a division of benefit order pursuant to section 104.1051. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later, and shall include all contributions made to any retirement plan administered by the system and interest credited thereon. A vested former member may not request a refund after such member becomes eligible for normal retirement. A vested former member or a former member who is not vested who receives a refund shall forfeit all the member's credited service and future rights to receive benefits from the system and shall not be eligible to receive any long term disability benefits;

provided that any member or vested former member receiving long term disability benefits shall not be eligible for a refund. If such member subsequently becomes an employee and works continuously for at least one year, the credited service previously forfeited shall be restored if the member returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any member who made contributions shall receive a refund upon the member's death equal to the amount, if any, of such contributions less any retirement benefits received by the member unless an annuity is payable to a survivor or beneficiary as a result of the member's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the member's contributions less any annuity amounts received by the member and the survivor or beneficiary.

9. The employee contribution rate, the benefits provided under the year 2000 plan to members covered under this section, and any other provision of the year 2000 plan with regard to members covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the member after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

10. For purposes of members covered by this section, the options under section 104.1027 shall be as follows:

Such percent shall be eighty-eight and one half percent adjusted as follows: if the retiree's age on the annuity starting date is younger than sixty-seven years, an increase of three-tenths of one percent for each year the retiree's age is younger than age sixty-seven years; and if the beneficiary's age is younger than the retiree's age on the annuity starting date, a decrease of three-tenths of one percent for each year of age difference; and if the retiree's age is younger than the beneficiary's age on the annuity starting date, an increase of three-tenths of one percent for each year of age difference; provided, after all adjustments the option 1 percent cannot exceed ninety-four and one quarter percent. Option 3. A retiree's life annuity shall be reduced to ninety-three percent of the annuity otherwise payable. If the retiree dies before having received one hundred twenty monthly payments, the reduced annuity shall be continued for the remainder of the one hundred twenty-month period to the retiree's designated beneficiary provided that if there is no beneficiary surviving the retiree, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620. If the

beneficiary survives the retiree but dies before receiving the remainder of such one hundred twenty monthly payments, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620.

Option 4. A retiree's life annuity shall be reduced to eighty-six percent of the annuity otherwise payable. (1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the judge under this section. This deduction, however, shall not reduce the judge's compensation for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Judge contributions so picked up shall be credited to a separate account within the judge's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after tax basis;

Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later and shall include all contributions made to any retirement plan administered by the system and interest credited thereon. A judge may not request a refund after such judge becomes eligible for retirement benefits under sections 476.515 to 476.565. A judge who receives a refund shall forfeit all the judge's service and future rights to receive benefits from the system and shall not be eligible to receive any long term disability benefits; provided that any judge or former judge receiving long term disability benefits shall not be eligible for a refund. In lieu of the retirement compensation provided in section 476.530, a judge employed for the first time on or after January 1, 2011, may elect in the judge's application for retirement whether or not to have such judge's annuity reduced, and designate a beneficiary, as provided by the options set forth in this subsection prior to the judge's annuity starting date:

Option 1. A judge's annuity shall be reduced to a certain percent of the annuity otherwise payable. Such percent shall be eighty-eight and one half percent adjusted as follows: if the judge's age on the annuity starting date is younger than sixty-seven years, an increase of three-tenths of one percent for each year the judge's age is younger than age sixty-seven years; and if the beneficiary's age is younger than the judge's age on the annuity starting date, a decrease of three-tenths of one percent for each year of age difference; and if the judge's age is younger than the beneficiary's age on the annuity starting date, an increase of three-tenths of one percent for each year of age difference; provided, after all adjustments the option 1 percent cannot exceed ninety-four and one quarter percent. Upon the judge's death, fifty percent of the judge's reduced annuity shall be paid to such beneficiary who was the judge's spouse on the annuity starting date or as otherwise provided by subsection 5 of this section.

Option 2. A judge's life annuity shall be reduced to a certain percent of the annuity otherwise payable. Such percent shall be eighty-one percent adjusted as follows: if the judge's age on the annuity starting date is younger than sixty-seven years, an increase of four-tenths of one percent for each year the judge's age is younger than sixty-seven years; and if the beneficiary's age is younger than the judge's age on the annuity starting date, a decrease of five-tenths of one percent for each year of age difference; and if the judge's age is younger than the beneficiary's age on the annuity starting date, an increase of five-tenths of one percent for each year of age difference; provided, after all adjustments the option 2 percent cannot exceed eighty-seven and three quarter percent. Upon the judge's death one hundred percent of the judge's reduced annuity shall be paid to such beneficiary who was the judge's spouse on the annuity starting date or as otherwise provided by subsection 5 of this section.

Option 3. A judge's life annuity shall be reduced to ninety-three percent of the annuity otherwise payable. If the judge dies before having received one hundred twenty monthly payments, the reduced annuity shall be continued for the remainder of the one hundred twenty-month period to the judge's designated beneficiary provided that if there

is no beneficiary surviving the judge, the present value of the remaining annuity payments shall be paid as provided under subsection 4 of section 104.1054 as if the judge was a deceased member under that section. If the beneficiary survives the judge but dies before receiving the remainder of such one hundred twenty monthly payments, the present value of the remaining annuity payments shall be paid as provided under subsection 4 of section 104.1054 for a deceased beneficiary under that section.

Option 4. A judge's life annuity shall be reduced to eighty-six percent of the annuity otherwise payable. If the judge dies before having received one hundred eighty monthly payments, the reduced annuity shall be continued for the remainder of the one hundred eighty-month period to the judge's designated beneficiary provided that if there is no beneficiary surviving the judge, the present value of the remaining annuity payments shall be paid as provided under subsection 4 of section 104.1054 as if the judge was a deceased member under that section. If the beneficiary survives the judge but dies before receiving the remainder of such one hundred eighty monthly payments, the present value of the remaining annuity payments shall be paid as provided under subsection 4 of section 104.1054 for a deceased beneficiary under that section.

2. If a judge is married as of the annuity starting date, the judge's annuity shall be paid under the provisions of either option 1 or option 2 as set forth in subsection 1 of this section, at the judge's choice, with the spouse as the judge's designated beneficiary unless the spouse consents in writing to the judge electing another available form of payment.

3. If a judge has elected at the annuity starting date option 1 or 2 pursuant to this section and if the judge's spouse or eligible former spouse dies after the annuity starting date but before the judge dies, then the judge may cancel the judge's election and return to the unreduced annuity form of payment and annuity amount, effective the first of the month following the date of such spouse's or eligible former spouse's death. If a judge dies prior to notifying the system of the spouse's death, the benefit shall not revert to an unreduced annuity and no retroactive payments shall be made.

4. If a judge designates a spouse as a beneficiary pursuant to this section and subsequently that marriage ends as a result of a dissolution of marriage, such dissolution shall not affect the option election pursuant to this section and the former spouse shall continue to be eligible to receive survivor benefits upon the death of the judge.

5. A judge may make an election under option 1 or 2 after the annuity starting date as described in this section if the judge makes such election within one year from the date of marriage pursuant to any of the following circumstances:

(1) The judge elected to receive a life annuity and was not eligible to elect option 1 or 2 on the annuity starting date; or

(2) The judge's annuity reverted to a normal or early retirement annuity pursuant to subsection 3 of this section, and the judge remarried.

6. A judge may change a judge's election made under this section at any time prior to the system mailing or electronically transferring the first annuity payment to such member.

These other state programs include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, the job retention program under sections 178.760 to 178.764, the real property tax increment allocation redevelopment act under sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. If any qualified manufacturing company also participates in the new jobs training program in sections 178.892 to 178.896, such qualified manufacturing company shall not retain any withholding tax that has already been allocated for use in the new jobs training program. Any qualified manufacturing company or qualified supplier that is awarded benefits under this program and knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any withholding taxes already retained. Subsection 5 of section 285.530 shall not apply to qualified manufacturing companies or qualified suppliers which are awarded benefits under this program.

8. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void.

9. Within six months of completion of a notice of intent required under this section, the qualified manufacturing company shall enter into an agreement with the department that memorializes the content of the notice of intent, the requirements of this section, and the consequences for failing to meet such requirements, which shall include the following:

(1) If the amount of capital investment made by the qualified manufacturing company is not made within the two-year period provided for such investment, the qualified manufacturing company shall immediately cease retaining any withholding tax with respect to jobs at the facility and it shall forfeit all rights to retain withholding tax for the remainder of the withholding period. In addition, the qualified manufacturing company shall repay any amounts of withholding tax retained plus interest of five percent per annum. However, in the event that such capital investment shortfall is due to economic conditions beyond the control of the qualified manufacturing company, the director may, at the qualified manufacturing company's request, suspend rather than terminate its privilege to retain withholding tax under this section for up to three years. Any such suspension shall extend the withholding period by the same amount of time. No more than one such suspension shall be granted to a qualified manufacturing company;

(2) If the qualified manufacturing company discontinues the manufacturing of the new product and does not replace it with a subsequent or additional new product manufactured at the facility at any time during the withholding period, the qualified manufacturing company shall immediately cease retaining any withholding tax with respect to jobs at that facility and it shall forfeit all rights to retain withholding tax for the remainder of the withholding period.

10. Prior to March first each year, the department shall provide a report to the general assembly including the names of participating qualified manufacturing companies or qualified suppliers, location of such companies or suppliers, the annual amount of benefits provided, the estimated net state fiscal impact including direct and indirect new state taxes derived, and the number of new jobs created or jobs retained.

11. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

SECTION B. CONTINGENCY CLAUSE. — Because of the governor's authority under the provisions of Section IV, Article 8 of the Missouri Constitution to specifically designate matters to be considered in an extraordinary session of the general assembly and the inextricable nature of the matters designated in the governor's proclamation for this first extraordinary session, section A of this act shall not become effective except upon the passage and approval by signature of the governor of the truly agreed and finally passed version of house bill no. 1 as enacted during the first extraordinary session of the second regular session of the ninety-fifth general assembly.
